

File 8:
***The Secret of the
Driving Licence...***

Hm?

But we have clues that prove he's been here...

No...

So?! Did you find him?

Yes, if I do this...

And there are no webs on this bar...

earth on the side of the window?

Hm?

Be careful!

1-22-02

Wait kid, let us work now!!!

Look, we can get to the cellar up here!

FLASH

NUMABUCHI!!!

NUM

Give me food!!

Quick food...

HMP

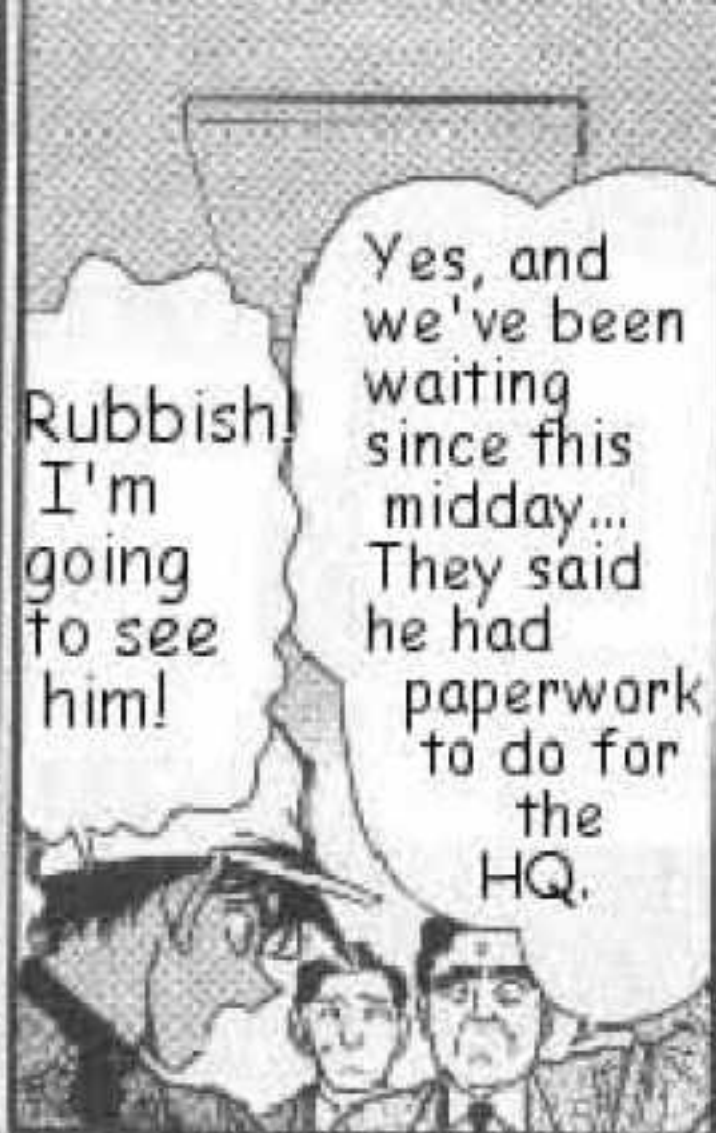

FOOD!!!

Kiichiro Numabuchi, I arrest you for...

But Sa-kata ...

Come on, come on... Let the police force do their job and calm down ...

Rubbish! I'm going to see him!

Yes, and we've been waiting since this midday... They said he had paperwork to do for the HQ.

Mister Goushi won't come out of his office?

What?

I'm certain he'll want to talk...

Once he's seen this picture showing him and the four victims...

No, leave them... They'll end up going...

Shouldn't you better meet them?

Sir... We can't keep the officers waiting any longer...

They must never be told...

Use the back door and wait for me alone in the Warehouse ...

In an hour... I'll offer you an exchange about the case from Warehouse 20 yrs ago..

NEVER...

NEVER!

Then why won't you at least mention the weird phone call you got...?

Come on, lead the way!

I spend my time worrying about you...

But Conan?! Didn't I tell you not to go off on your own?!

CLING

HEIN?

MOVE!!

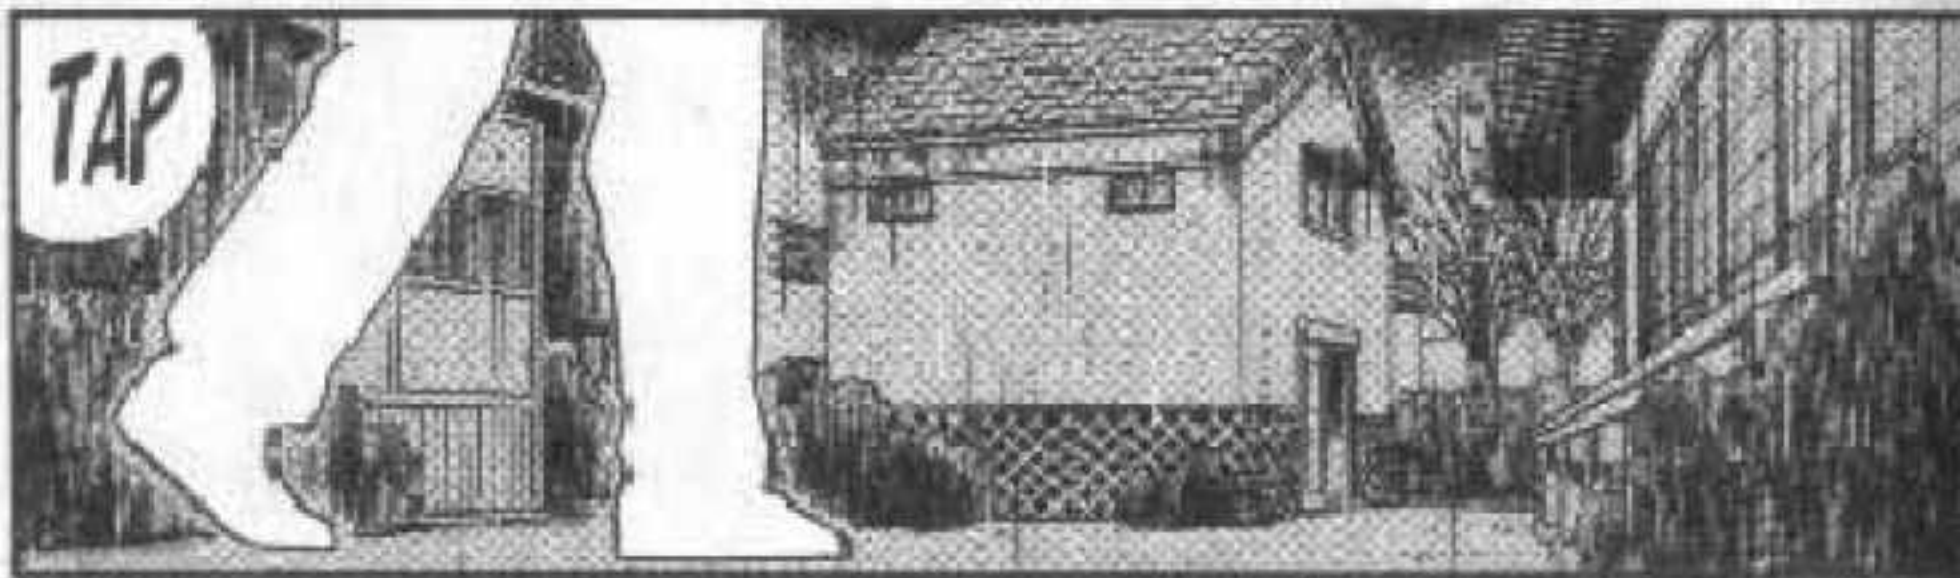

CONAN
?!

Conan!
Are you
alright
?!

You can wait as long as you wish, Mister Goushi won't be coming...

If I'm here it's just to have a look at this warehouse...

Hey, but what are you talking about?

You're the serial killer, aren't you?

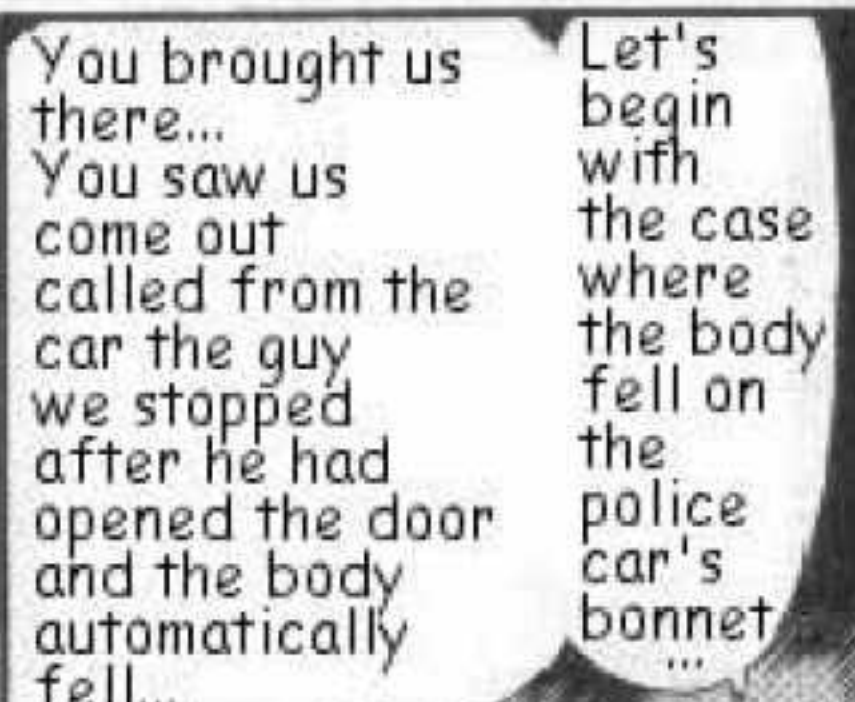

So that once she came home, she wouldn't leave!

You waited till she had left and then left an even more menacing message...

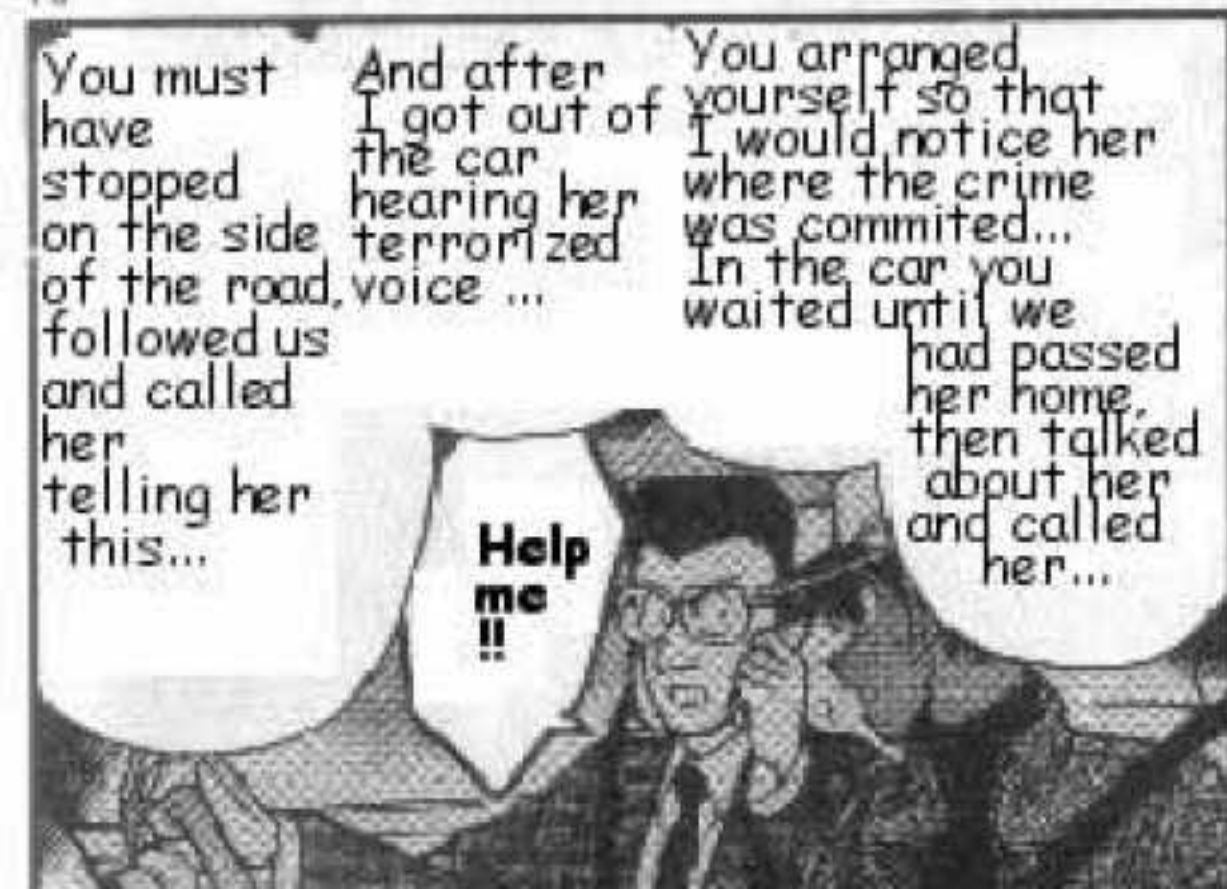

You'll be next...

And while I was on the roof, you called Okazaki and made her come to the spot...

You brought us there... You saw us come out called from the car the guy we stopped after he had opened the door and the body automatically fell...

Let's begin with the case where the body fell on the police car's bonnet...

You must have stopped on the side of the road, followed us and called her telling her this...

And after I got out of the car hearing her voice ...

Help me!!

You arranged yourself so that I would notice her where the crime was committed... In the car you waited until we had passed her home, then talked about her and called her...

After you killed her, you climbed into the second car parked nearby, and made us believe you were late because of the traffic jams...

Just after we discovered the body, you arrived in a car... How? You simply rented two cars from the same category,

And while we were in her room, you killed her in the toilets!

"I'm the officer who called earlier... I believe staying in your room is dangerous... Better wait in the public toilets down beside your place."...

It was to come here and kill mister Goushi...

And if you let me come so close to the truth by willingly leaving clues...

Yes... You multiplied the crimes without me noticing and by using me...

When did you realise, Heiji?

That's why you offered to do the visit of Osaka... By coming here as my chauffeur, no way could you be suspected, even by hanging around the house.

The last victim was a deputy. If he went out, you would have been seen, or worse, followed by a bodyguard...

Shouldn't you better surrender, Sakata?

I don't know what happened 20 yrs ago but...

Like Noyasu and Okazaki, you check the rearview mirror... Proof that you had the same monitor...

What's more, the tics you have when you get in the car...

And when I looked at the faxed photo, I noticed this: your face resembled the monitor's who died 20 yrs ago ...

Fistly, the rearview mirror in the rented car... The second time it was at a different angle...

Sorry, Heiji...

It's too late...

At the point I am at...

Clic

Sakata's the culprit?!

HEIN?!

FOOL!!!

FO...

It seems was hoping that Sakata, to make after all Numabuchi these the culprit murders... and fake his murder as a suicidal

Wooooo!!!

Yes, that's it! Numabuchi that we had just caught spat it out!

BAM

BAM

Yes, but they left earlier...

So? Where is Sakata now? He must be with you and Heiji, no?

AGH

That will stop you from playing stupid!

There, that was the last bullet...

I believe that I got wounded in the tummy...

S... Shit...

Don't worry about me, Heiji, get away, quick!

Your leg's wounded?

FLOOOO

When he saw my face so like my father's, he said everthing...

And I discovered that truth when I found Namabuchi in a hut in the mountain...

That's why I became an officer. To discover the truth...

Could you believe such a man would drive when he was drunk?

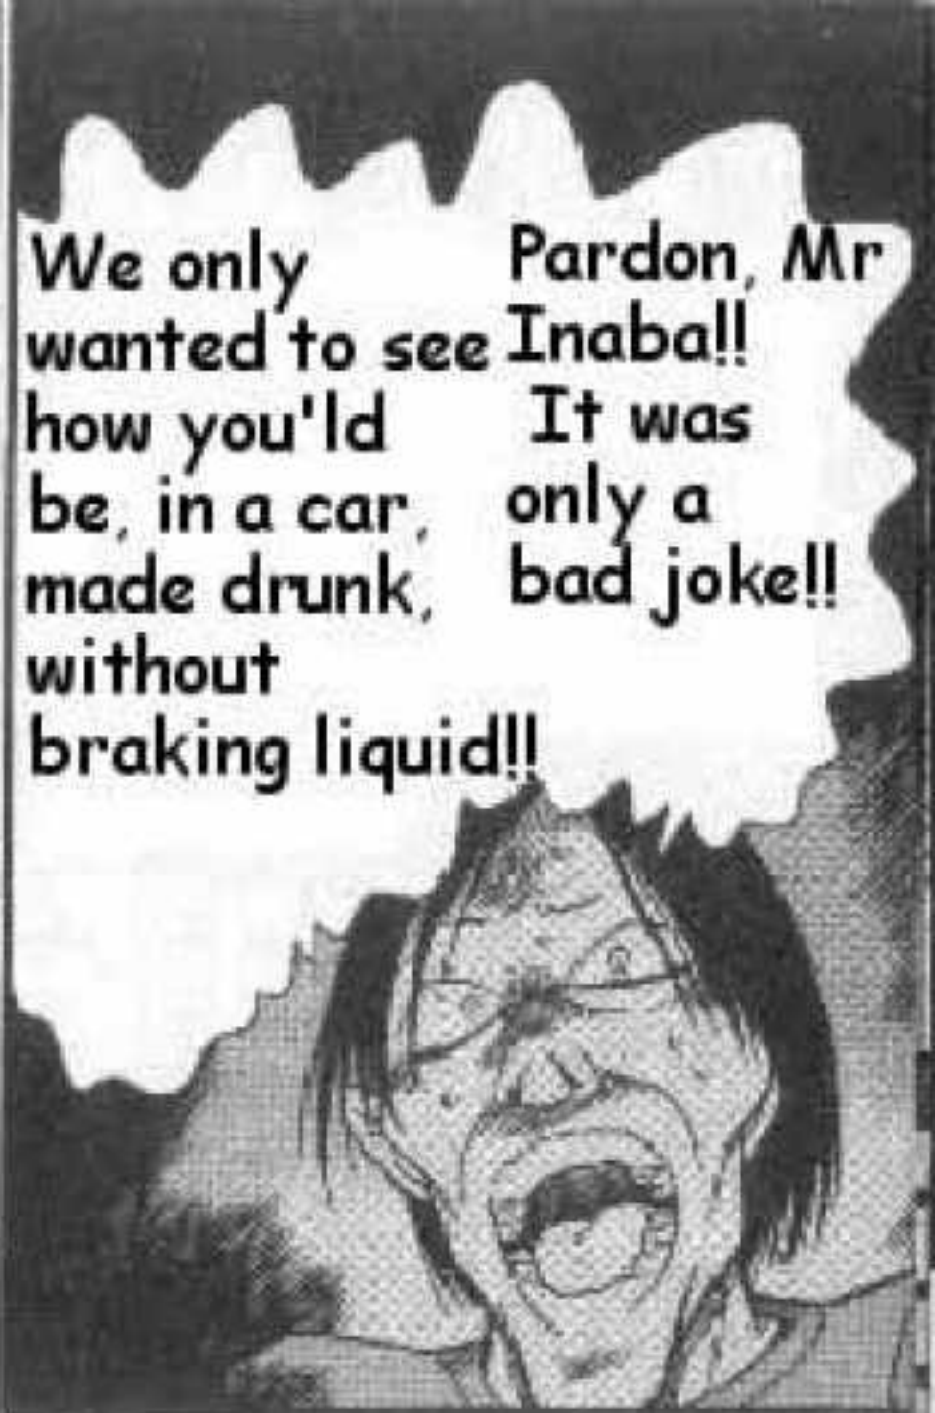

He was very strict about driving and often told my mother: "Always check the rearview mirror"...

The monitor who died 20 yrs ago was my father...

That's where my tic comes from...

He's just been transported by another ambulance...

Mr. Otaki...? Where's Heiji...?

It's him who wanted to kill me?!

It's him?

Yes...

That boy's amazing... He managed to escape the flames and carry you...

Hold on!

Heiji! You sore?

I'd like to talk to you about events from 20 yrs and see you back...

Mr. Goushi, I'll come later...

MR. TOYAMA !!

For the moment, he's still an officer... I ask you not to touch him.

A...
A bullet?!

We need to quickly extract the bullet...

It's still uncertain for now...

So? About Heiji's wound?

HEIJI !!

Why do you do such dangerous things?

Why?

Trying to stop him from killing himself I got hurt...

No... No, he didn't shoot me...

M. Sakata shot you?

Never to let the culprit we confounded die...

From our analysis..

An... An idiot told me once...

I feel so tired, now...

Shit...

HATTORI!

No!
You mustn't
sleep,
Heiji!

HEI...

HEIJI!

Okay?

Bit...

Let
me
sleep
a...

HEIJI!!!

With such energy left, I think it'll be fine...

AREEE
AREEE...

I want to sleep!!
Do you get that?!
SHUT UP!!!

Sorry... I have a "High" voice ♡

AGH!

You need to lose this habit of yelling in my ears with your high voice!
I didn't sleep much last night: I was thinking about the guided tour of Osaka!

AAAF

No risk of him dying soon...

Your stupid!
What an idea to sleep like that!!

ARRGH!!
Are you mad, stupid?!

Hey... You two...
