File.4 ゴールデンアップル⑤

Golden Apple 5

Oh, no...
G, gun !?
What?
I can't move ...
I ...

B, but ...
He must be the serial killer! (そいつはきっと例の通り魔だ!!)
Hey hurry up! Jump in! (おい！ 何してる早く乗れ!!)
Shinichi is still in this building ...
Shin-ichi ...
Shit! (くそっ!)
No...
Hey ...
Are you Japanese ...?

A Japanese man with long hair dyed silver ...
Eh?
Have you seen a suspicious man?
Um, yes!!
I said, "Are you Japanese" ...?
N, no, I haven't ...

No... I found only a tourist... guess he didn't come into this street...
(いや… いたのは観光客… どうやらこの通りには来てないようだ…)
Did you find him, sir?
(見つかりましたか?)

Come. This area is dangerous...
He couldn't have gone without catching her...
(こんな獲物を逃すわけないからな…)
The gunfight against us excited the beast...
(我々と一戦交えて興奮したあの野獣が…)

ゴロ ゴロ
Then I'll say this once again to you and your friend...
He's a high school student of my age...
I'm B, but waiting for a friend ...
You can get to the main street if you turn right at that corner... I suggest you get a cab from there...
From this area, now!!
Get lost!!
He's somewhere close by...
Oh no... The serial killer...
Can we leave her alone?
(でも大丈夫ですか？ 彼女を放っといて…)
Hey ...
Sh, Shinichi...
I have to tell Shinichi! We have to get out of here...
No problem... Every crossing to this street is secured already...
(問題はない…この通りの出入り口は、すでに固めてあるからな…)

Huh?
Ah!
I think I saw...
some-thing red around here...
Blood!?
Shin-ichi!!
Sh...
Some-thing must have happened to him...
Could it be Shinichi's!?

Shinichi came in here because you lost your handkerchief!
C'mon Ran! Pull yourself together!
I'm feeling sick again...
No...
Uh-oh...
It's... It's all my fault...
Yes...
Oh, someone's coming down...
My fault...
All...
Shin-ichi?
Sh..

Silver hair!?
S...
Blood !?
GET OUT OF HERE, RAN!!

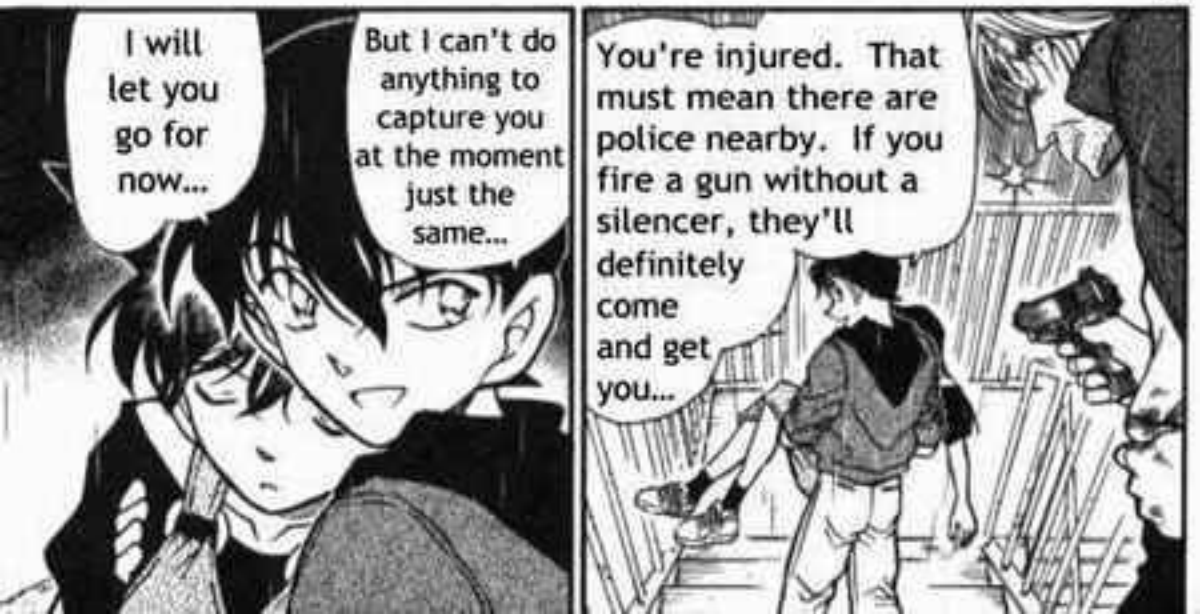
I managed to hide myself in here but damn it, the kid caught me...
Hehehe... There, now you know who I am... girl...
THAT'S THE SERIAL KILLER!!
Yes, so-called god Himself...
Well, if you must, resent the one who prepared such ending for you...

HURRY! HOLD ONTO MY ARM!!
WHAT ARE YOU DOING !?
10
Geez... you really are some trouble ...
I can't... the rain is.....
Come on...
Sh, Shinichi ...

Huh?
Eh?
WHY!?
Why did you save me?
W, why...?
Humph!

Huh?
Is a reason necessary?
as far as helping a person is conce-rned,
for a person killing a person but...
I wouldn't know the motives
why should there be a logical mind?

I am so...
I couldn't realize it myself...
You are right...
Yes...
H, hey! Ran!?
Don't bother...



I will let you go for now...
But I can't do anything to capture you at the moment just the same...
You're injured. That must mean there are police nearby. If you fire a gun without a silencer, they'll definitely come and get you...

I will prove your cumulated crimes and evil deeds with all evidences necessary.
Trust me, I will definitely put you in jail for good!
However, I won't show any mercy if I ever see you again...

HH!

For some reason the killer had committed a suicide when the police got there...
Shinichi reported the police about him...

The serial killer was found ...
That's right... Did you see it on the TV news?

all the incidents from yesterday...
Only, it seems she had forgotten
Yep. Ran is feeling fine now!
She had fever last night but recovered after good sleep...
Anyways, could you deliver my message to Ran?
I didn't think it was a murder though...
Yes... I can always sense that kind of things ...
Hey, Sharon? Didn't you somehow know Rose was going to do something after you left?
After all there was an angel for me too.
That she was right...,

I told you, I'm fine!
Hold still... I'll check your temperature...
I'm fine!
Hey... Are you still having cold?
.....
You could say that...
Oh? Did something good happen?

Huh?

You should take both Karate and study easy...
The doc said the fever was due to excessive fatigue...

Oh good! You're awake!
The doctor was right! Her temperature has gone back to normal!
Eh?
Eh?

He burnt up a police car to get you here!
Don't forget to thank Detective Yokomizo later!

Uh-oh...
Helping a person and a logical mind or something like that...

What?
By the way, you were delirious from fever...you said some nonsense in your sleep...

What's that?
My important words! Please don't say them in your husky voice!!
What?
N, no!! They are my...
Good night, Ran-neechan!
Well, we'll come tomorrow to pick you up. You rest well here at the hospital tonight!
17
It was from that time...
From that moment on I really...
I totally forgot...
Wow ...

How stupid of me to forget such an important thing... The bad memory must have locked away the good memory as well... I met so many people, and so many things happened...
Shinichi became so...
Who is he?
Yes... That man in black knitted hat is one of them...

FBI
FBI?
