FILE.6

The Murder

one of us
is the
criminal!?

O...

Th,
that
is true...

Well the criminal could have
recorded it beforehand, then
he or she could have been
pretending to listen to the
tape while eating
dinner with us?

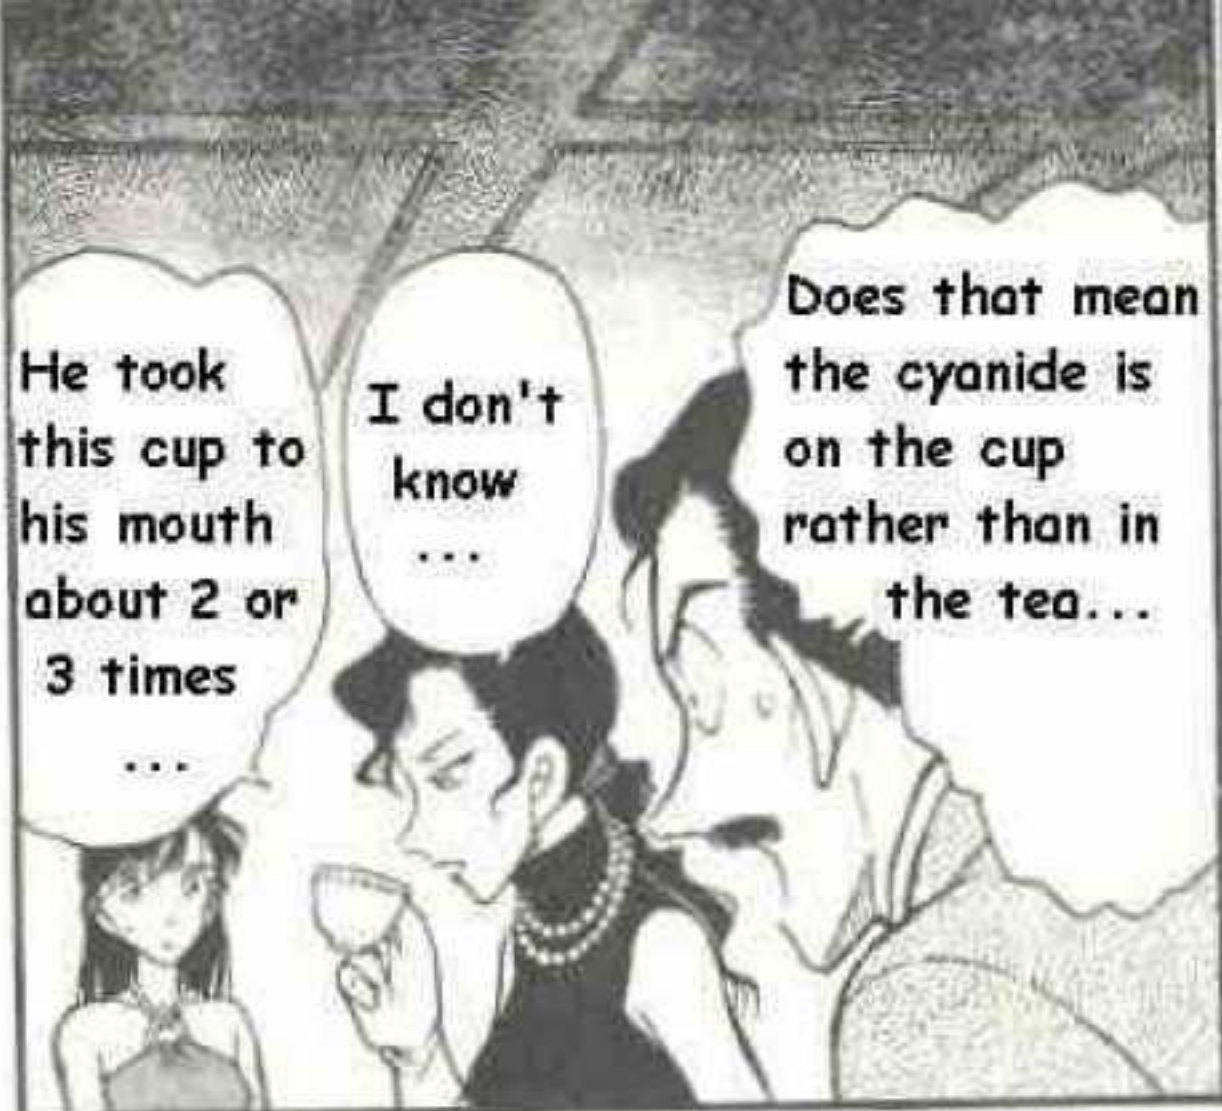

The problem is...
No cyanide was
found in the cup
Mr. Ogami was
drinking from...

Not only that,
seeing to the
tape, the murder
also knew what
time Mr. Ogami
was going to die...

Yeah...
In from
of us
five det-
ectives...

And without
any of us
noticing...
The murderer
made Mr.
Ogami drink
the cya-
nide...

He took this cup to his mouth about 2 or 3 times ...

I don't know ...

Does that mean the cyanide is on the cup rather than in the tea...

The problem is... No cyanide was found in the cup Mr. Ogami was drinking from...

I've heard that he doesn't kill people but ...

But the criminal we're talking about is Kaitou Kid right?

Tack

Yes... The explosion we just heard ...

Good idea... There may be a car that hasn't blown up...

Well, nothing will happen if we just stand here talking... For now, why don't we go see? If are cars were really blown up!

Yes... From what I know this is the first...

Could have been a phony...

No... I had granny take me here by car...

So the Bence is yours?

My Alpha and Mr. Ogami's Porche's gone for good!

My car as well...

The car I rented is in flames

Woah ...

I think it's the Master's car...

Whose Bence is it?

How strange... I've also been taken here by Mr. Mouri ...

The instructions said for me to park it out back ...

Y... yes...

Out back... Does that mean you didn't park your car here?

...I guess he also destroyed my car out back ...

Th...then maybe there is someone in the mansion other than us...

When I came early in the morning it was already there ...

Then I will too ...

I'll go with you...

Then why don't we go check if the bridge is really gone...

He probably just forgot to set a bomb!

Isn't there something suspicious? About this car ...

Me too...

Klak

Oh it's safe!!

Of course... If it's a phantom it would become a phantom ship ...

If there are to many passengers the ship will sink...

I have exactly 5 coins so...

Klink

Than why don't we decide by flipping coins?

Will go and check the bridge...

Then the people with the coins that land on heads...

But who cares...

It is an old way of choosing ...

What a convenient kid!

Klink

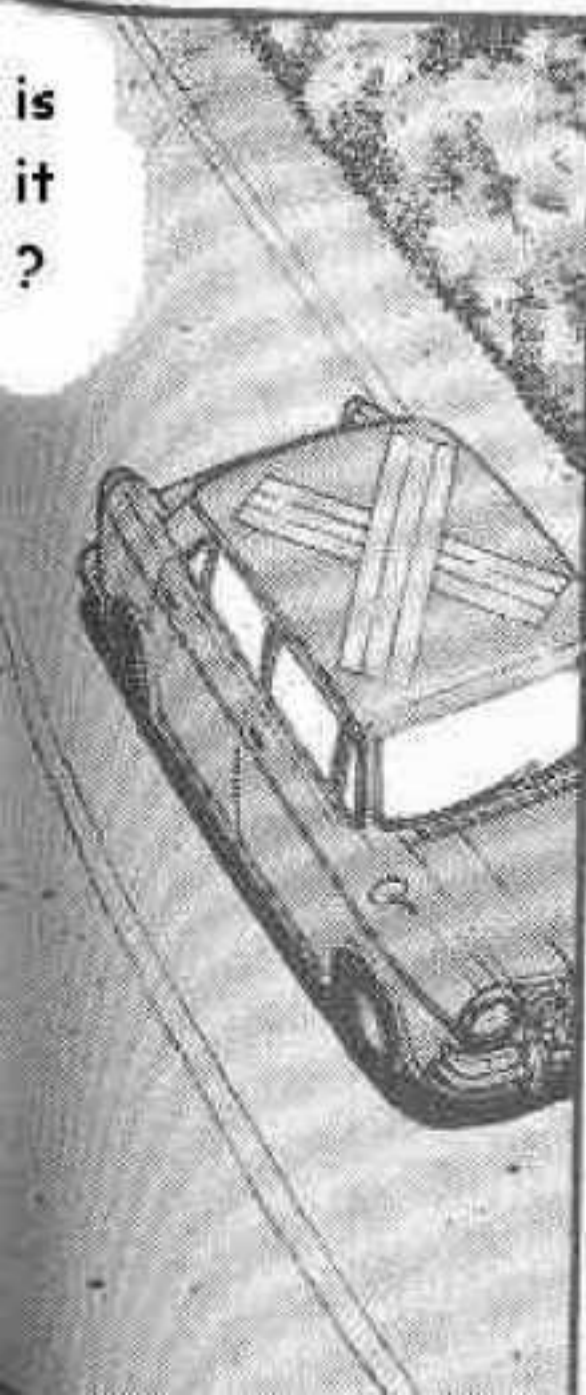

The people going are me, Mr. Mouri, and Mogi?

Thanks

Becareful Dad !!

is it ?

Th... That

Huh?

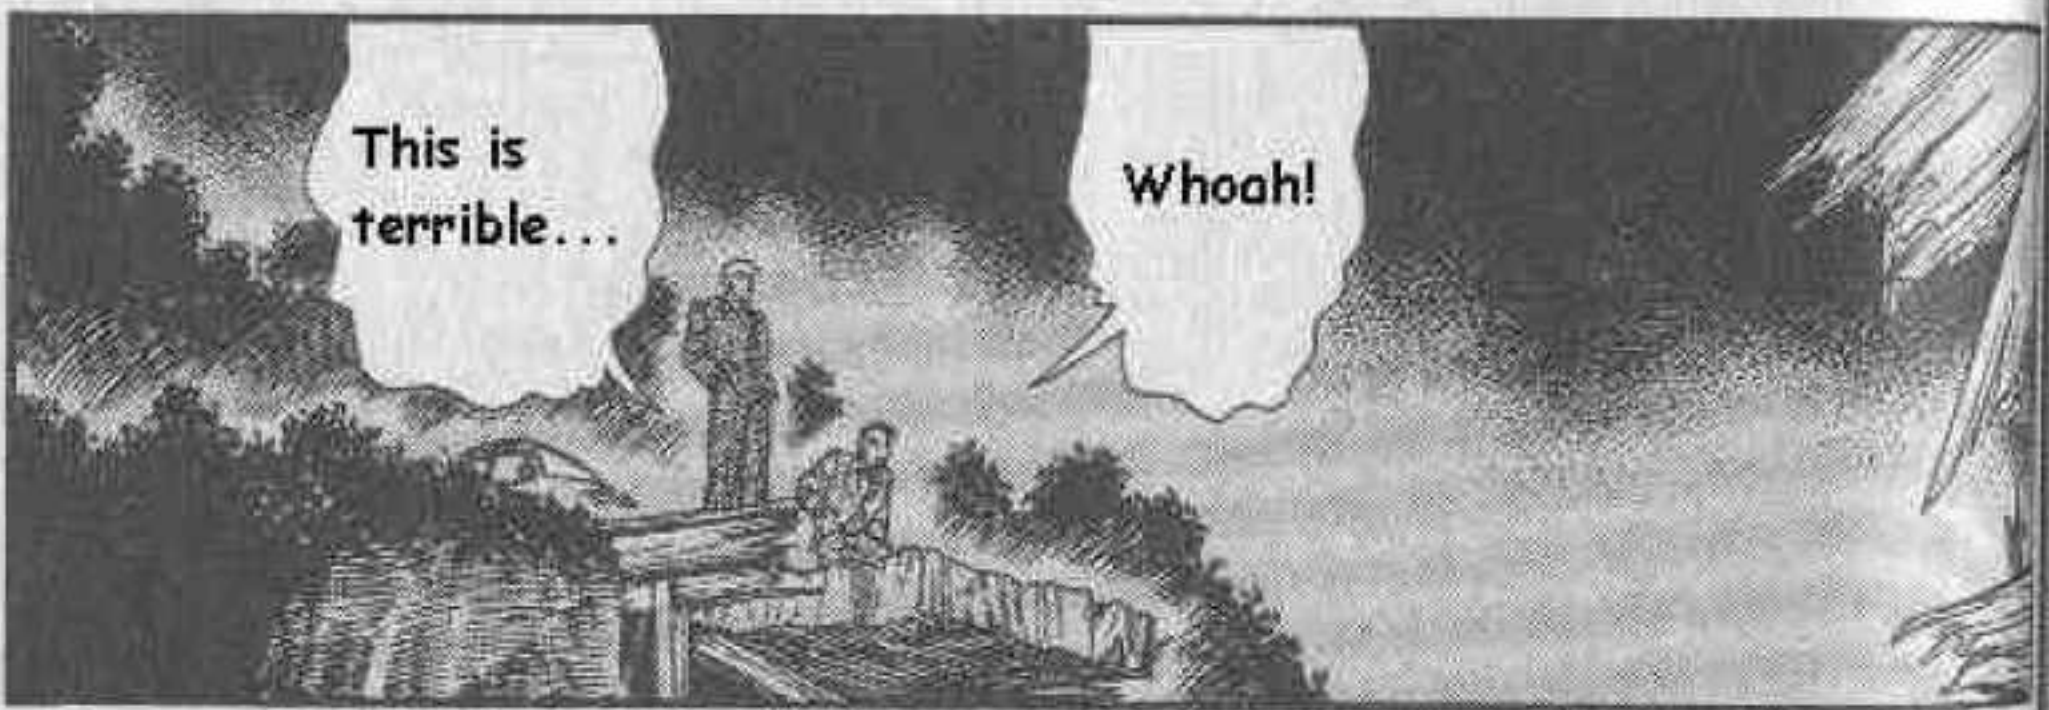

Oh, ok...

Let's wait inside!

Could it be!?

This is terrible...

Whoah!

Ok closer closer...

Make the headlights closer so we can see...

Hey Granny Senma!

It's completely gone...

Flash!

He isn't the type that would stop here...

Yeah...

Will the criminal... Do anything else...

H...how could he...

Yeah... Someone made it so the car would explode if the lights were tampered...

What!? Mrs. Senma was killed!?

Then we don't have to be embarrassed about going to the bathroom ...

Then us three girls will make a team...

He'll just get us if we wait... Let's check this mansion and see if anyone else is in here!

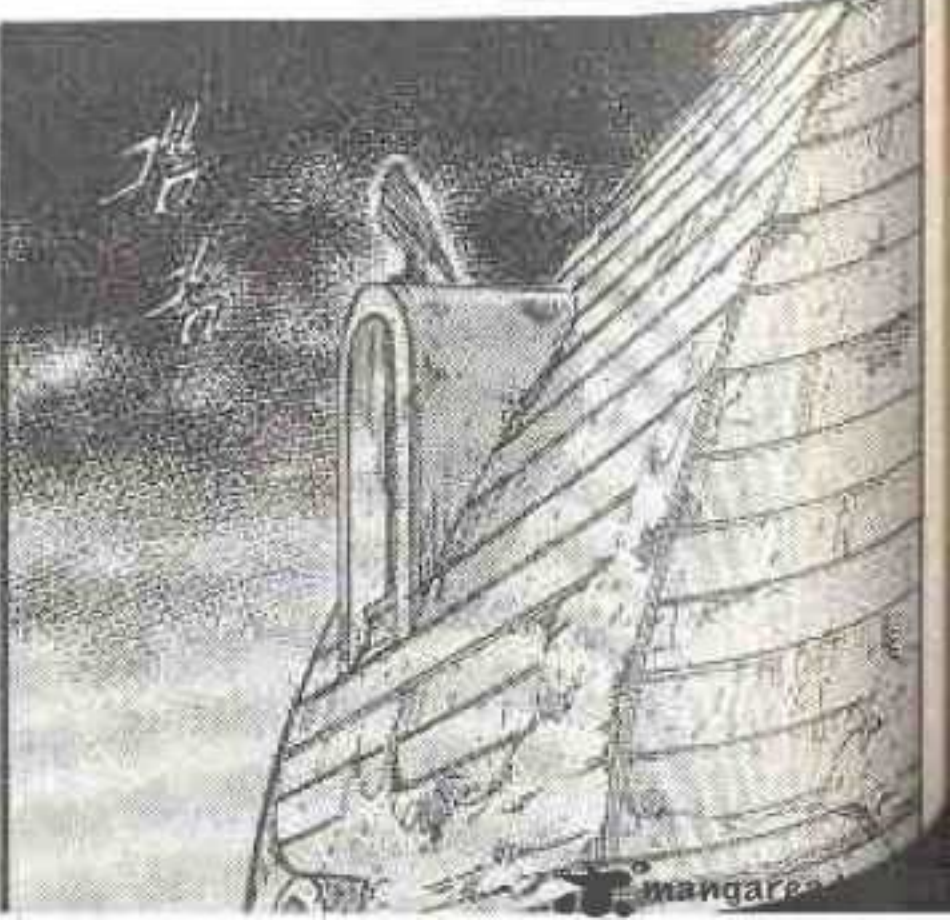

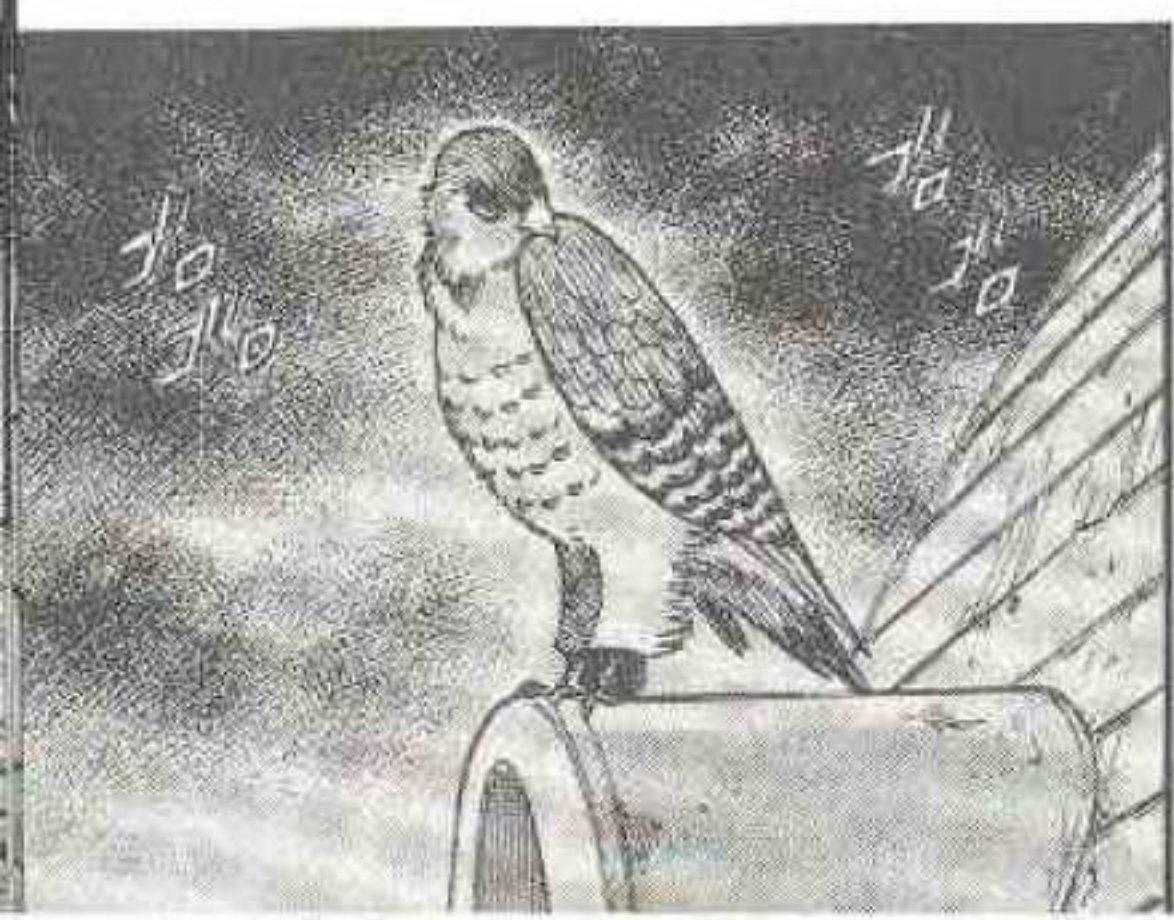

Maybe he's feeding his pet hawk something?

I don't know...

Hey.... Where did the kid with the brown hair go?

Oh... Here's something fancy...

Hmm mm?

What? There's something between the keys of the piano...

The hawk probably did it... I guess that kid's been here too...

There's a new scratch on the top of the piano...

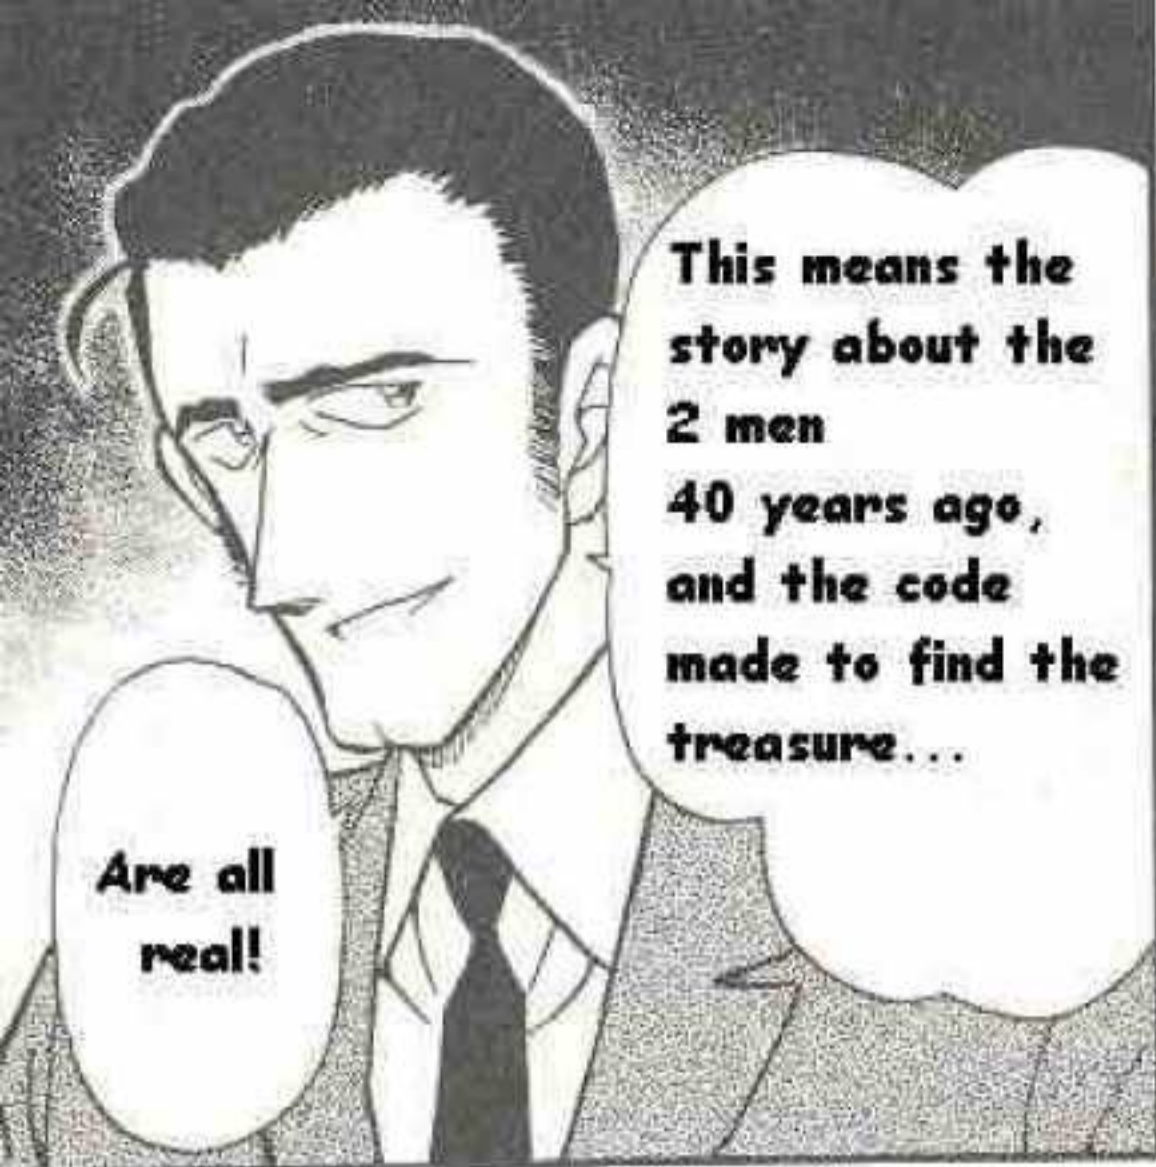

Plin Plin

This is the code that leads us to the treasure!?

二人の旅人が
天を仰いだ夜
悪魔が城に降臨し
王は宝を抱えて逃げ惑い
王妃は聖杯に涙を溜めて
許しを乞い
兵士は剣を自らの血で
染めて果てた

Th...this!?

This means the story about the 2 men 40 years ago, and the code made to find the treasure...

Are all real!

Well, it was probably made before there were copy machines, by someone who wanted people to figure this out fast...

But then why is it on wheat paper?

clik

Eh?

Hey mustache guy, turn off the lights!

Hurry!

This is that girl's luminole... I guess she was here too...

Hey this piano's wet...

What!?

Wh...

Huh?

40 years ago in this mansion ...

Then there really was something ...

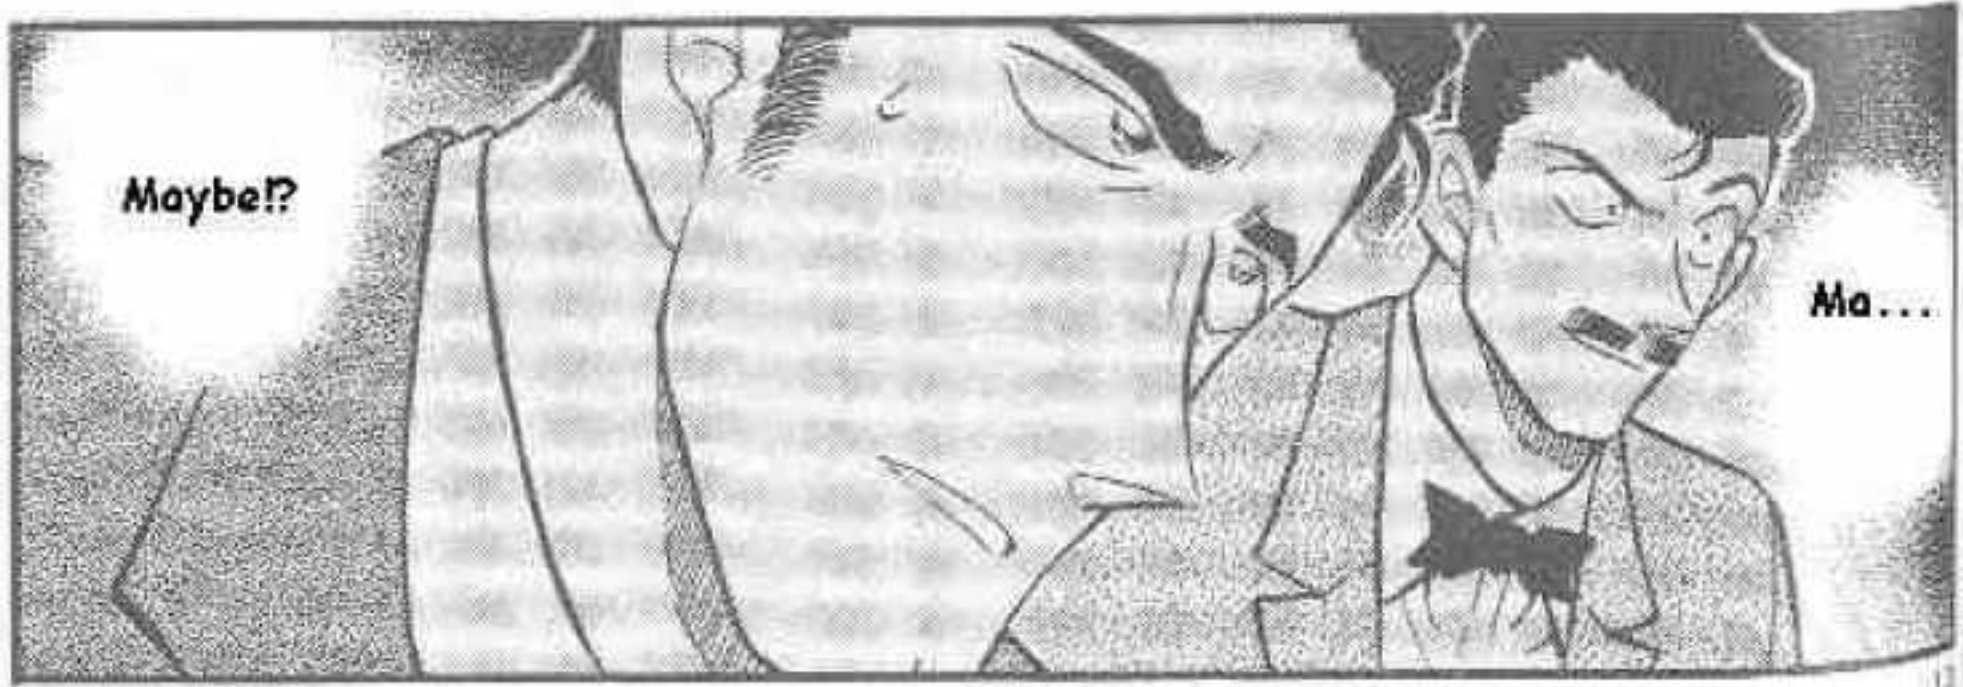

Has words written in blood!?

The piano...

The last way...

私は鳥丸の
暗号解読の
切り札をやつと
つ外だといふ

Maybe!?

Ma...

I knew it was you...

I guess you were just planning to say I was the murderer later on...

It was under the pillow in my room...

What a coincidence ...

Wow kid... That's a violent thing you have there?

The murderer would never endanger themselves and go in a car with a bomb in it... And the murderer had to be one of the people that remained in this mansion....

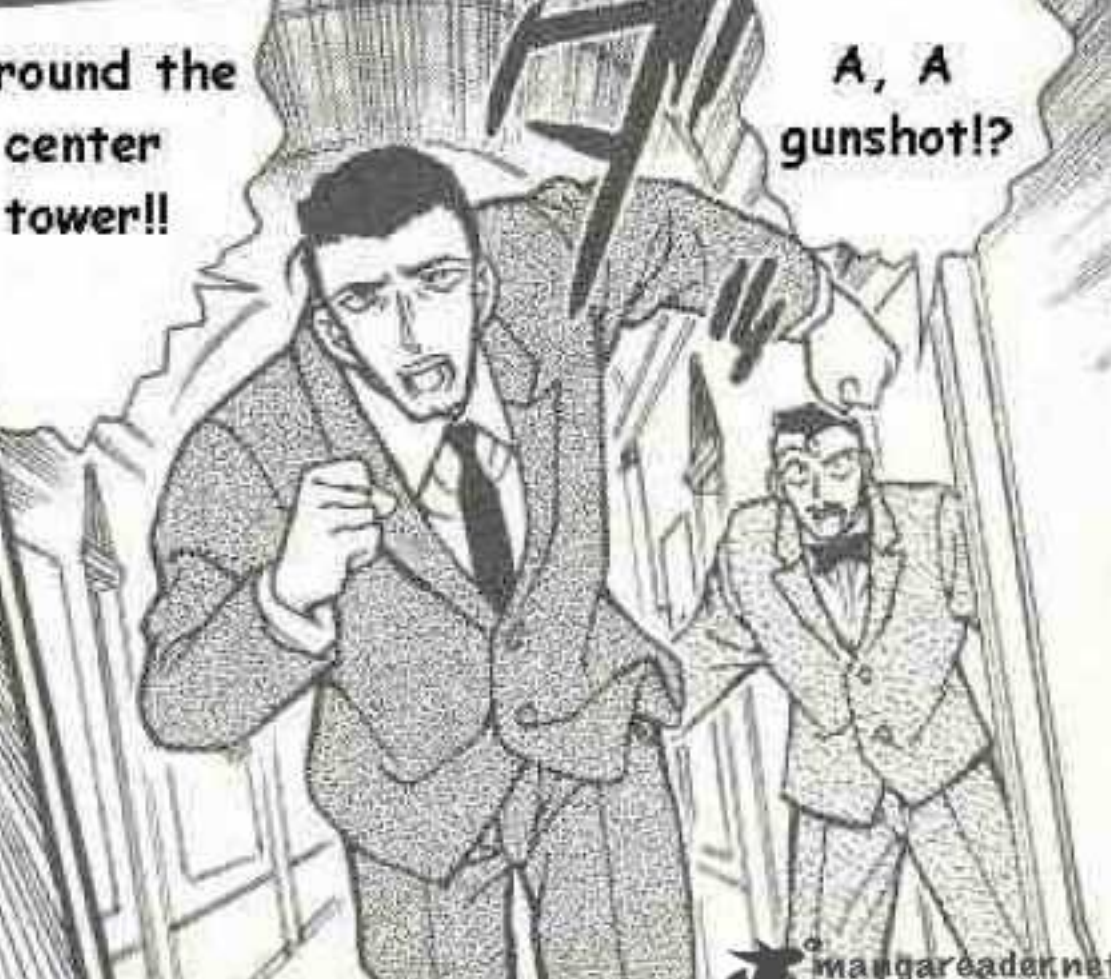

The same thing about you...

I was thinking the same thing...

Around the center tower!!

A, A gunshot!?

Fool!!

S...
someone's
using the
stairs!!

Too late....
It went
through his
heart...

Oh yeah we
were supposed to
type in the
answer...

Huh
?

A, a
comp-
uter!?

Eh ?

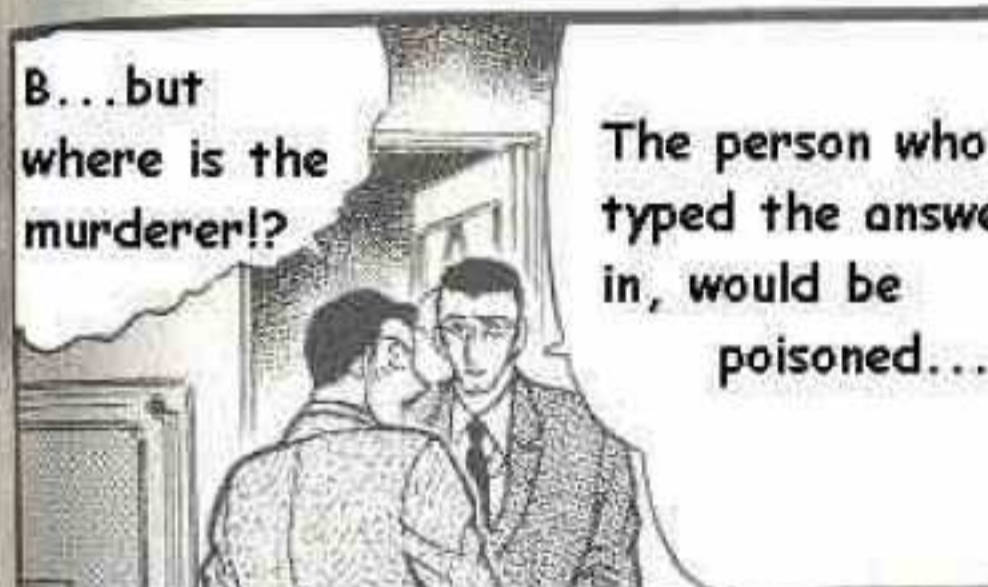

Klin

Look! It's made so a poisoned needle sticks out when you turn the nob...

Ms Souda...

M...

B...but where is the murderer!?

The person who typed the answer in, would be poisoned...

If that gun shot was fake, it was either me or you...

And your daughter and the maid are sleeping in the toilet?

Stop it! You know the girl won't fall for her own trick...

It's gotta be you?

And if it wasn't me...
