The Dog Lovers

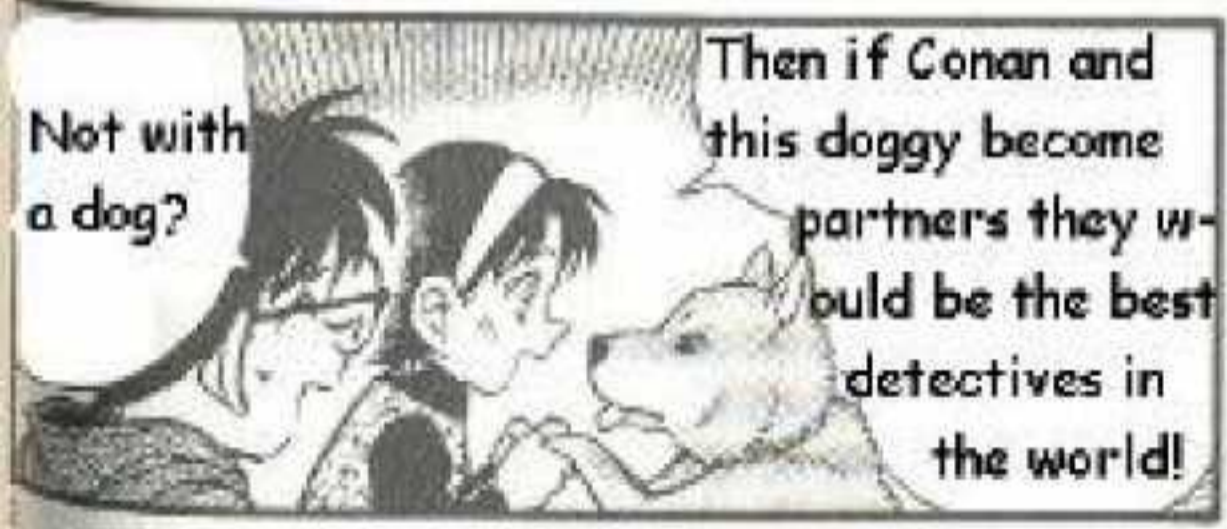

Oh he's
so cute

It's a Jap-
anese Shi-
ba dog!

haha
Love it!!!

What's
his name?

Then if Conan and
this doggy become
partners they w-
ould be the best
detectives in
the world!

Not with
a dog?

What's wrong
with it! I think it
is a cute dream!

You're
too
greedy...

Yeah
yeah...

Arthur!

We named him
after the crea-
tor of Sherlock
Holmes,
Sir Arthur
Conan
Doyle!

Teruya Kanou (26)
Dr. Agasa's
friend's son

Ai helped me with the map and the car navigator so we were just fine...

This place is quite complicated so it gets annoying at times...

Did you find the new parking lot?

Well a town sure does change in 10 years...

grrrr

ahhh

Huh

Hey Dr. Agasa...

Buy any chance did you...

That's strange... He never gets this excited....

Stop that! Arthur!!

Hey Arthur!

There was dog fur on your clothes, and dogs can tell the size and if the dog is a male or female just sniffing them, when dogs smell a male dog that is bigger than them they feel that they are enemies and start to fight...

But what does that have to do with this?

Yeah, Ai and I pet the big dog that my friend brought to our house today...

Pet any dogs on your way here? A male dog much bigger than this Shiba dog-

And at the beginning you and Haibara came here and were told to park your car right? So this dog probably thinks that his owner chased you away and then you came back!

One that is not like the others...

Don't be too harsh, the dog did it by his instinct...

I guess his personality's kinda like Conan's...

You're quite stupid...

Oh- so that's why...

hey

Maybe it wasn't just instinct...

For me...

If you don't have a strong voice when you punish the dog he thinks he's doing the right thing...

The way you tried to stop Arthur... Your voice wasn't strong enough!

Yoshio Tsunashima
(45)
Dog lover

what ?

...And there's another reason why the dog didn't stop barking...

Mr. Tsunashima, I met him at the dog lovers club!

Who is this?

Be careful from now on!

He came here for the same reason as you Mr. Agasa!

Yes... They're all just things my grandfather collected while travelling as a hobby...

But is it ok? To give us such priceless things...

Then I would like this antique sand clock...

This airplane is mine!

I want this dolly

Talking about your grandfather I haven't seen those two around but...

All of us aren't that interested in antiques and it would be rude to my grandfather to sell them so we decided to give them to our good friends...

Well the only thing I'm bringing to England is Arthur, and the only thing my parents are bringing...

oh ...

Because I have to move England for my business, they're getting old so they decided to move to the country where my brother is, that's why we're clearing out this house!

They're getting ready to move into their new house so they are gone today...

My dad's sheperd was "Conan", but two years ago he died of a disease...

Oh, I see!

If there's an "Arthur" and a "Doyle" isn't there a "Conan"?

It's a papion!

Is my mother's pet dog "Doyle"!

W
O

Good morning
★

And what is that supposed to mean Ay-umi?

Don't worry we always have you Conan ^_^

★ Dog languge...

It was very popular around the 16th century in France, and the famous queen Mary Antoinette's pet dog was a Papion...

Papion means butterfly in French!

But isn't a "Papion" a wierd name for a dog...

Yes what a nice dog he is...

Two million yen

No, Some people even asked if they could buy this dog for 1million Yen at the contest...

Just by coincidence in the contest my mother entered him in...

Cert-
ifca-
te?

But whenever I see this dog he has such nice fur! No wonder he won a certificatel

M. Ms. Tosabayashi?

Just like the greedy spoiled queen which happened to be killed by a gilotine in France...

I wanted in this house...

Because your mother said she'd give me anything

Because your mother told me something

Oh sorry... The door was open so I just came in...

Humph..She's still mad because her dog lost against Doyle in the contest!

She wasn't always like that...

Yes

She's a dog lover too?

If you don't mind I'll just take what I want...

Aki Tosabayashi (39) Dog lover

Isn't it...

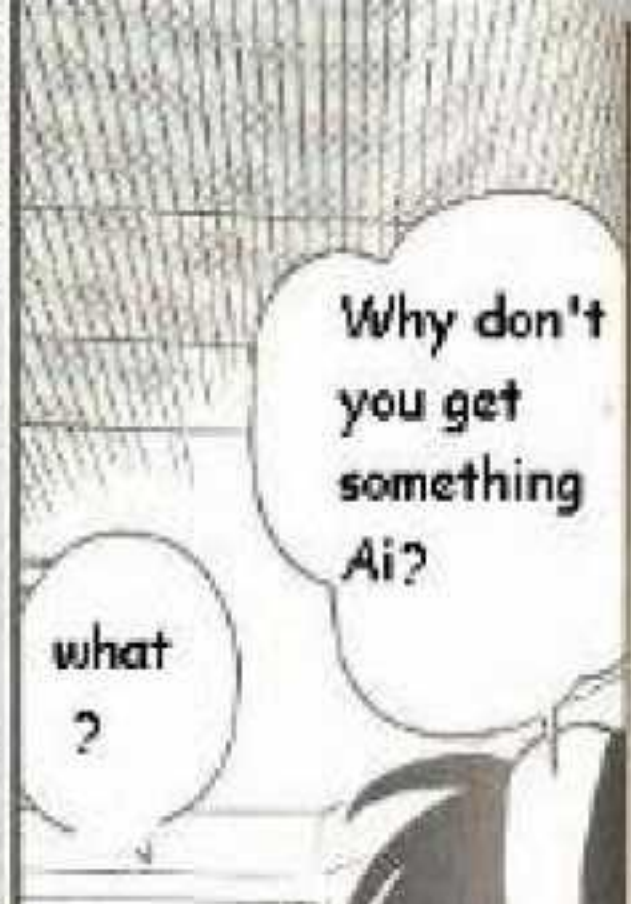

It's almost like a tax office.

I'd have to put a reserved note on it if she were after it...

She might take the clock in the Japanese Room that I wanted!

Oh no!

Officer Takagi told me on the phone that there wasn't anyone strange riding on that bus...

That's strange...

Try to cheer her up a bit! I've had a hard time! Ever since the bus case she wouldn't even go outside, it was hard to get here all the way here...

Well, All I can now is...

She doesn't even eat anything or get any rest...

But that isn't the kind of thing that would scare her!

It's ten days from then... If they had noticed we would all be dead by now...

Even if a member of the organization had been on that bus they still haven't found out Haibara's true identity...

Not again

And so would the other three that were on the bus with us...

So please don't get mad at him...

Shino Hasuki
(27)
Dog lover

Arthur was good enough to call you for me...

I'm sorry... I rang the doorbell many times but it seems to be broken...

You can go play with Arthur...

Oh, no it's my fault for not noticing...

I thought my brother would like it as a Junior High graduation present...

Yes

Is she the one? That has the previous engagement of the stereo

I get it... The king and queen of mysteries... A good couple...

Yes... Her name is Christie!

It's a She-trand She-pard!

They're so friendly^_^

yes, I guess!

right Kanou?

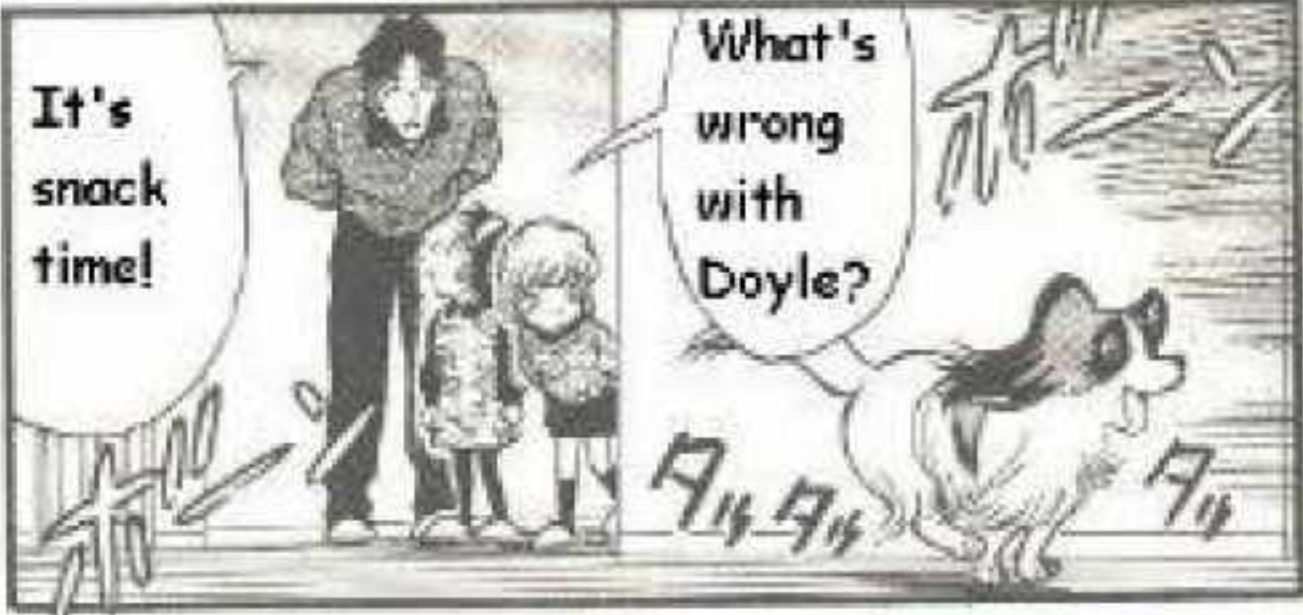

Humph, you shouldn't get too worried. Arthur's going to England soon anyways...

If it's a mix it wouldn't be worth that much!

huh?

I don't care, but shouldn't you take those two apart?

It's snack time!

What's wrong with Doyle?

oh

Oh yeah! I'll show you something funny!

Every time at 12 o'clock, Mother gives him cheese for a snack...

So my mother wanted to show Doyle to my grandfather and always put his snack in front of my grandfather's buddist place of remembering...

My grandfather was also a dog lover...

And he always brings that in front of my grandfather's place of remembering...

Yes, there's a blue mat that Doyle loves...

a mat?

And after a while Doyle memorized that every day at 12 o'clock he should sit in the Japanese Style room on a mat...

No! We told the clock store to fix the clock so it only rings at noon incase that happens...

What if it rings and Doyle is waiting in the room?

Then wouldn't the clock ring at midnight too?

Yes... Mother is saying she's going to stop spoiling Doyle and only feed him twice a day...

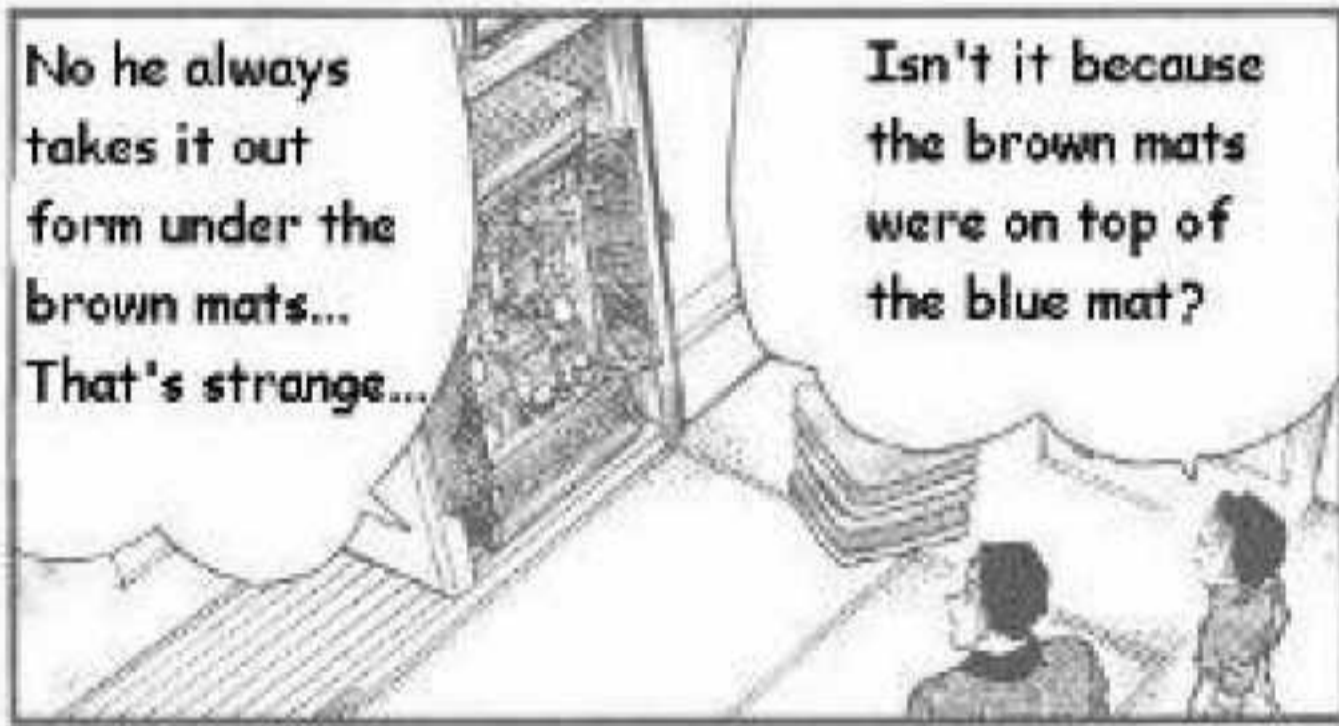

But is it ok? For me to take such an important clock...

The blue mat isn't either...

He isn't in here...

No he always takes it out from under the brown mats... That's strange...

Isn't it because the brown mats were on top of the blue mat?

what

Anyway, let's look for him! He may be stuck somewhere!

Where did he go?

Where are you?

Dolye...

He isn't any-where...

AAA...

Doyle!!

Come out Doyle!!

We even looked in the bath-tub...

No he isn't any-where!

Did you find him?

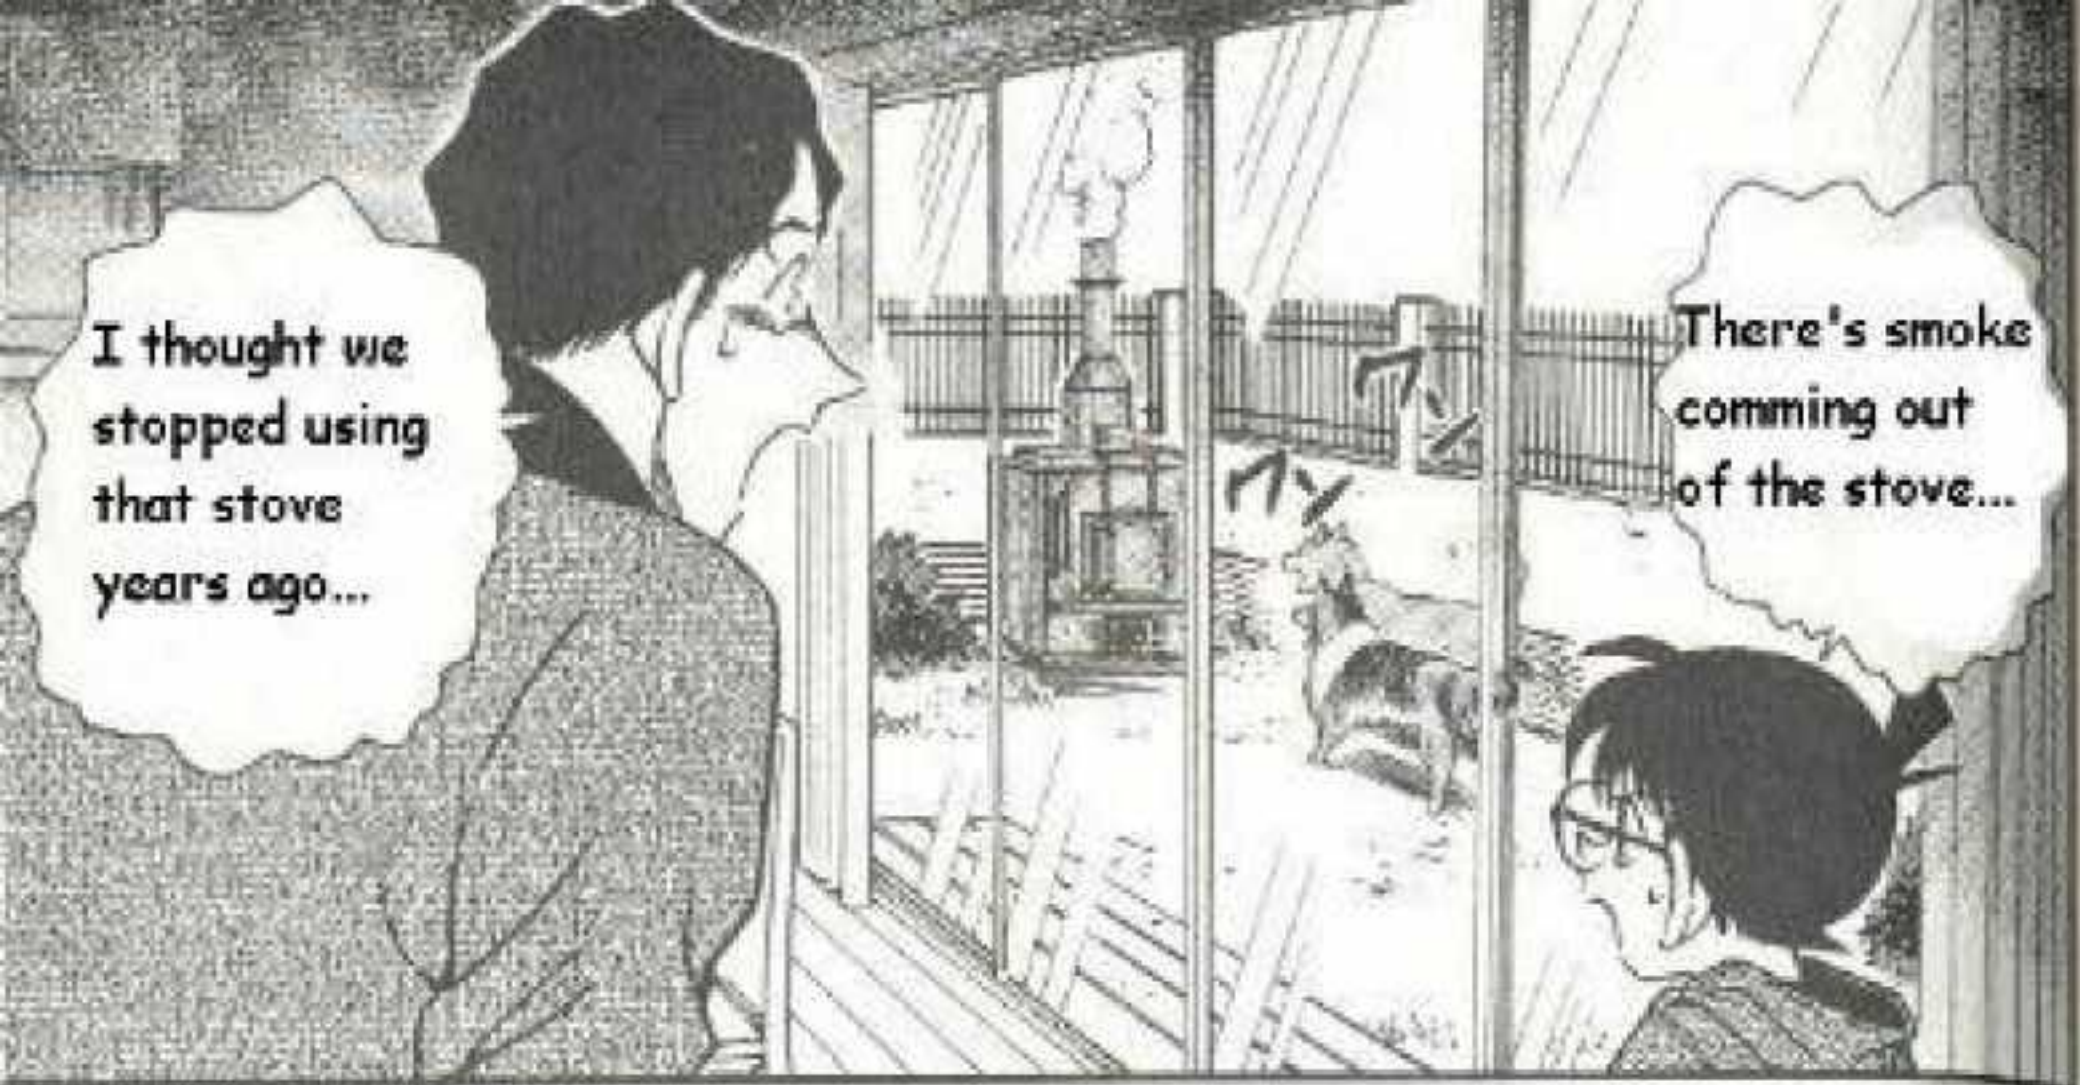

Lets go!!!

It's from the back-yard!!

Christie's barking too...

This is Arthur's barking! He sounds really exited...

I thought we stopped using that stove years ago...

There's smoke coming out of the stove...

Shoes!?

could it be!?

C...

!?

could it be?

could it be?

could it be?

Is that
Dolye?

could
it be?

A
collar!?

A...

It
is
not
true

NO...
