That's nice!

They even have a strap of him!

Leon's the show's main animal!

The white lion Leon was

The animals were really cute!

The show was so fun!!

especially amazing!

Oh-... Don't you have strange interests?

Right! I bought it at the store with Haibara-san before the show!

3

Huh?

Leave me alone ...

I think it's better than someone who's always lying around reading bloody mysteries, don't you?

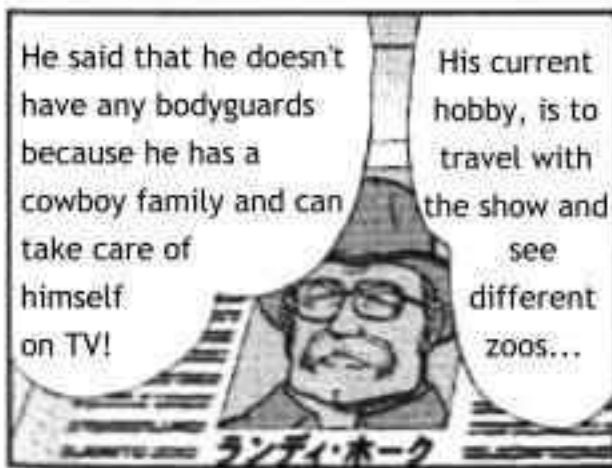

Oh... That's the Animal Show's sponsor Randy Hoke!

Who's that? With all the people around him...

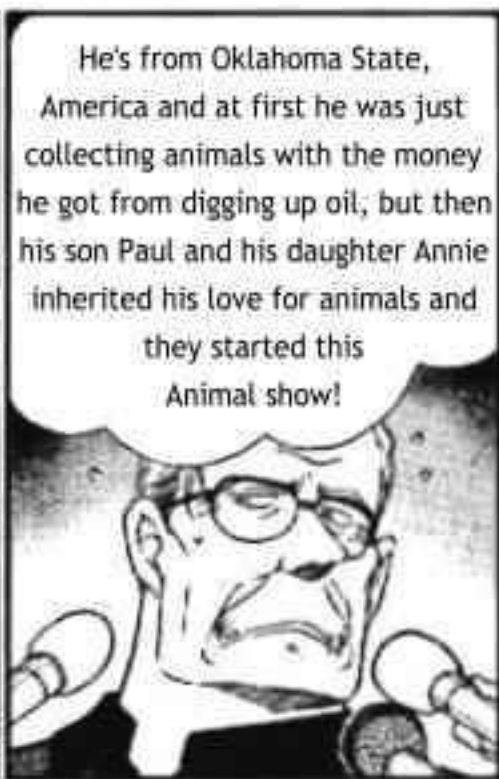

Oh, he is...

See, isn't his picture in the pamphlet?

He said that he doesn't have any bodyguards because he has a cowboy family and can take care of himself on TV!

His current hobby, is to travel with the show and see different zoos...

He's from Oklahoma State, America and at first he was just collecting animals with the money he got from digging up oil, but then his son Paul and his daughter Annie inherited his love for animals and they started this Animal show!

Stop kidding ...

I'm not Mr. Hoke ...

N, no...

Mr. Hoke!!

Mr. Hoke please say a comment !!

Oh ...

In quite good Japanese too...

Can you give me a break!?

(もう、いっけい加減にしてくれなにか?)

Mr. Hoke!!

Please say something Mr. Hoke!!

How's Japan after 3 years!?

Is the rumor that your are donating all of the money from the show to zoos all over the world true?

5

Oh, stop saying that and let's help him?

How lucky of him... While we don't even have a bodyguard and are living in fright... It serves him right...

Oh well...

Well well, even tough cowboys can't win against news reporters...

This cowboy is from the royal Queen's family...

The man is being surrounded by cows...

Yeah... It's our grandpa. Over there is a friend and he's an English teacher!

Thomas? This guy isn't Mr. Hoke?

Huh?

Oh, there you are Uncle Thomas!

Don't you remember promising to eat lunch with us?

C'mon let's go Uncle Thomas!

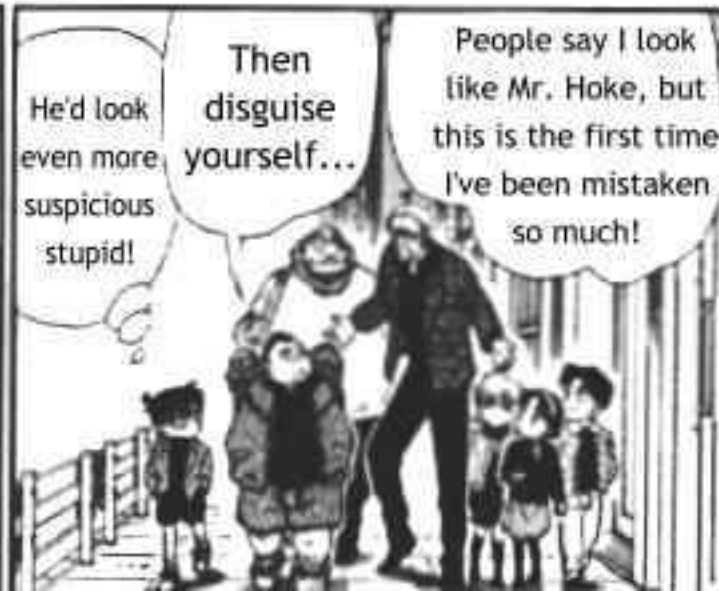

You kids have saved me!!

Thank you very much!

Or hi Y...
And ... the best!

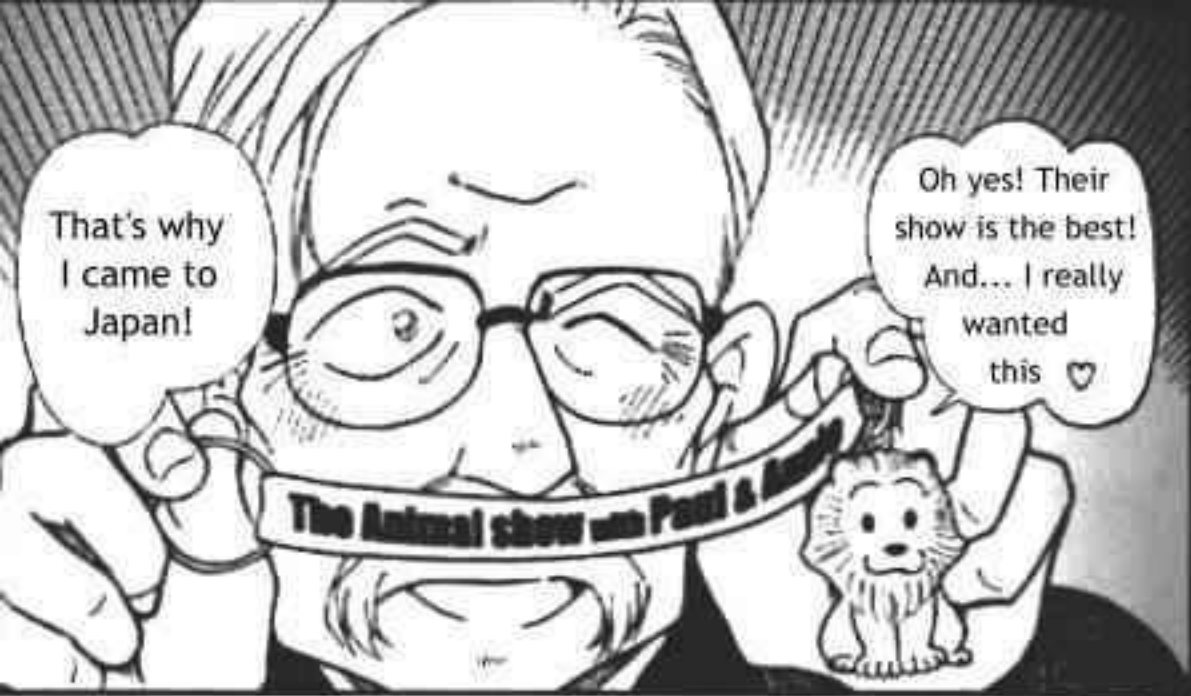

Do you like it that much? The Paul & Annie's Animal Show...

He'd look even more suspicious stupid!

Then disguise yourself...

People say I look like Mr. Hoke, but this is the first time I've been mistaken so much!

That's why
I came to
Japan!

Oh yes! Their
show is the best!
And... I really
wanted
this ♡

The Animal show on Paul & Anne

I see...
It's a
collector's
item...

You can
only buy
it here!

Look on
the back!
It says
"In Japan"
on it!

But that strap's
so famous they're
selling it all around
the world, you
don't have to
come to Japan
for it...

Oh,
I bought
that
too!

I couldn't
meet a friend
I was supposed
to meet
after the
show!

But, that last
happening
was so
unlucky!

His
accent
...

But, Conan, how
did you find out...
That this guy
wasn't Mr. Hoke...

It
was
so
crowded
...

No
...

Have you
seen a
long
haired
man?

That's Queen's English! I thought it was a little strange for a guy whose family were cowboys spoke in a British accent!

You said the word "Can" with a British accent, right?

Well, it's not the reporters' fault that they made a mistake... The way it's hard for foreigners to tell apart Japanese people, Japanese people make mistakes by just skin and hair color..

And if you look really close at the pamphlet, the face is different!

Oh yeah, Mr. Hoke on TV had a real Southern accent ...

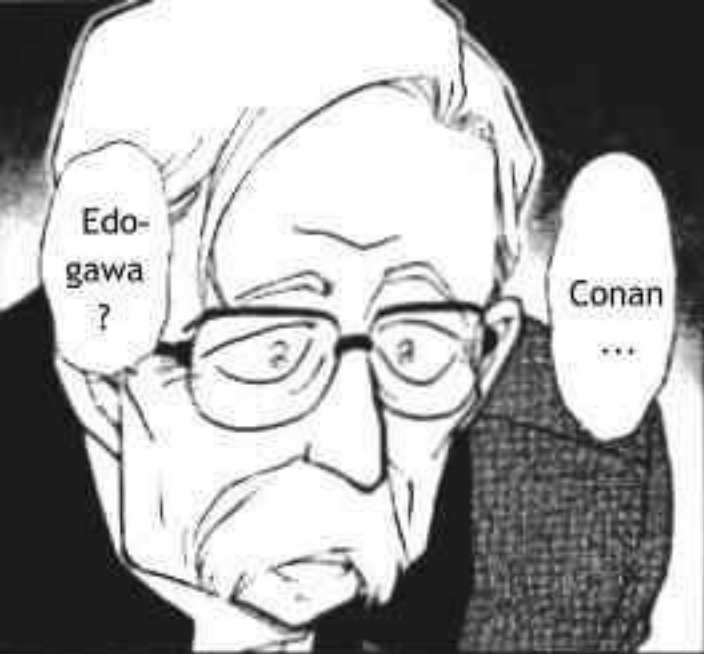

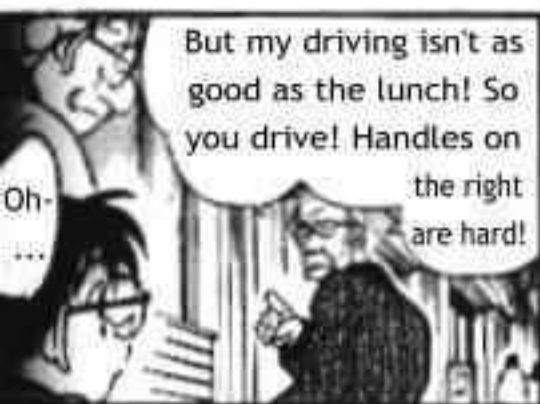

How perceptive of you!

素晴らしい!
見事な推理力だ!!

What's yours?

My name is James Black!

10

We received a notice last week ...

N-O-h!!

This car is stolen...

Yes... I rented it...

We're the police, but, is this your car?

And also your name and the hotel you're staying at...

We want to know where, and how the rental place is...

A-h-h-h...

So would you come to our car there?

We don't like to stand here and talk...

12

Can I tell them I'll be late?

I have some friends waiting!

Oh ...

Get in...

We won't take that much time ...

Get
in...

I
said
get
in!!

What!?
(なに?)

13

Wh-
at?

He
dropped
something
....

I seemed to have cut my finger!

Ouch!

Stop giving us trouble...

Just a strap ...

Humph ...

Shut up... You stupid fancy cowboy ...

Are you two really cops!?

Don't worry we just want a share of your money... That you gave to your cute animals...

N, no! I'm not...

Aye aye!

Ok, go!

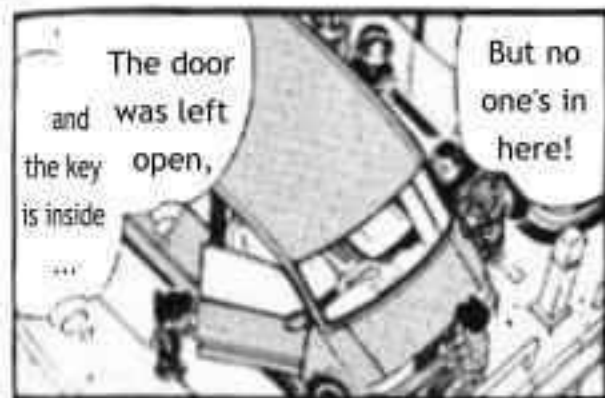

See, there's
a Leon doll
in the
front
seat!

Look, this
must be
Mr. James's
wagon!

The door
and was left
open,
the key
is inside
...

But no
one's in
here!

Huh?

Where?

If it's the
foreigner with
the mustache you're
looking for, he went
with two men
in coats!

16

H, hey
Conan!?

To the
end of
this alley!

Maybe
it's Mr.
James's
...

Oh, the
Leon
strap...

Did
you
find
him?

Huh?

Oh yeah, Mr.
James said
a friend
was waiting
for him
...

...That means
he could have
gotten onto
another
car here...

17

No... He didn't forget...
Mr. James probably
got included in some
crime...

Huh
?

No
-
...

Hey, you don't
think that guy
forgot about us
and went some-
where with his
friend, do you?

He could have been trying to leave a message by doing this, right?

Can't you see the P, &, and A have blood on them?

Look at this strap!

This P & A ...

But what is this?

O, oh no! We have to go to the police ...

Wh-at!?
