

FILE.1
FINDING
EVIDENCE

SUBMITTED BY KEVIN CHERDCHAI
TO CONAN.WAGNER@RP.COM

You have to find the killer to prove his innocence !

You understand? The deadline is tomorrow morning at 10 !

I believe in you ...

Don't worry I know you can do it ...

Sigh ~

weird ...

What's wrong with him? First he's happy, then he's sad

That means she only said that to motivate me...

But wait... The person who Officer Sato admires is Inspector Megure

What? Hurry up! Let's get going!

he.. he...

Yeah! We're after a suspect!

Sorry, there was an emergency

Didn't you see the sign that says "DO NOT ENTER" !!!

Wah ...

Hey! What are ya doin' up there!?

Well you see me like this, but actually

You're not a police!

What suspect?

To make him fly to his daughter's wedding in time, you must investigate this case secretly

If anyone knows that a suspect running away like him is in a place like this with me... then everything is over.....

YES SIR~~!!

Follow my orders! Takayama! Oshita! Aoshima! Honda! Sasho!

... stupid ...

So I invited these kids to play with me

he...he... Sorry sir. I kinda watch too many police movies...

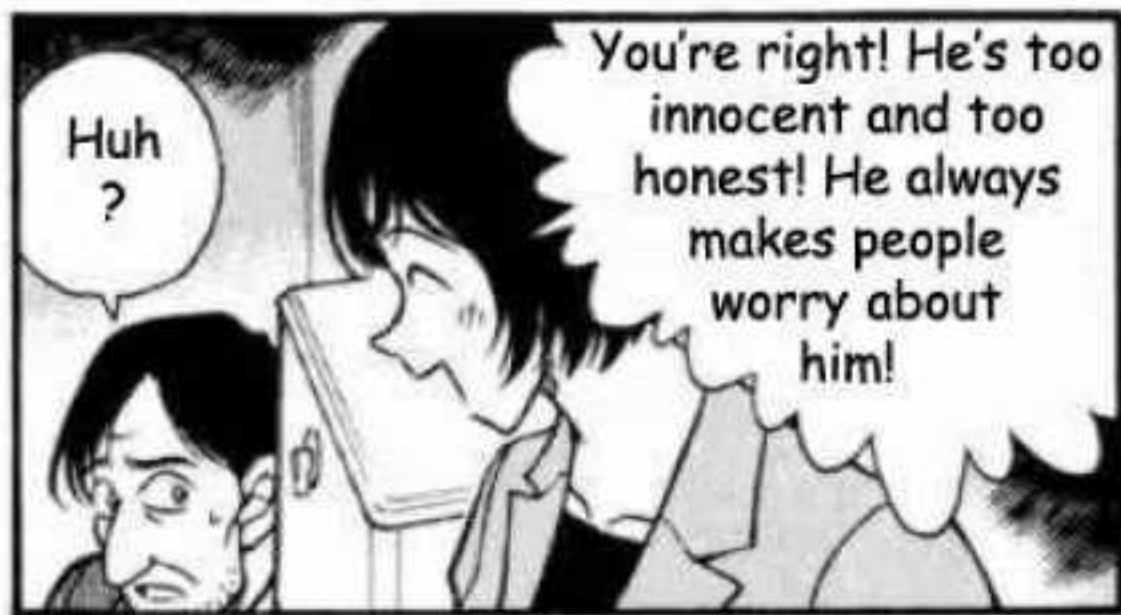

...He looks like he isn't the type of man to depend on

Well, that policeman ...

Eh? What ?

Is it ok ...?

Huh ?

You're right! He's too innocent and too honest! He always makes people worry about him!

K... Kid ...?

That kid is with him...

How can ...

But he can do something unbelievable if he's serious!

Huh

That kid will give hope

The kid with glasses ...

They're probably on some sort of case ...

Why's there so many police cars out?

That's the 5th one ...

What-ever... for now we should start with that store

What could I do? I have to investigate secretly ...

They're looking for the suspect, and also Officer Sato and I !

It's our case !

You look like a gang member!

Before the murder ...

Because that's the store where the suspect Higashida entered last...

Another friend of his took him home

He left alone ?

But I still don't believe that a man like him would do such a thing...

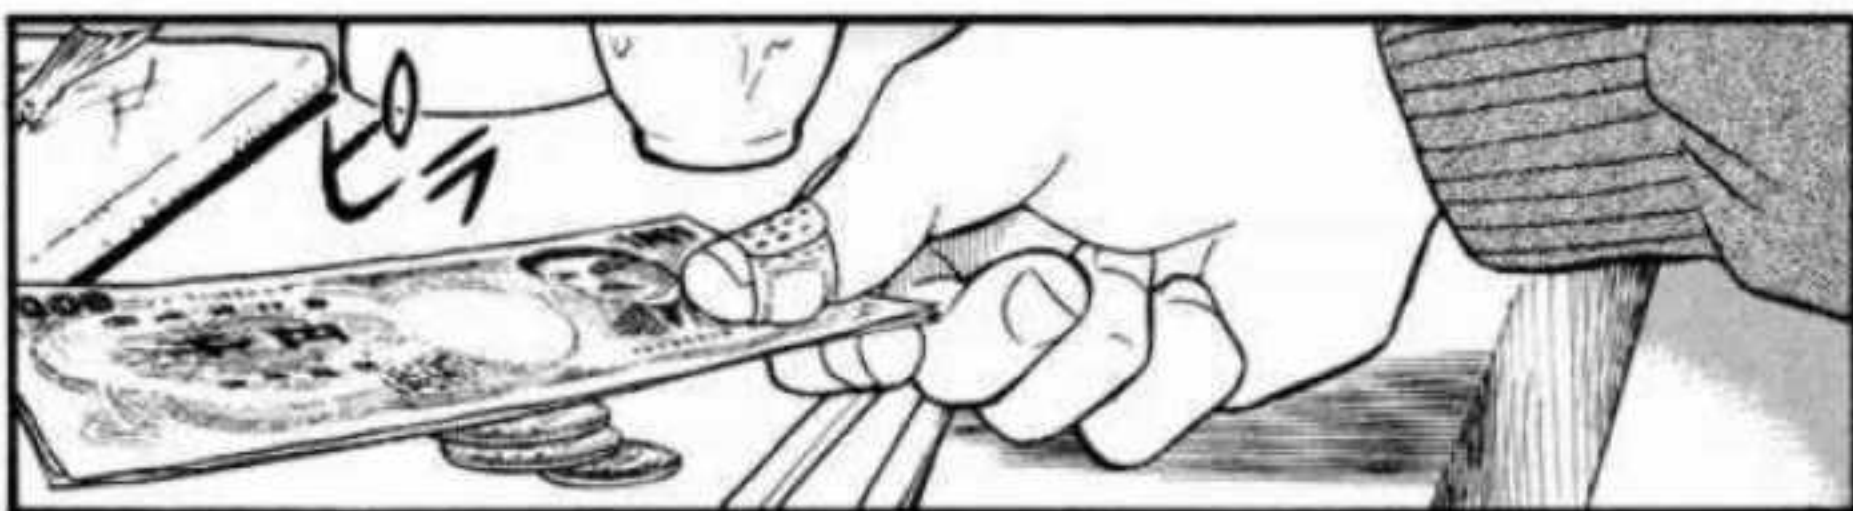

Ah

He kept saying, "I have to talk to her about this today!"

Yes... He drank until he was drunk and left !

So they both always fight about soccer teams

Muranishi is a fan of Tokyo Spirits soccer team and Higashida is a fan of Antis Spirits

That's right! All three of them always come here!

Eh?

Oh ~

The lady who owns here also has been asked numerous times

He's right...He's been asked by the police many times already ...

Me too!

Me three!

If we don't call back home before going back, our parents'll be worried!

Sorry for that. We'll be leaving now

Um...

How about after that?

What are you guys asking!?

How am I going to find the killer before tomorrow like this!?

Sigh ...

Agasa's House

Tell everyone that the kids are spending a night at my house!?

What'd you say!?

I named it "Tropical Rainbow"!

It's the day when my invention goes public!

What is it?

Yeah! He said at Haido City there would be something about fireworks

Did he say OK?

When it explodes, there'll be rainbows flying out! Why don't you guys come and watch!

Uh Huh ...

Important day?

Tomorrow's Sunday is the day I'm waiting for! I'll tell their parents that the kids are going to the ceremony then!

Sure thing! As long as you're with Officer Takagi then I'm not worried

Let's hurry!

Don't we have to go to Muranishi's room?

Fireworks? Is there some sort of event?

How about these kids?

Yeah... We're here to find some more information

At noon there was also another police set

Police again?

Uh... I'll return the keys after we're done!

Oh! Those projects about "What my uncle does?" right?

We're here to watch Mr. Police investigate for our project!

We're here for a school project!

Don't touch anything!

Hey! You guys!

sigh ~

Oh... Really ...

Just as Conan-kun told us!

When you went to buy the hat, we bought ourselves some gloves

Don't worry

Sato never lost connection this long before

I'm not feeling too good about this case

They chased the suspect to the abandoned building and lost connection

Damn it! Where the heck is the suspect, Sato, and Takagi!!?

Might
it be
...

Maybe...
Maybe those
two are in the
hands of the
suspect...

What!
Officer
SATO!!

He dares
hurt my
officer!

Is
that
true
!?

Miwa-
chan is in
danger!?

What!?
The sus-
pect took
Sato!?

They're all
here for
Officer
Sato!

That's
true
...

That's
alot of
police
...

Sorry for all this. It's all my fault.

Got a cold?

AHHHHHHH!!

Eh?

And the thing is, that I didn't do this for you...

Don't worry, if we captured the wrong suspect then we're the ones who should apologize to you.

I lost my dad when I was little...

I don't want your daughter to be like me.

There's 4 suspicious points

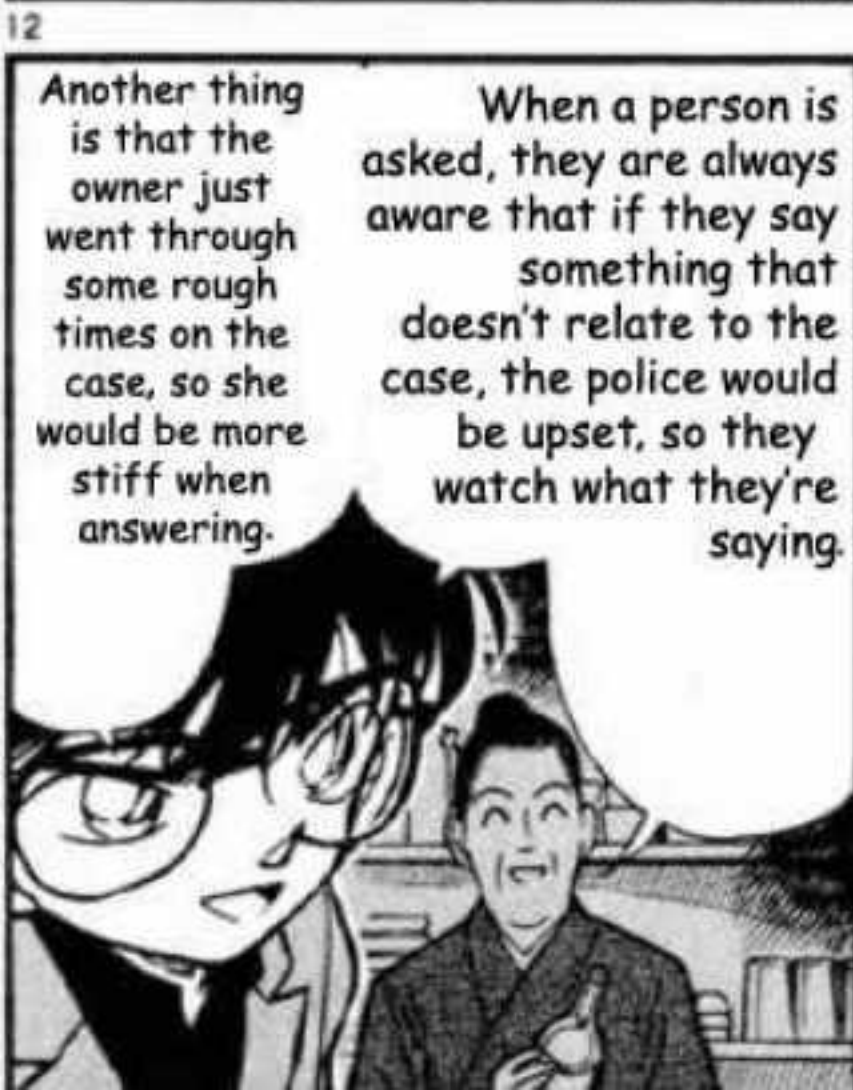

If the inspection squad came to investigate then there shouldn't be anything left for us

Still can't find anything ...

Let's go home everyone ...

...

Maybe the Spirits' form was bad this season so he brought it down ...

Look! The Spirits calendar was found in the closet. Compared, the burnt color size on the wall is exactly the same...see?

The second point is the calendar near the bed that was removed

Stiff ?

Maybe she was re-organizing her room

Oh!... the Inspection crew also reported that

The third point is the mark on the floor of furniture movement

Th... That's true ...

But the calendar's match was marked all the way through December

Paper ?

Huh ?

A Match box ?

such as this box under the closet be noticed ? When we move the closet, wouldn't something important...

The fourth point is the cactus

but there's an approval stamp ?

There's no signature for the certificate ...

Mrs. Muranishi's marriage certificate !!

Th... This is !!

There should be a purpose behind it, correct ?

That meant someone that isn't her moved things around in this room ...

Why would she put cactus trees outside in the cold like this ?

A women who loves cactus trees ...

Eh ?

How does it link to each other ?

Look, the needles are breaking. Poor little thing ...

Isn't this the cactus tree that the lady owner of the store gave Mrs.Muranishi as a present ?

The door was locked with door locks AND chain locks. The AV cable that we found also had his finger prints

When we found the body, the suspect Mr. Higashida was sleeping on the bed of the victim like it was his own bed, wasn't he?

Isn't his room also in this same mansion ?

Why don't we go look at Mr.Higashida's room ?

That means ...

Th ...

over ...

All

Hey!
The
lock is
broken
here
!

We already
locked the
entrance.
How could they
get in anyways
?

Dammit!
This is the
5th time
already
that the
police told
us to
search...

Hey
!

Hey!
Is there
anyone
in here
?

You
forgot
?

What
do you
call that
bomb
?

Just lock
it anyways,
though
this place
is going to
be in
pieces
soon
...

Might be the
crazy guy
that was
playing with
the little
kids

It's called
"Tropical
Rainbow!"

SNORE
...

.....
