FILE.5

The bus is now on the highway and headed towards Ootsuki!

This is Sato...

Keep following them! And don't lose them!!

They are approaching the Kobotoke Tunnel!!

Yes sir!!

They will most likely release the 3 hostages they promised when they get more fuel!

The fuel in the bus is almost out!!

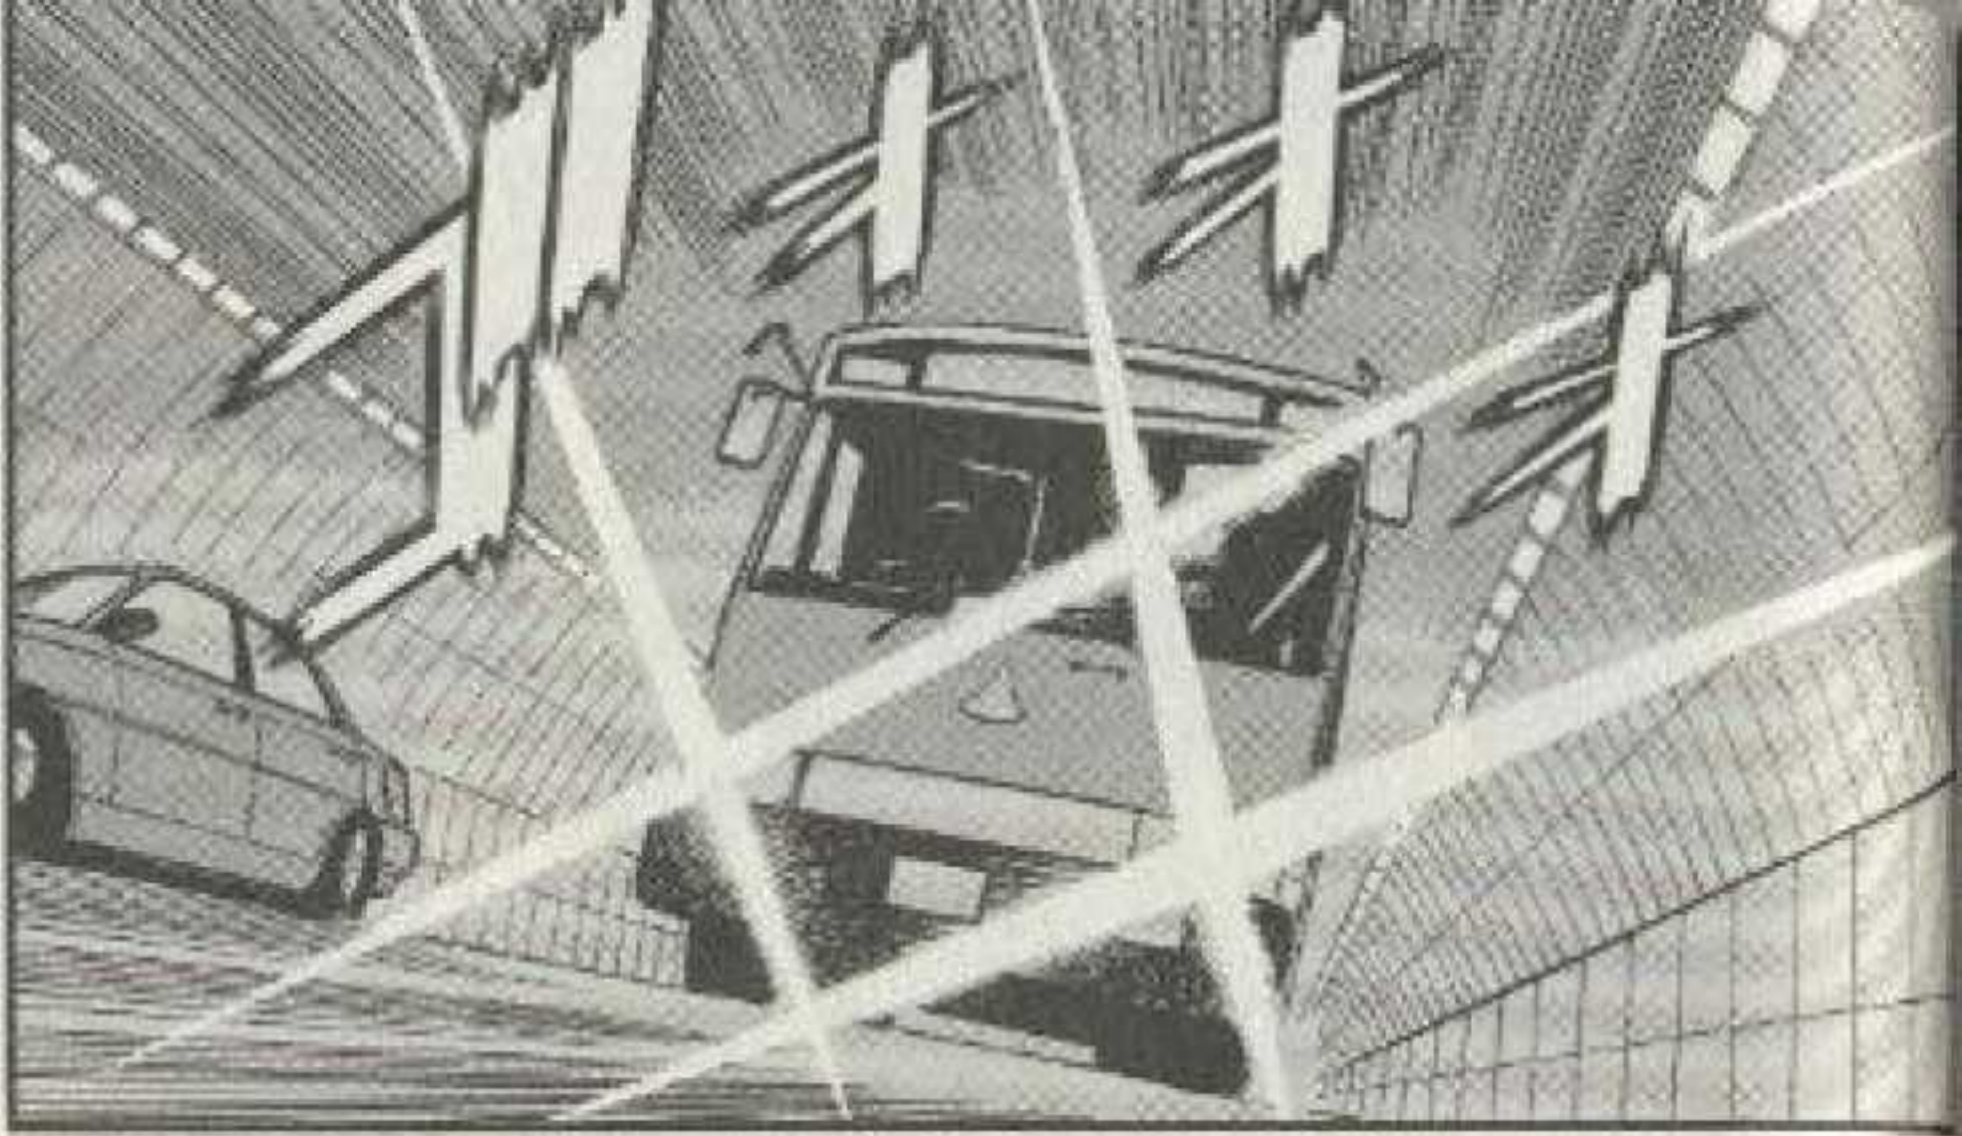

We are now entering the tunnel!

What!?

Chief! The bus has decreased its speed!

Yes sir!

Get the Yamanashi Police Department's help and put some officers at any parking areas the bus may stop at!! The second they open the door is our chance to get them!!

While you do that, we'll get away from here as the released hostages... Don't worry.

We're going to have you buy us some time by making the police think you're us...

And don't forget the hats and goggles!

Ok you guys! Put on these ski-wear and sit on the floor!

The other passengers will prove that you're not the real terrorists...Whether we get away or not will depend on the driver!!

Do you understand!?

Yeah you, come to the front!

To make sure you follow our orders... We'll take a hostage with us...The girl with the gum in the back!

After we get off, keep driving around and keep the cops busy!

alre-
ady
!!!

Come
up...

what?

Stop the bus!
Once we get
off, keep
driving till
you're out
of gas!!

When you get out of the
tunnel drive faster and
after you've put some
between you and the
police car
behind you...

O, ok!!

That is, if you
don't want me
to blow this
girl's head off!!!

w/a...

She's one
of them!!

she's not
a hostage...
No...

they will pretend to be the 3 released hostages, and when the police ask, they will make up a completely different suspect together...

Just as I thought... after those 3 get off, they plan to get rid of the witnesses by blowing up the bombs in the ski cases.

the two guys wearing the ski wear will seem like the real terrorists!!

In other words, after the explosion,

The police probably think there are only 2 suspects, and if they say, "Before we were released, a hostage was arguing with them," the cops would think the bomb went off by accident, and the suspects died with the hostages..

but this darkness will help me out too...

They choose the tunnel to change clothes so that the police can't see what's going on.

C, Conan!?

The det. badge?

what?

what?

be-ep

be-ep

be-ep

because they think their plan worked out well...

Don't worry! It's dark in here, and they're less alert

Put the badge to your ears! Listen! And do exactly what I say!

Listen Listen

be..

The second the bus gets out of the tunnel, that's our only chance. got it?

OK! Drive faster!!

The only time a criminal would reveal his face to the hostages is when he plans to kill them all, right? You better do something before we're all killed...

What!?

Yeah right... You're planning on killing us all either way..

as long as you do as I say you'll get home alive...

Don't try anything funny..

By
this
bomb!!

N? What
is that red
writing...?

No! Don't
shoot!!

I'll make
this brat
shut up!!

Hurry

!!!

STOP

STOP!?

Ahhhh

Don't let
go mitsu-
hikoll!

Mister,
this way!

wha?

I know!!

you

ah

Dr. Araide! Get a hold of that woman's Arms!!

Little brat, you made a fool of us...

The watch on her wrist is the switch for the bombs!!

when the driver slammed on the brakes...

Oh ~Sorry~ I lost my balance

Stop kidding around!!

He, hey...

the trigger

You should've studied that before taking hostages...

How foolish of you... When you stop the hammer of a Tokalef midway, the safety system is put on, didn't you know that?

Shhhhh...

What kind of person are you!?

Who, what the?

A secret makes a woman woman...

It's a big secret. I'm sorry, I can't tell you...

what?

We have to get out of here, quick...

Oh no...

Oh~ You surrender~

We have less than 30 seconds before it blows!!

I must have hit the watch when the driver stopped the bus, the bomb is activated!!

No, wait until you have back up...

should we go in?

The bus has stopped, and there hasn't been any signs of movement since! Chief!

What!?

Wha...!

The bomb is going to explode in less than 20 sec!!

Conan!?
What happened?

Wh-
at!?

OK!!

The rest of you, help the hostages get away from the bus!!

I'll stop the cars coming from the tunnel, Chiba, you stop the ones on the opposite lane!

in the bus

Is she....

Come to think of it I didn't see her...

Hey?
Where's Ai?

the link between the Black Org. and the kids will be terminated....I knew all along...

If I disappear now

Even if i get away from her now, when we go to the police to answer questions, I will definitely see her again...

This is the best choice...

I was a fool
Wasn't I, sis...

Ever since I ran from the organization, I had nowhere to go or turn to...

Hey...

Who?

C
o
n
an!!

Co,
Conan?

ハァ

O, ok...

I'll go to the police myself!

What?

This girl is hurt! Take her and the rest of the group to the hospital!

Don't run away, Ai...

from your destiny...

Don't look away...

Get them to the hospital, quickly!!

?

You were like James Bond when you shot the glass to save the girl!

Oh~ Cool Kid!!

You put the safety on the gun when you tripped him and pretended to apologize, right?

You're the 007!

It was amazing! You were able to figure out the lady was with the terrorists.

Ha ha....

I was able to do it just like the people in the movies!

Yes! Oh

And depending on which hand and the number of fingers she used to peel the popped gum off her face, she told them where she was sitting...

She blew up her bubble gum, this sent the message that someone was doing something through the rear view mirror...

It was the balloon...

It's ok. The police wouldn't release a prisoner that easily without a plan on how to get him again! He'll probably be back in jail soon!

But it upsets me, just to think that the boss got away!!

It was always on 1 o'clock...

How did you know her watch was the timer for the bomb?

Yeah, I'll be ok!

You're hurt all over, are you going to be ok?

Oh, I should go too...

People who were on the bus! We still have some questioning to do with you guys so please get in the cars!

Ouch

The questioning will have to be after you get this taken care of, ok?

You are crazy !!!

Just as I thought! Look at this big wound!!

Ok...

Dr. Ar-
aide...

Conan put his blood on me so I can get away from there....

Wh- at?

This isn't my blood...

I am ok!

There's a lot of blood on your leg...

Does that hurt Ai...?
