Four bullets are in his body. He must have died

His corpse will be fish food before it floats to the surface

Maybe... In this part, the flow is big

Huh... Even Saizo Kano, the gray planner is now a sea garbage....

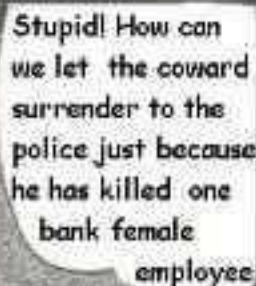

Don't worry, we've finished the big work. Just have to wait for the time

Oh yes, how about the dangerous money? They said that the number of the 300 million from 400 million has been listed

His face had scratches in front of the police ...

Stupid! How can we let the coward surrender to the police just because he has killed one bank female employee

Boss ...

Don't have a bad pre-judice

A gift from us ...
