

That stupid gasoline station guy told us the wrong thing...

Great!! This is just a perfect shortcut!!

FILE. 4 48

I'd kill him if he wasn't right!

Humph! He made me go into the store and even buy a map...

Um... Are you sure this is the right way?

Grrr...

We're finally on a normal road!

The place we're going to...

That's it right?

Huh?

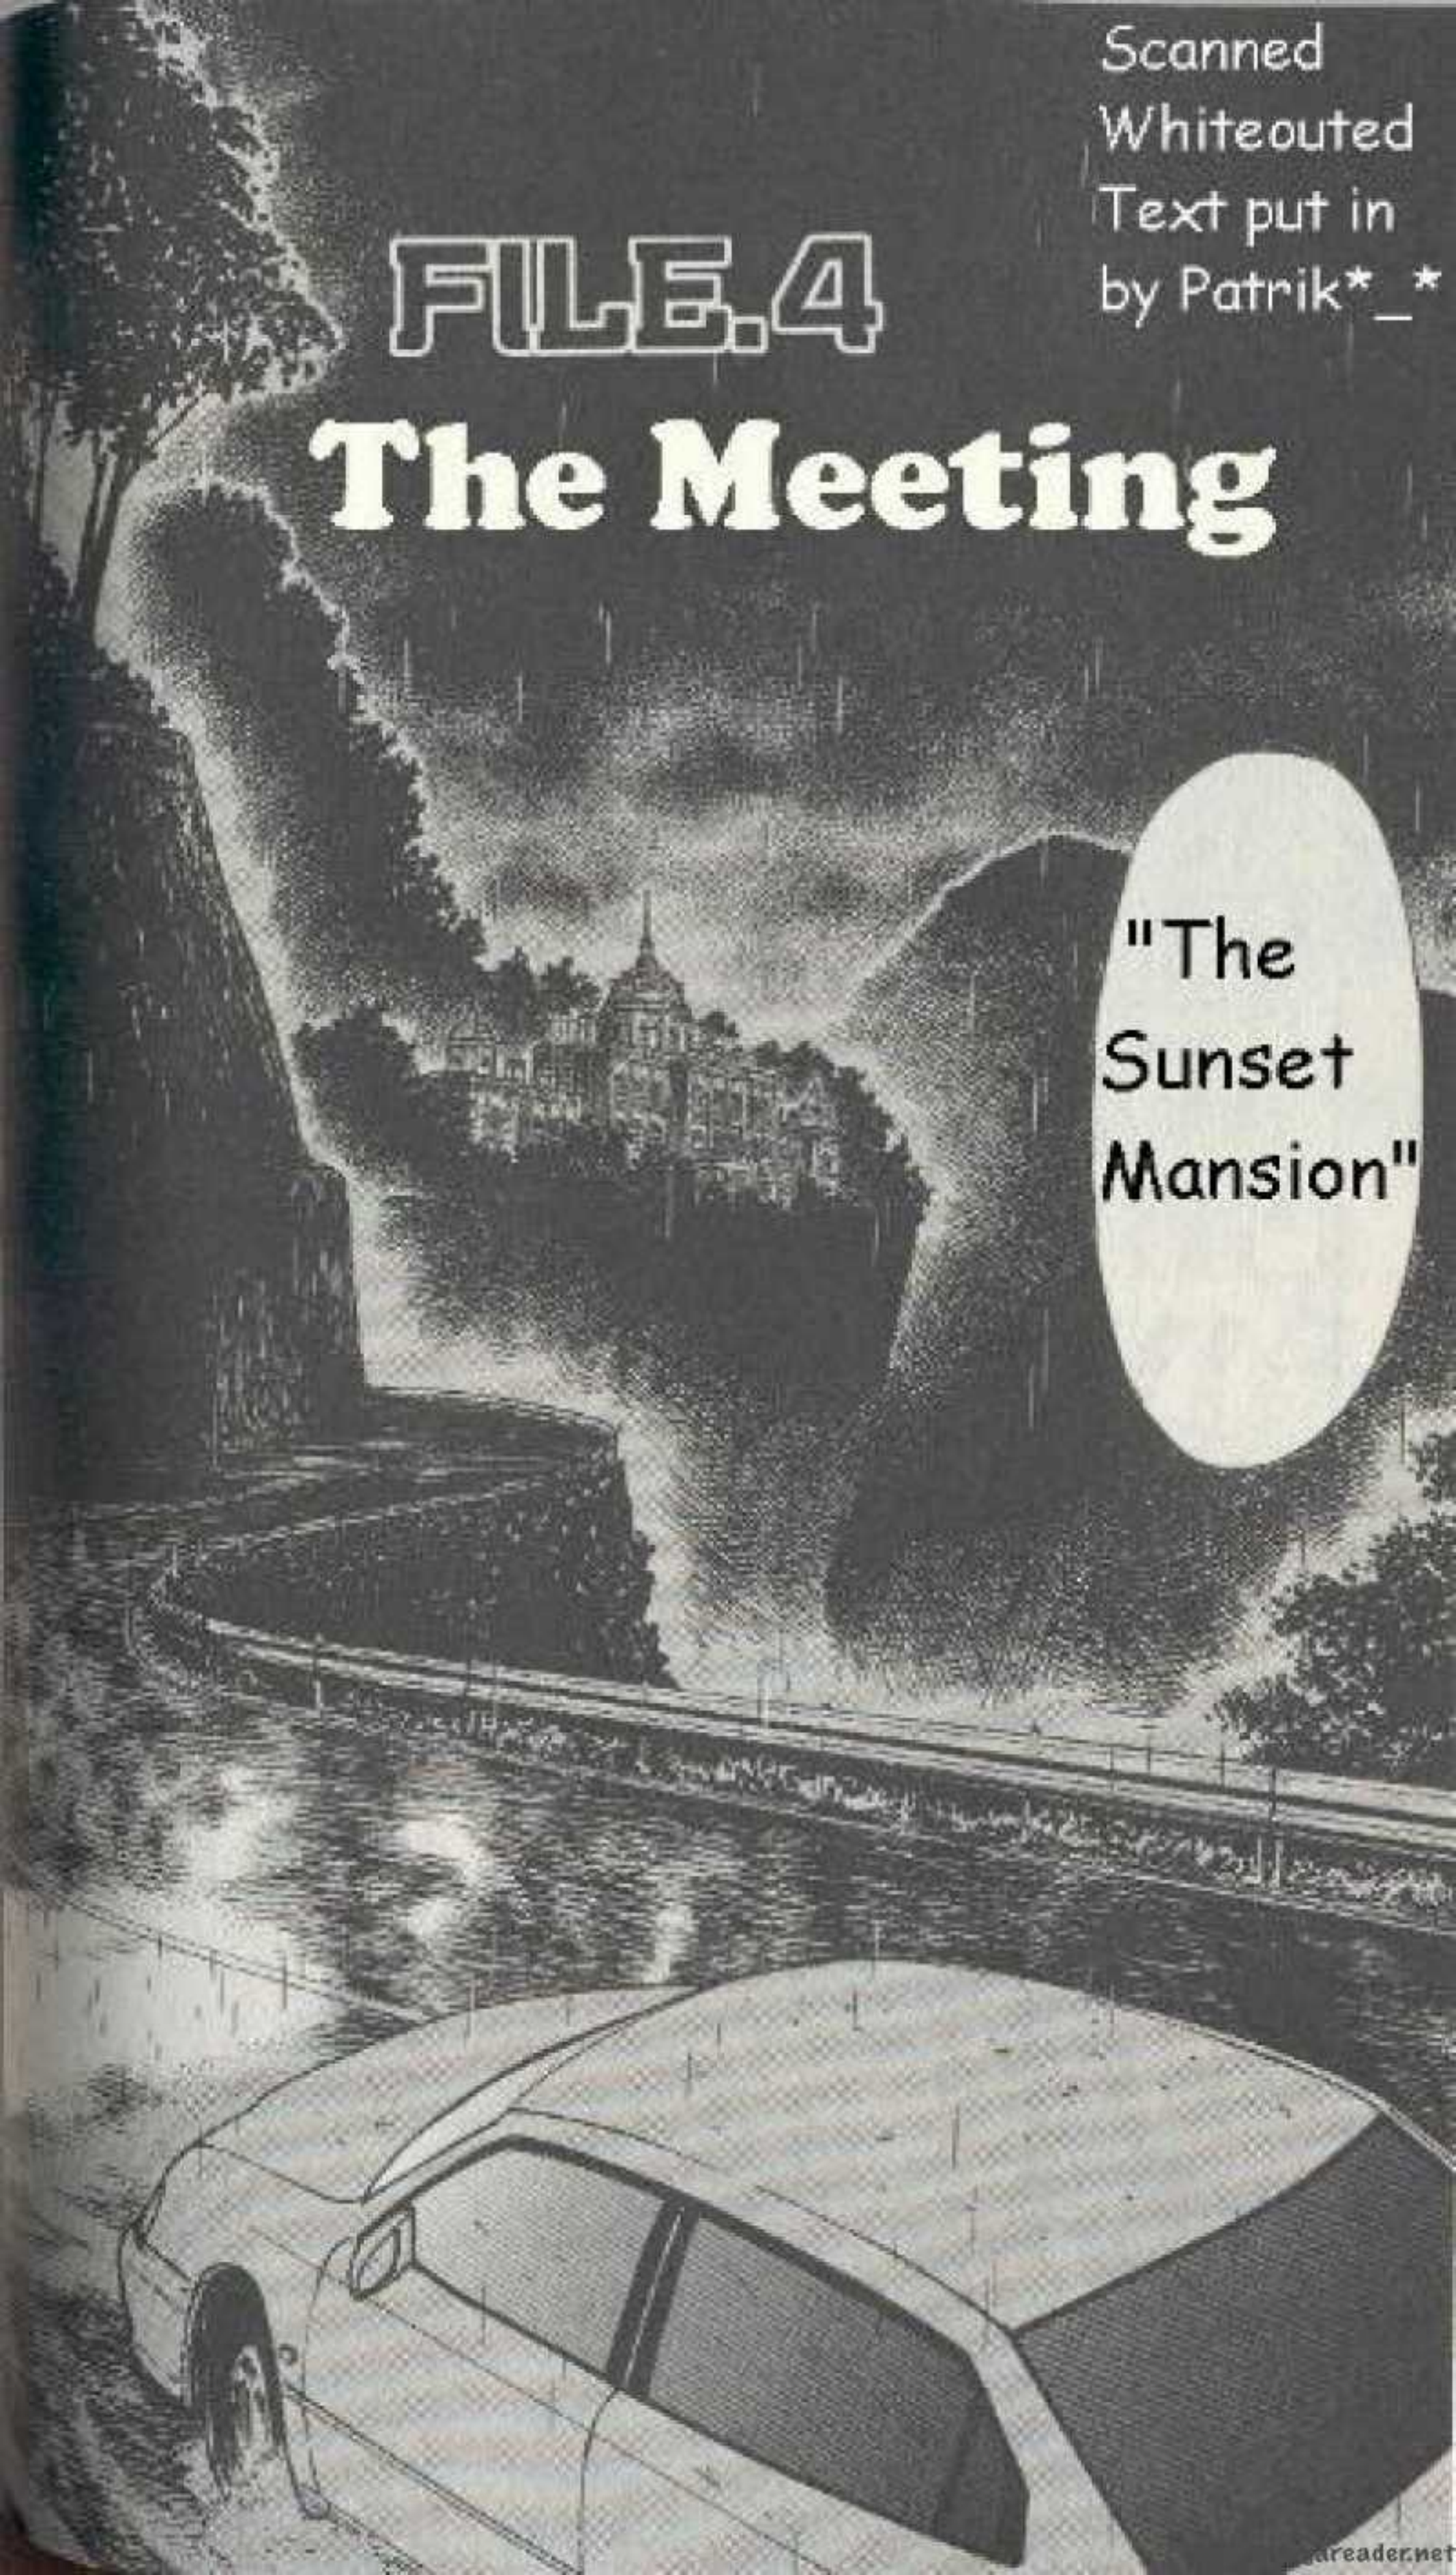

Well I guess he was right about it being a short cut!

The Meeting

"The
Sunset
Mansion"

We can't refuse! He not only sent some strange letter he sent me a check for 2 million yen?

A, are we really going? It looks scary...

I'd say it looks more like Dracula's house...

Rather than a sunset mansion...

Oh yeah that "Phantom Kid that God abandoned" thing....

But the letter was signed with a strange name right?

That God abandoned...

Phantom Child...

A
!?

Humph! There aren't any vampires in Japan! The only thing that would come out is a ogre...

Hey, let's not go... Dracula might really come out...

People who do well always no when there is a chance... "If you miss a chance once, then you may never get the same chance again." is what he would say...

Young lady? I know I shouldn't say this... But the principle of my elementary school always used to say to me...

Dad, if we're going let's just go! I have to go to the bathroom...

al-right

what?

Why didn't you do it when you stopped at the gasoline stand a while ago?

and a brand new cigaret butt under it...

An empty ashtray...

It's easy little boy...

How did you know? That we went to the gasoline stand a while ago...

who are you?

Wh,

that shows you're a heavy smoker... But the ashtray is empty... That shows that you have gone to a gasoline stand within about 10 km... And a gentleman that is kind enough to give an old lady a lift surely wouldn't throw a cigaret out the window in front of his daughter...

If you had smoked so much that one fell on the ground...

Just like I'm a detective!
you Mr. Sleeping Kogoro?

My name is Furuyo Senma...

Furuyo Senma
(63)
Detective

Hey, wait!!

Well anyway can I have this ashtray?

You mean you're the detective that can solve any mystery just by hearing what had happened in an armchair...

Furuyo Senma...

ur...

I can't stand cigaret smoke...

Don't smoke in front of me in the mansion!

Go as fast as you can!!

Well, the mansion's straight ahead!

Bathroom
bathroom...

Wow... The
closer you
see it the
freakier it gets...

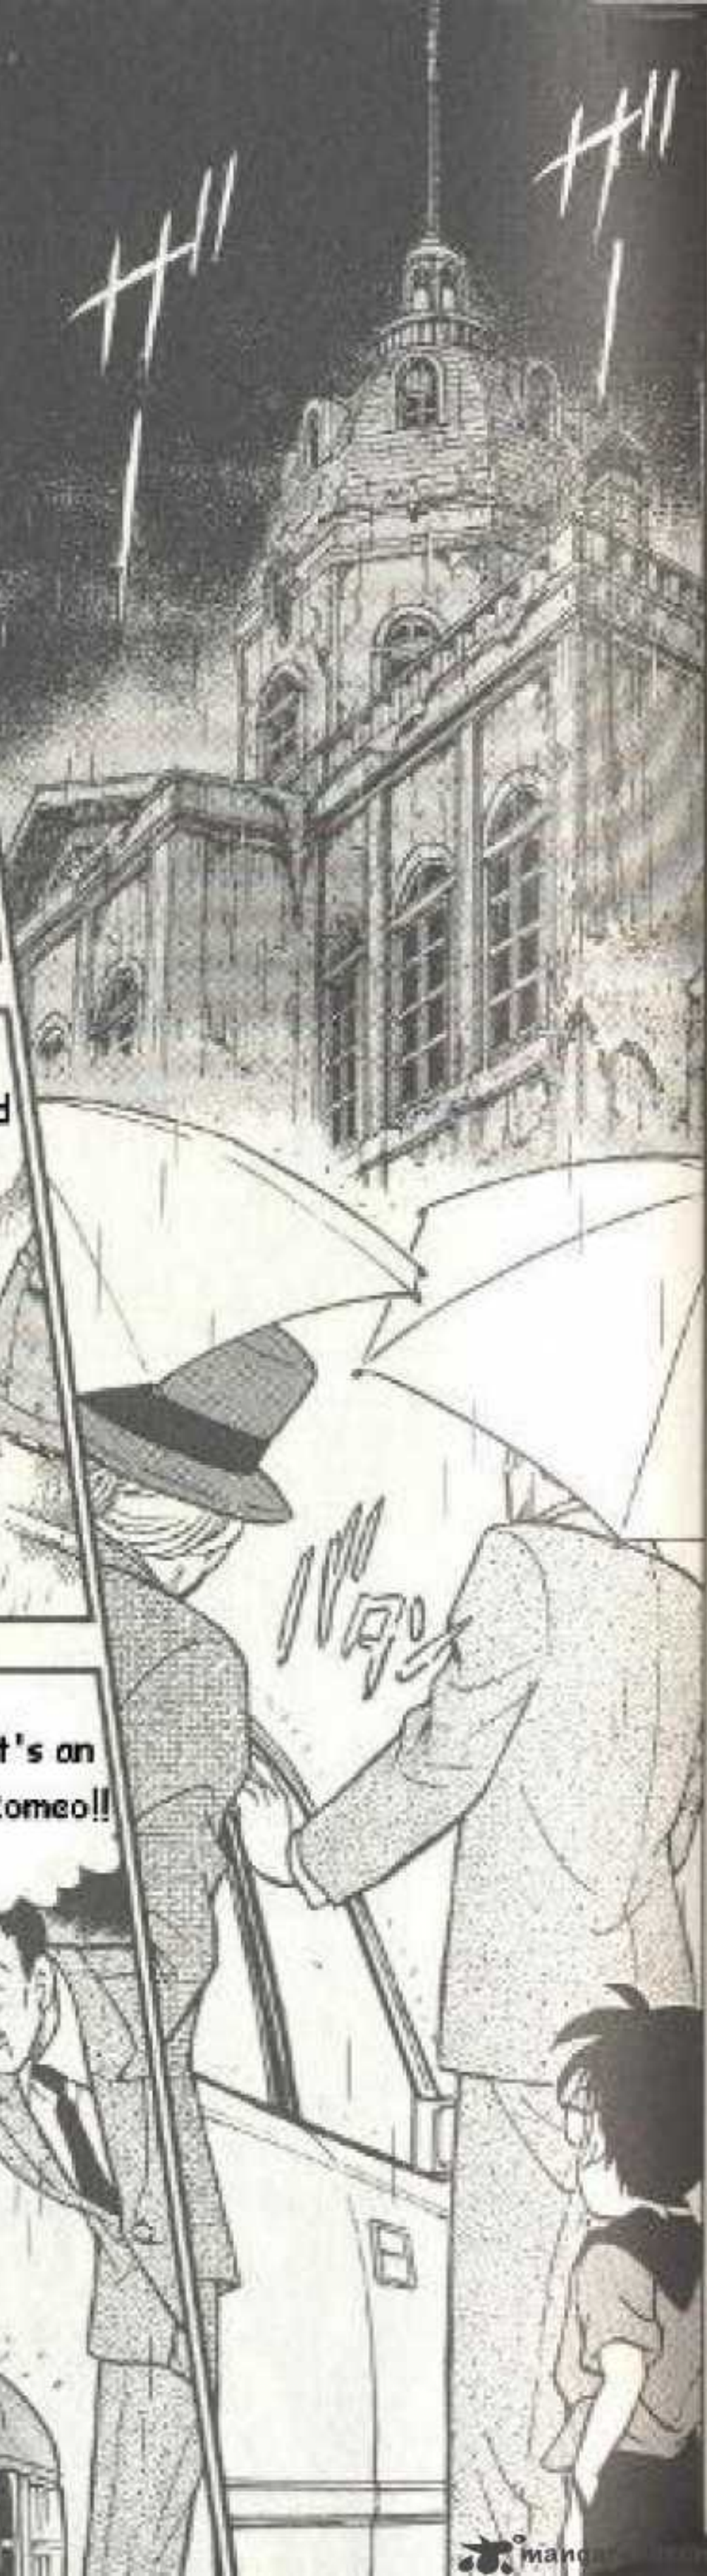

Just a
bunch
of fancy
cars...

Bence,
Ferrari, and
a Portche!

Get your
hands off
my girl!!

Cool
Ohhh- it's an
Alpha Romeo!!

I don't want any other men touching her with their dirty hands..
Got it
Mustache Face...

It took me five years to get her...

Harufumi Mogi
(39)
Detective

That's so long ago I forgot about it already

But are you alright? I heard you were shot by a bunch of Mafias about a week ago...

Oh! Granny Senmal!

Long time no see! You were invited too...

M, mustache face?

Ah I don't know...

You are almost 40, right?

Well are you thinking about getting married yet?

I, I'm very sorry... We do have all the ingredients...

Why do you think I came here in the first place!! The whole reason I came here was for the meal!! what?

What!? The cook is sick and can't come!?

All I need now is something to eat to shut up my wailing stomach?

Isn't that the famous cook and chef Ogami...

u
r
r

Cooking and Solving Mysteries are the two things you can leave to me!!

Then take me to the kitchen! I'll make it!!

Y. yes... a woman and a young boy...

Hey, there are two more?

No actually there are 6 detectives all together... What are you planning to do? Calling 4 detectives into the mountains...

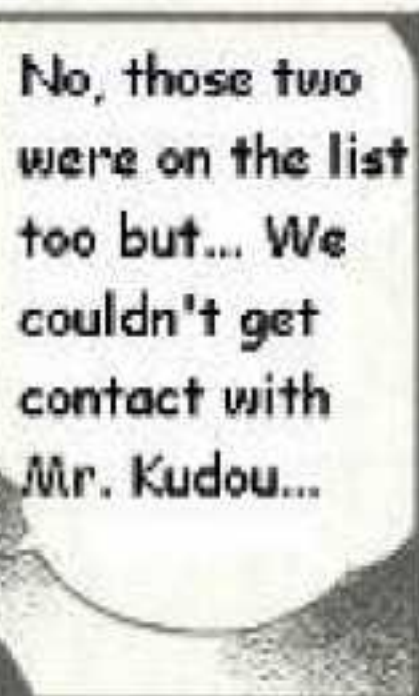

Shukuzen Ogami (51) Detective

And Mr. Hattori's mother called to inform that he couldn't come because of mid-term exams...

sorry...

No, those two were on the list too but... We couldn't get contact with Mr. Kudou...

No, Its probably Heiji

Shin-ichi

A young boy...

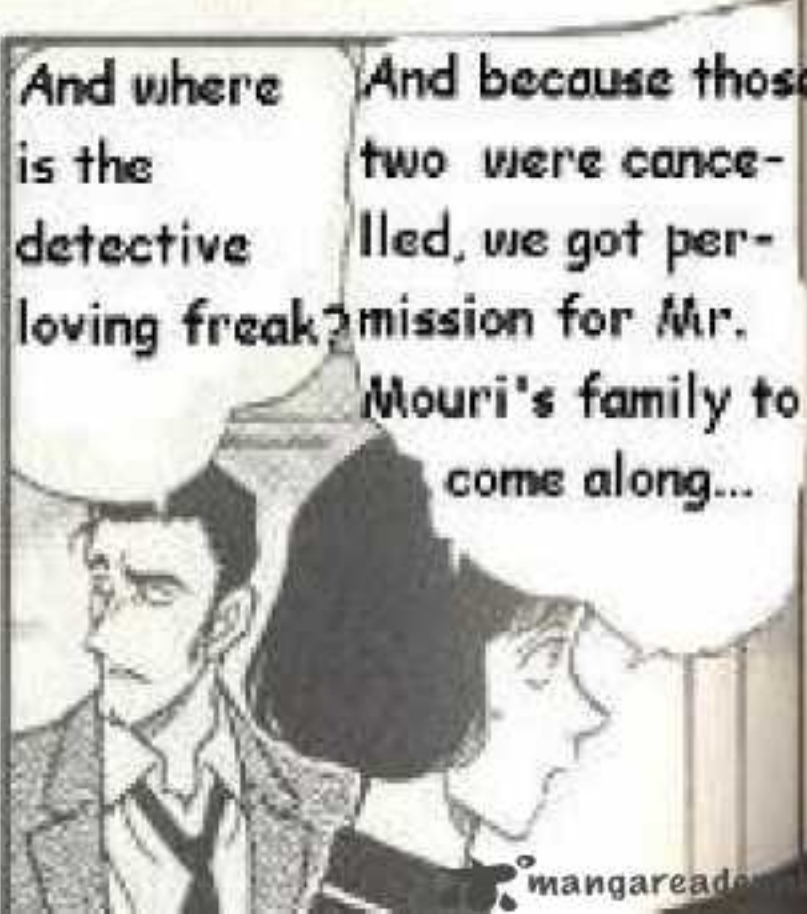

very strange interview...

Yes... I got it when we were having the interview...

What? But he gave you the list right?

I don't know... I've never met him before either...

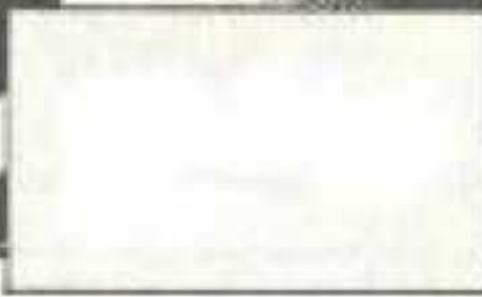

And where is the detective loving freak?

And because those two were cancelled, we got permission for Mr. Mouri's family to come along...

I was thinking it was strange that people coming out of the room had puzzled looks...

It was in a small room but when I entered all there was was a computer with a piece of paper with the instructions and the list of guests on it...

No...All of his orders were given by cell phone mail...

But you at least heard his voice right? You said he gave you an Ok...

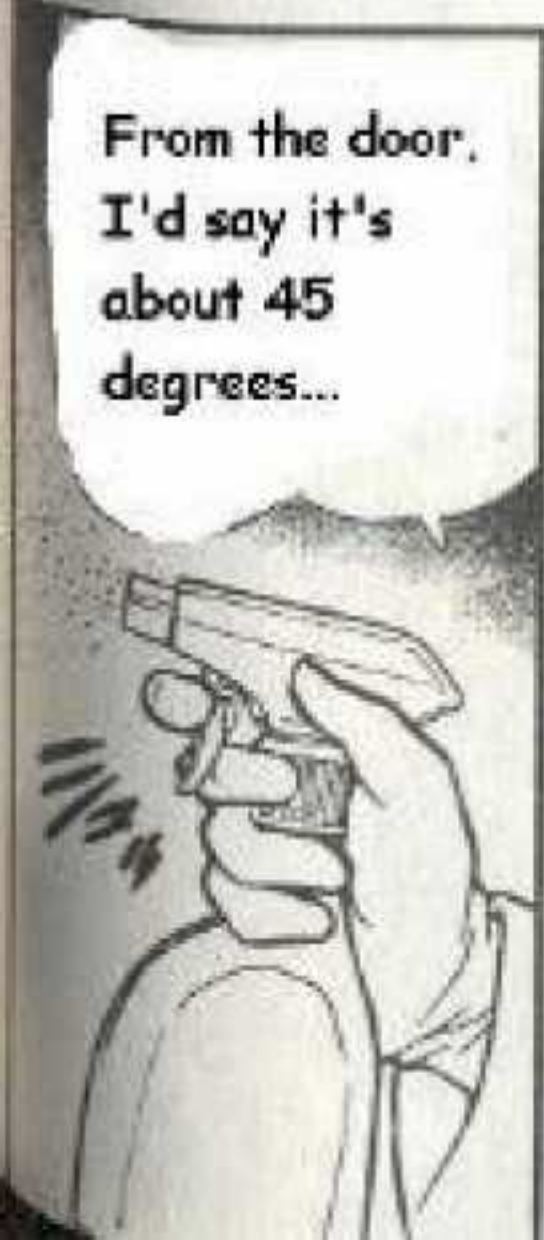

Yes, I was reading the papers just like it said on the computer screen and suddenly the screen lit up and the words "We will use you" came up...

So you don't know why you were chosen?

I starting to feel excited...

Well this is getting interesting...

From the door, I'd say it's about 45 degrees...

Really !?

Careful Baby! That's probably just some old blood...

What a strange design...

Humph! I'm feeling excited since I'd seen that strange design on the door handle?

Wasn't just one or two people...

I guess the owner of this blood...

Ikumi Souda (29) Detective

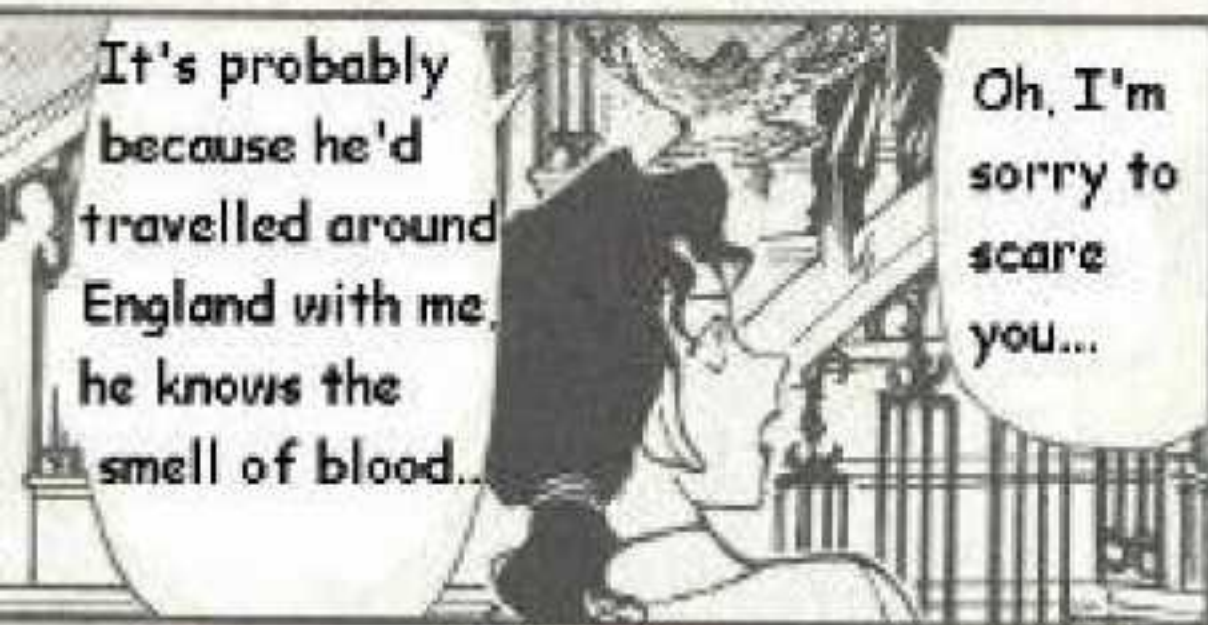

I guess they tried to wipe it away, but there are remains of blood everywhere in this mansion...

It's not only that door... There's also blood on the floor and the walls.

an interesting thing you have Ms. Ex-doctor...

Luminole... When sprayed over blood or remains of blood it makes them a purple color...

It's probably because he'd travelled around England with me, he knows the smell of blood...

Oh, I'm sorry to scare you...

A hawk!?

wh- at?

After 40 years of time had past...

But, I'm glad I came back for a change... I can finally find out about the disaster, that had been hidden for years, and had only been heard by rumors...

disaster!?

D...

Isn't it just perfect for my knowledge as a detective...

Isn't that right Watson!

Well there is one more reason I came here...

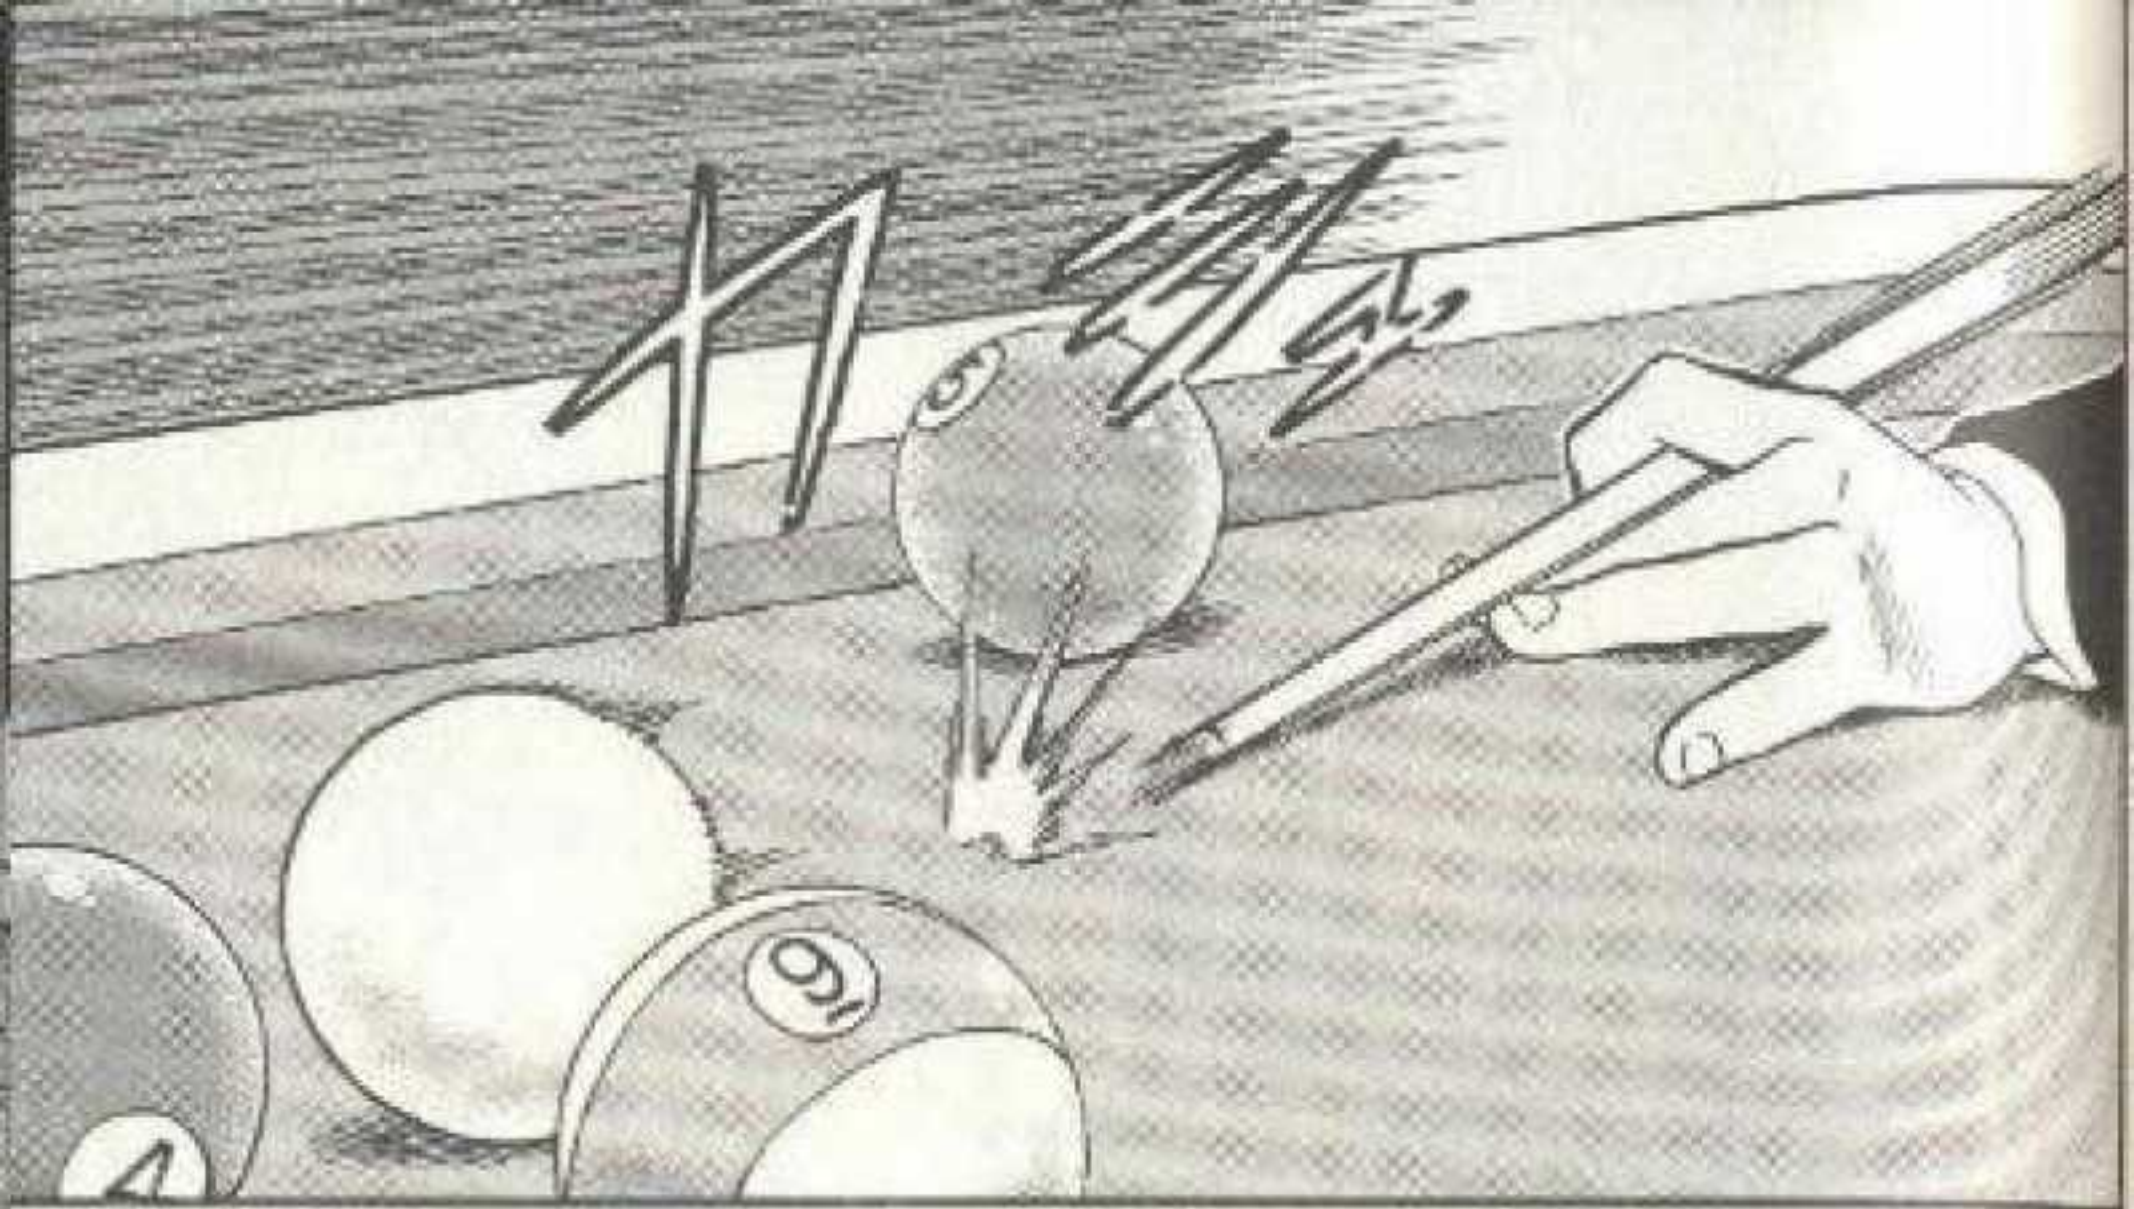

I will call you when the meal is done...

W, well I will take the people that have just arrived to their rooms, everyone else may relax in the living room...

Saguru Hakuba
(17)
Detective

I got a straight!!

Look look ^-^

Whoa you do good for a young guy...

No cheating Ran...

Wait!

She's strong at poker too...

I guess I win again!

But, I think these were stuck from the beginning...

really ...

oh

Look at your Jack! There are two cards stuck together?

Well wasn't the maid saying? That this mansion wasn't moved much after the case...

Oh look there's blood here too...

What's wrong Ran!?

A A A
A A A
A A H
H H H
H H H!!
H!! H!!

The meal is ready... The Master is waiting in the dining room...

Ah!

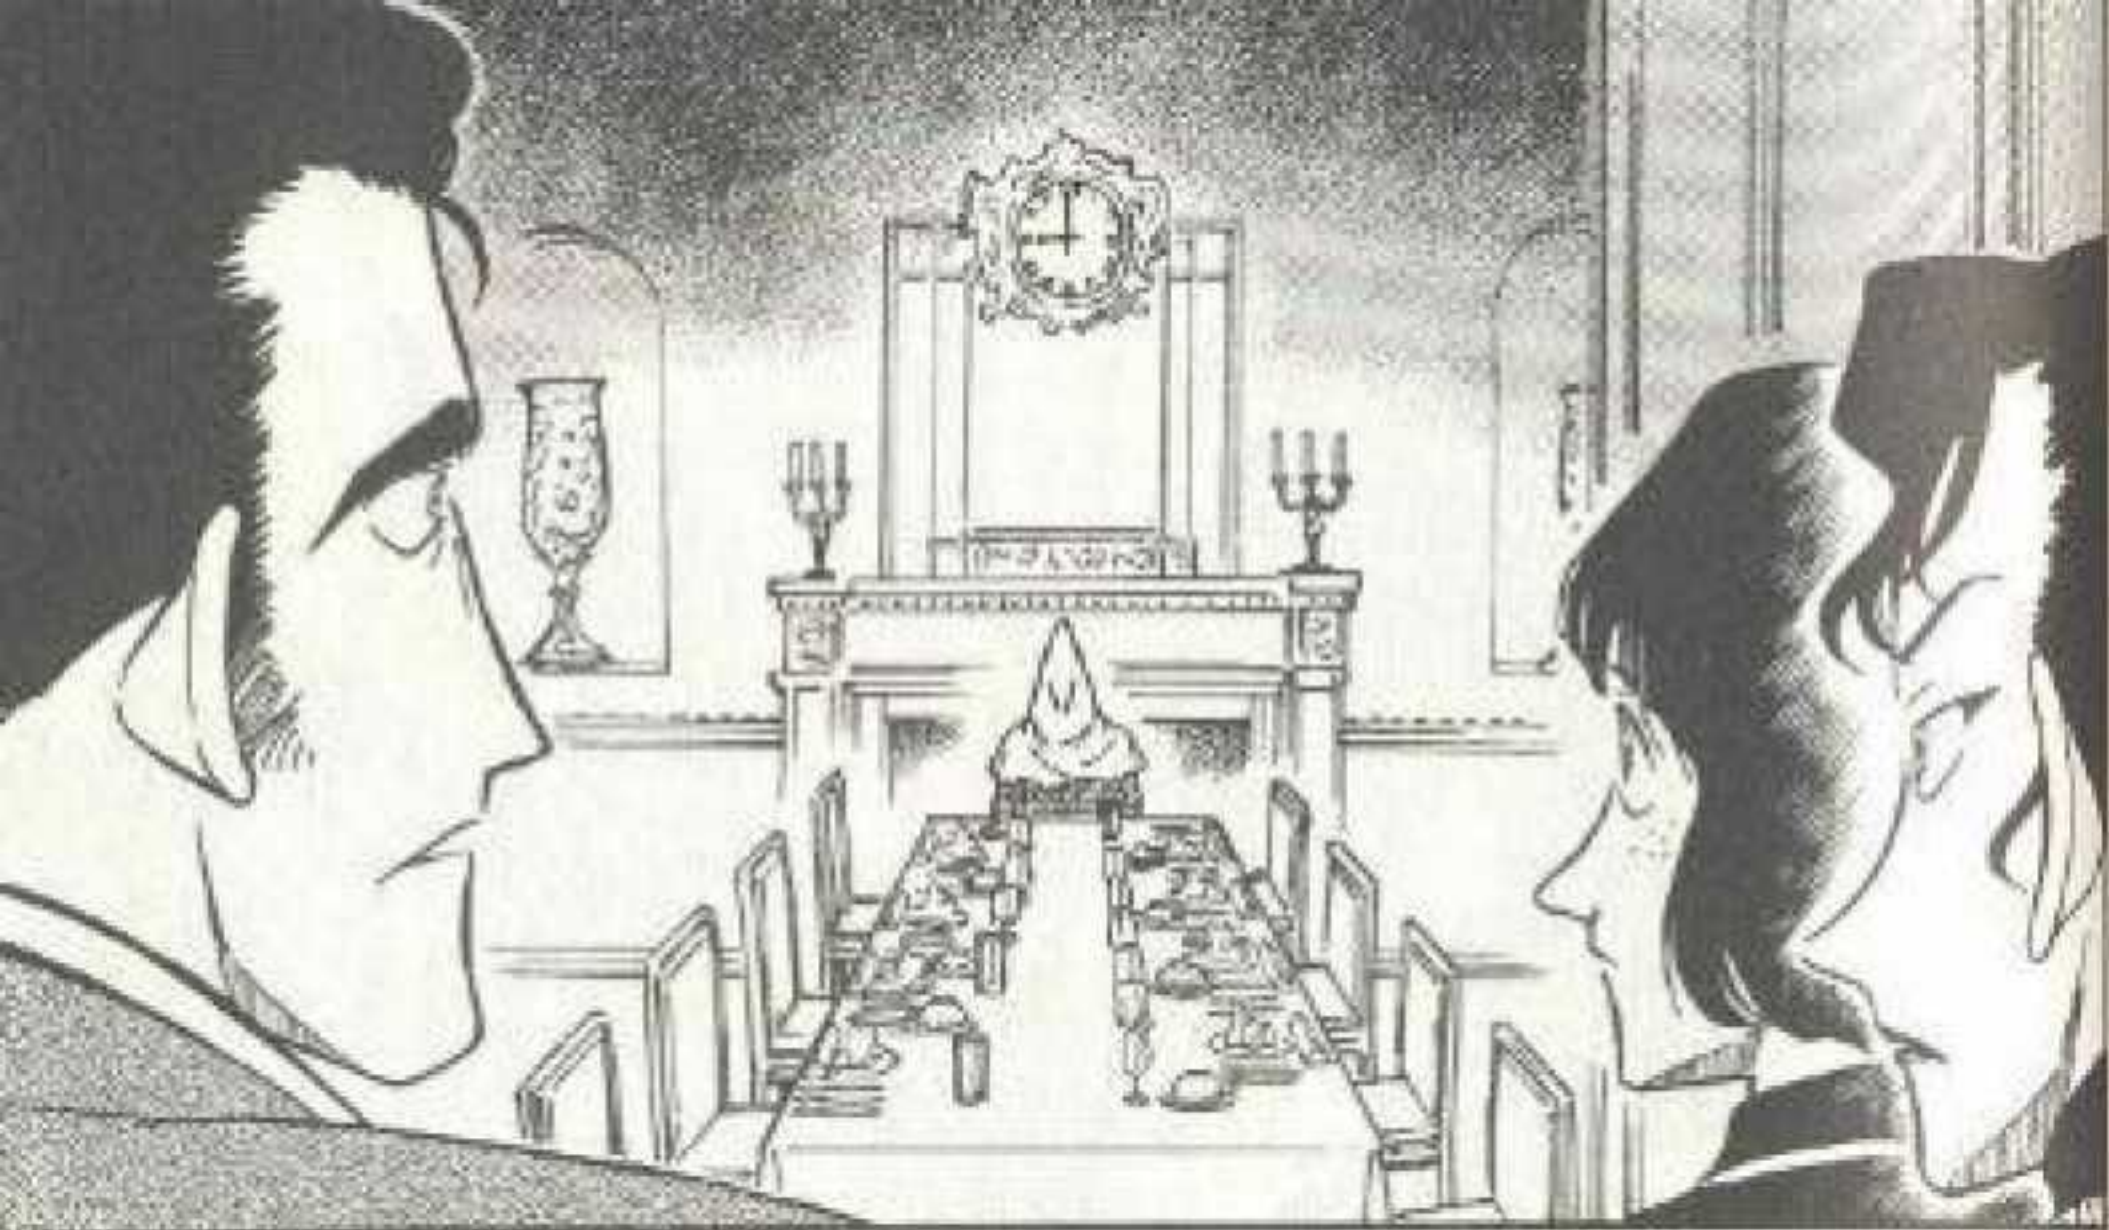

Then a disaster happened in this room...

I don't feel so good.

I can't wait

So he'll finally show his face...

Please
sit down!

Thank you
for joining
me at the
Sunset
Mansion...

The six
detect-
ives!

The reason I called
you here, was bec-
ause I wanted you to
find the treasure
hidden somewhere
in this mansion...

Oh yes

Give out the
food in the
order I tell
you to...

Our
life
...

O...

By
risking
your
life...

And for you to
find the treasure
hidden for years...

Sometimes I want to be the one after you...

The police and you detectives are always after me...

Y, you got rid of our cars!?

I just made sure you wouldn't run away

W, what was that sound!?

Of course there is no telephone here and you can't use your cell phones...

Well anyway I dropped the bridge you past on the way here, you wouldn't be able to run away even if you had a car...

Hide themselves and run away like you!!

Humph... I can't stand it... People who...

So what do you think of my game?

This a game where you must find the treasure, and I will only give the one who finds it half of the treasure and the way out of here...

Wh, who...
Who did
this!?

Shit!

A speaker
on a
dummy...

Now, you cannot
find a treasure if
you were hungry.
Let's eat... You're
very last meal...

It was on
the
invitation
...

Huh

Oh, the great
Detective
Mr. Mouri didn't
know who called
us here?

Is something
that doesn't
exist, almost
like something
magical...

A
phantom...

the "Phan-
tom's Ch-
ild that
God aban-
doned"...

In english a goat
is called "goat"
but this is what
they call a baby
goat...

The child that God
abandoned stands for
the goat, you know like
the story in the holy
book... In this case
they mean
a baby goat...

You know,
like for dogs
and horses?

Child written
with a number
mark is only
used for
animals...
