BAEKA HOSPITAL

It looks stupid that ...

your leg got broken because you fell off the stairs.

Moreover, it happened at Yono Yoko's concert.

Next time, don't get up so late that you have to be hurry and fall off the stairs.

Shut up ...

You guys intended to go out and play. You came here because it's on the way. I know it.

Ha ha, now you know.

We're going to the public park. Conan is going to teach us how to play soccer.

You should not spend so much time here then.

Mr.Mouri, although they just came by, they also intended to visit you.

Look at me. At the beginning, a lot of people came visit me. Now, no one comes any more.

So, if someone comes visit you, you should be happy.

Don't you agree?

.....

He doesn't look friendly

He checked in last week.

He was in a car accident and got burned.

Yoshio? I can't believe my eyes.

Dad, how are you doing?

I'm doing much better. I've been here for two weeks. I should be better no matter what, right?

Have you taken the pills for today yet?

No, I have not.

You have diabetes. It's no good if you don't take the pills.

By the way,
where is Yumi?
Doesn't she
come with you?

Yumi
went
swimming
with her
friends.

Really? I
thought I will
see my niece
today after
haven't seen her
for a while.

That
can't
help.

Yumi is
still a
little
kid.

She still
loves to
play
around

Huh
?

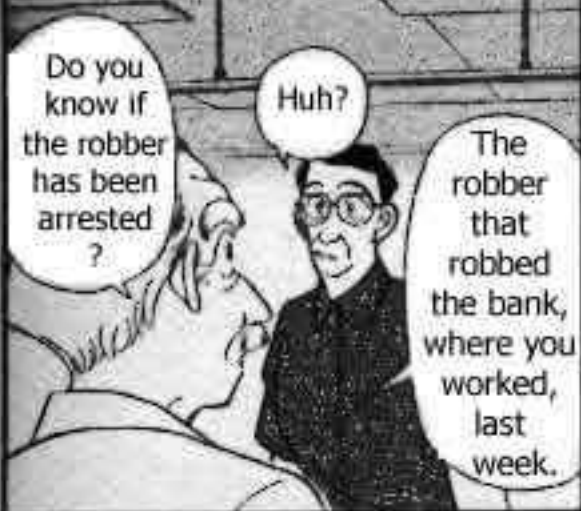

What
do you
want
?

Noth-
ing

Stop
starring
at me.
Stupid!

I'm...
I'm
sorry.

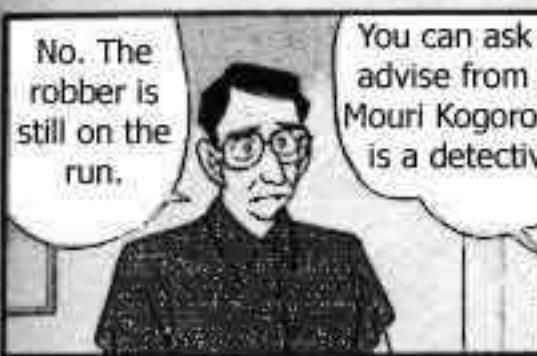

Do you know if the robber has been arrested?

Huh?

The robber that robbed the bank, where you worked, last week.

!?

No. The robber is still on the run.

You can ask for advise from Mr. Mouri Kogoro. He is a detective.

He could give you some good ideas.

Nice to meet you

Mr. Mouri

That famous detective ...

I was really afraid, so I hid myself under the table all the time.

Shame on you

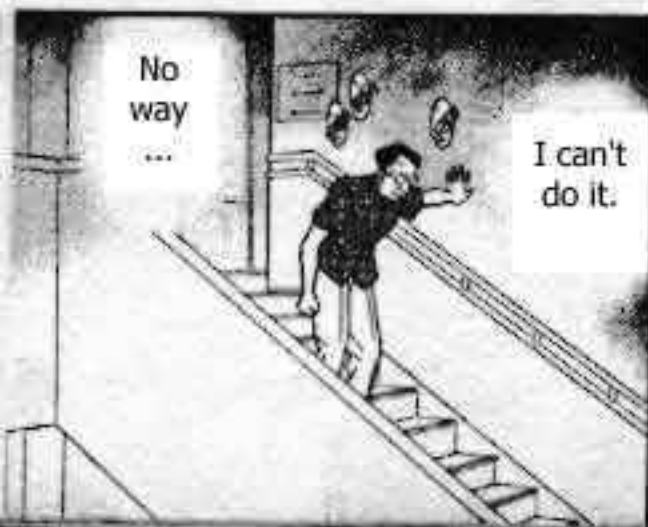

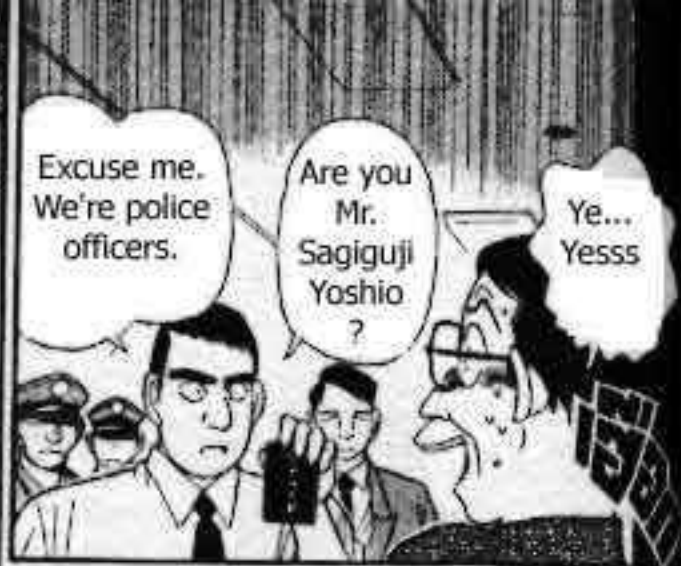

I have to go now. Please excuse me.

Next time you come, don't forget to bring a visiting gift for me

.....

Hey ...

You are not so scared that you want to give up now, right?

Do you know that Mouri Kogoro is in the room, too? Moreover, there are a lot of guards around the room.

Don't worry about the police. We can handle that.

Don't worry about that guy.

He will not be in the room after 3 pm

because he has to see the live concert at the lobby

Look, the kids are asking for a wheel chair.

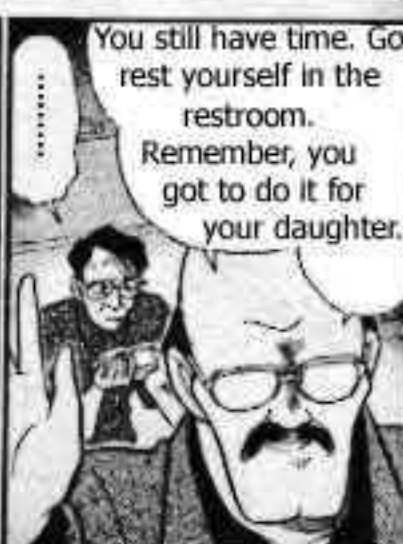

Do you want me to do that in front of my dad?

That's not a big deal. You can give him some sleeping pill.

What about my daughter? Is Yumi OK?

Why do you have problems?

click, click

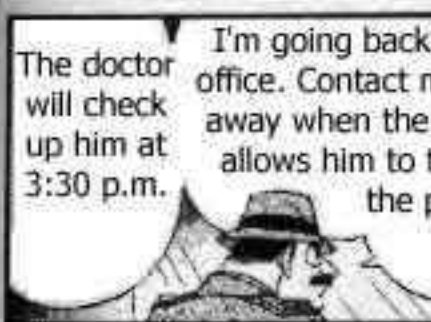

Conan, you're so slow.

Sorry ...

The patient who got burned was one of the robbers who robbed the bank.

The car he used to run away was the same car that a witness saw.

The doctor will check up him at 3:30 p.m.

I'm going back to my office. Contact me right away when the doctor allows him to talk to the police.

Yes sir, inspector !!!

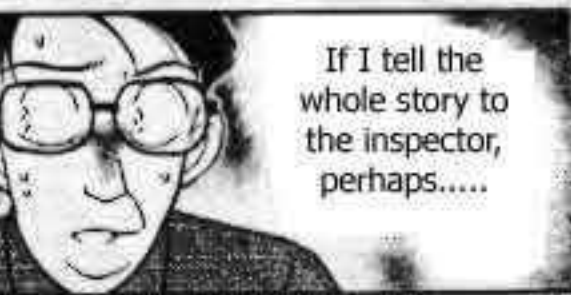

Inspector ?

This is a good chance.

No one is watching me ...

If I tell the whole story to the inspector, perhaps.....

Um...

Huh ?

Do you have anything?

Yes. I... I...have...

Don't even think about it.

Huh ?

We already told you that we are watching you all the time, right?

I warn you. You'll be sorry if you'll do what you just thought.

Huh? Does he have anything?

No. He is not feeling well, so he asked if we can give him pills?

Why doesn't he ask a doctor instead of asking a police?

That guy must be crazy.

ha ha ha

They are every where and watching me.

I can't trust anyone any more.

3:24 p.m.

The dateline is 3:30 p.m.

If I don't do it

Yumiko will be

thrown out of that building

Therefore, I have to do it

They already said that they got everything handled. There will be no mistake.

Since that guy is already a criminal,

who will care if he died.

Let do it !!!

Don't do it
.....

Huh ?

You are told to kill the patient who got burned, right?

by using the weapon in that candy box

How come you know ???

Chuuu Don't turn to this way. They may notice it.

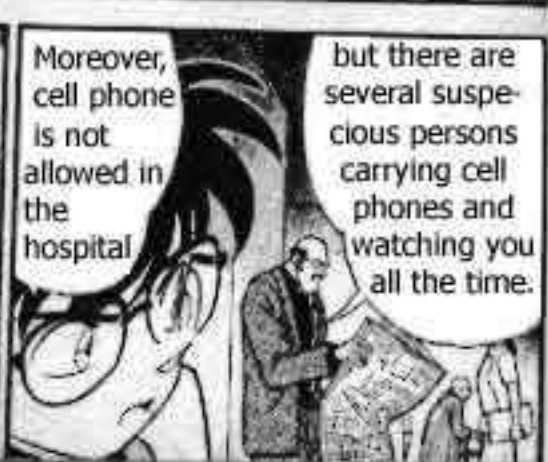

That sweet candy is the food...

that a diabetes patient like your dad can't eat.

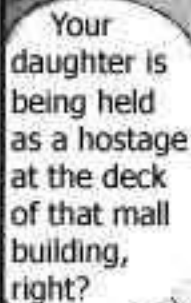

You said that you got to take care some business, but you still wonder around the hospital carrying a candy box which is not supposed to be a gift for your father.

That looks very suspicious

Moreover, cell phone is not allowed in the hospital

but there are several suspicious persons carrying cell phones and watching you all the time.

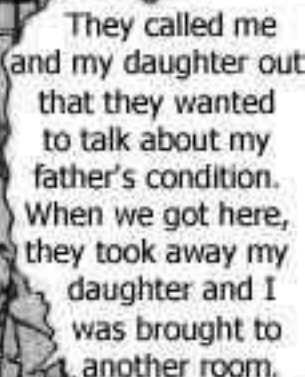

Your daughter is being held as a hostage at the deck of that mall building, right?

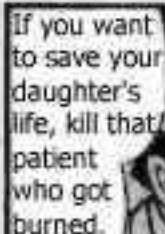

I've seen you several times looking through that window and quietly mentioning your daughter's name. Your movement and action can be easily observed remotely from there by using a binoculars

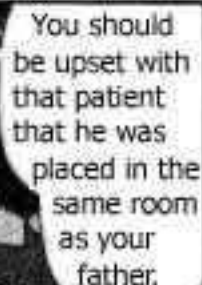

They set a trap on me.

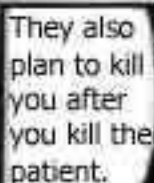

They called me and my daughter out that they wanted to talk about my father's condition. When we got here, they took away my daughter and I was brought to another room.

If you want to save your daughter's life, kill that patient who got burned.

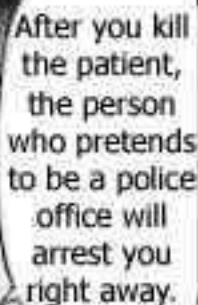

You should be upset with that patient that he was placed in the same room as your father.

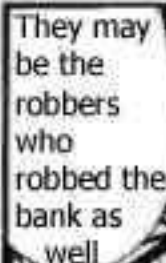

They also plan to kill you after you kill the patient.

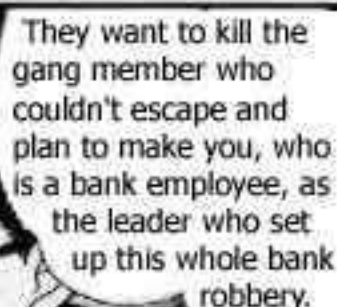

Huh?

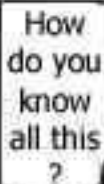

After you kill the patient, the person who pretends to be a police office will arrest you right away.

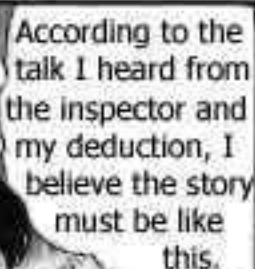

They may be the robbers who robbed the bank as well

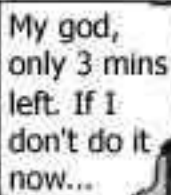

They want to kill the gang member who couldn't escape and plan to make you, who is a bank employee, as the leader who set up this whole bank robbery.

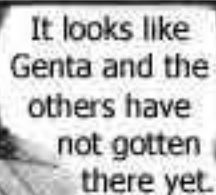

How do you know all this?

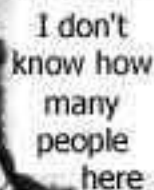

According to the talk I heard from the inspector and my deduction, I believe the story must be like this.

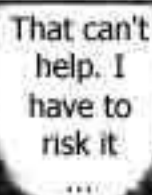

My god, only 3 mins left. If I don't do it now...

It looks like Genta and the others have not gotten there yet.

I don't know how many people here

That can't help. I have to risk it ...

WOW
This is
Su
Cream

Huh ?

Can I
have
one
piece
of
them
???

Hold
...
on

What
???

There is
a gun
inside
!!!

WOW
That's
really
cool

Akkk

Huh
?

Huh
?

There are
only two
people
!!!

Bastard
kid
!!!

You can't
play around
here
!!!

Release
me
.....

Huh

He might have stepped on the ball and fallen down.

Um ...

Oops there is one more left !!!
