W
.....

What's
that
!?

What
.....

is that !?

What! You don't
know what that
is?

That's a
ghost!
Ha ha...

The soul
of gal's
spirit...

who committed suicide at the park!!

ガッ

Eh?

It's...

disappeared

Of course, it's the real ghost.

Maybe she already enters here...

What!?

Gosh! it's not a ghost for sure!! Someone pretend to be a ghost, climb up to the second floor & put his head at the window.

Back off!

Let me prove it!!

AH?

No one could climb up here because the windows have no any terrace & nothing there for helping to climb up

Y... Yeah true

because at the window's edge, I see the shadow is flaring up all the time. Plus it starts to disappear before he opened the window.

Like the demon becomes a mist when it meets the sunshine, right?

I..It can't be a human shadow. I guess

Eh?

Previously I saw that, at the same window....

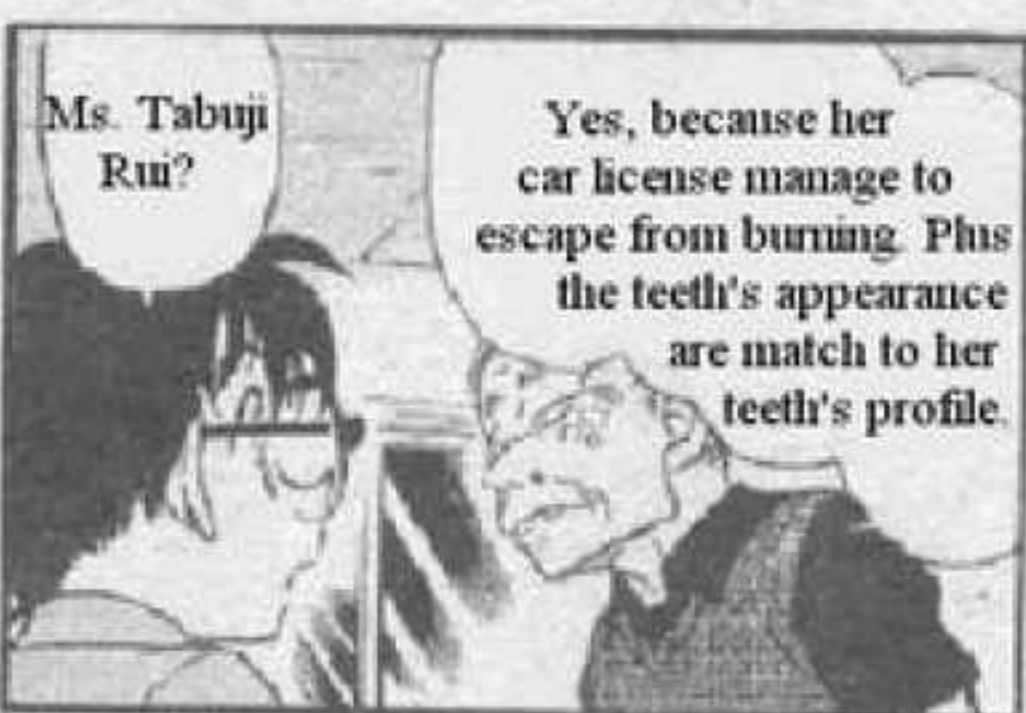

Corpse looks pathetic.

yawn

Not surprisingly that she becomes a mist.

That's because it suppose to be the spirit of Ms. Tabuji Rui who has been murdered and got burnt four years ago.

Ms. Tabuji Rui?

Yes, because her car license manage to escape from burning. Plus the teeth's appearance are match to her teeth's profile.

I guess that she wouldn't reincarnate as long as that two guys didn't get arrested.

Two guys?

Are there any eyewitness?

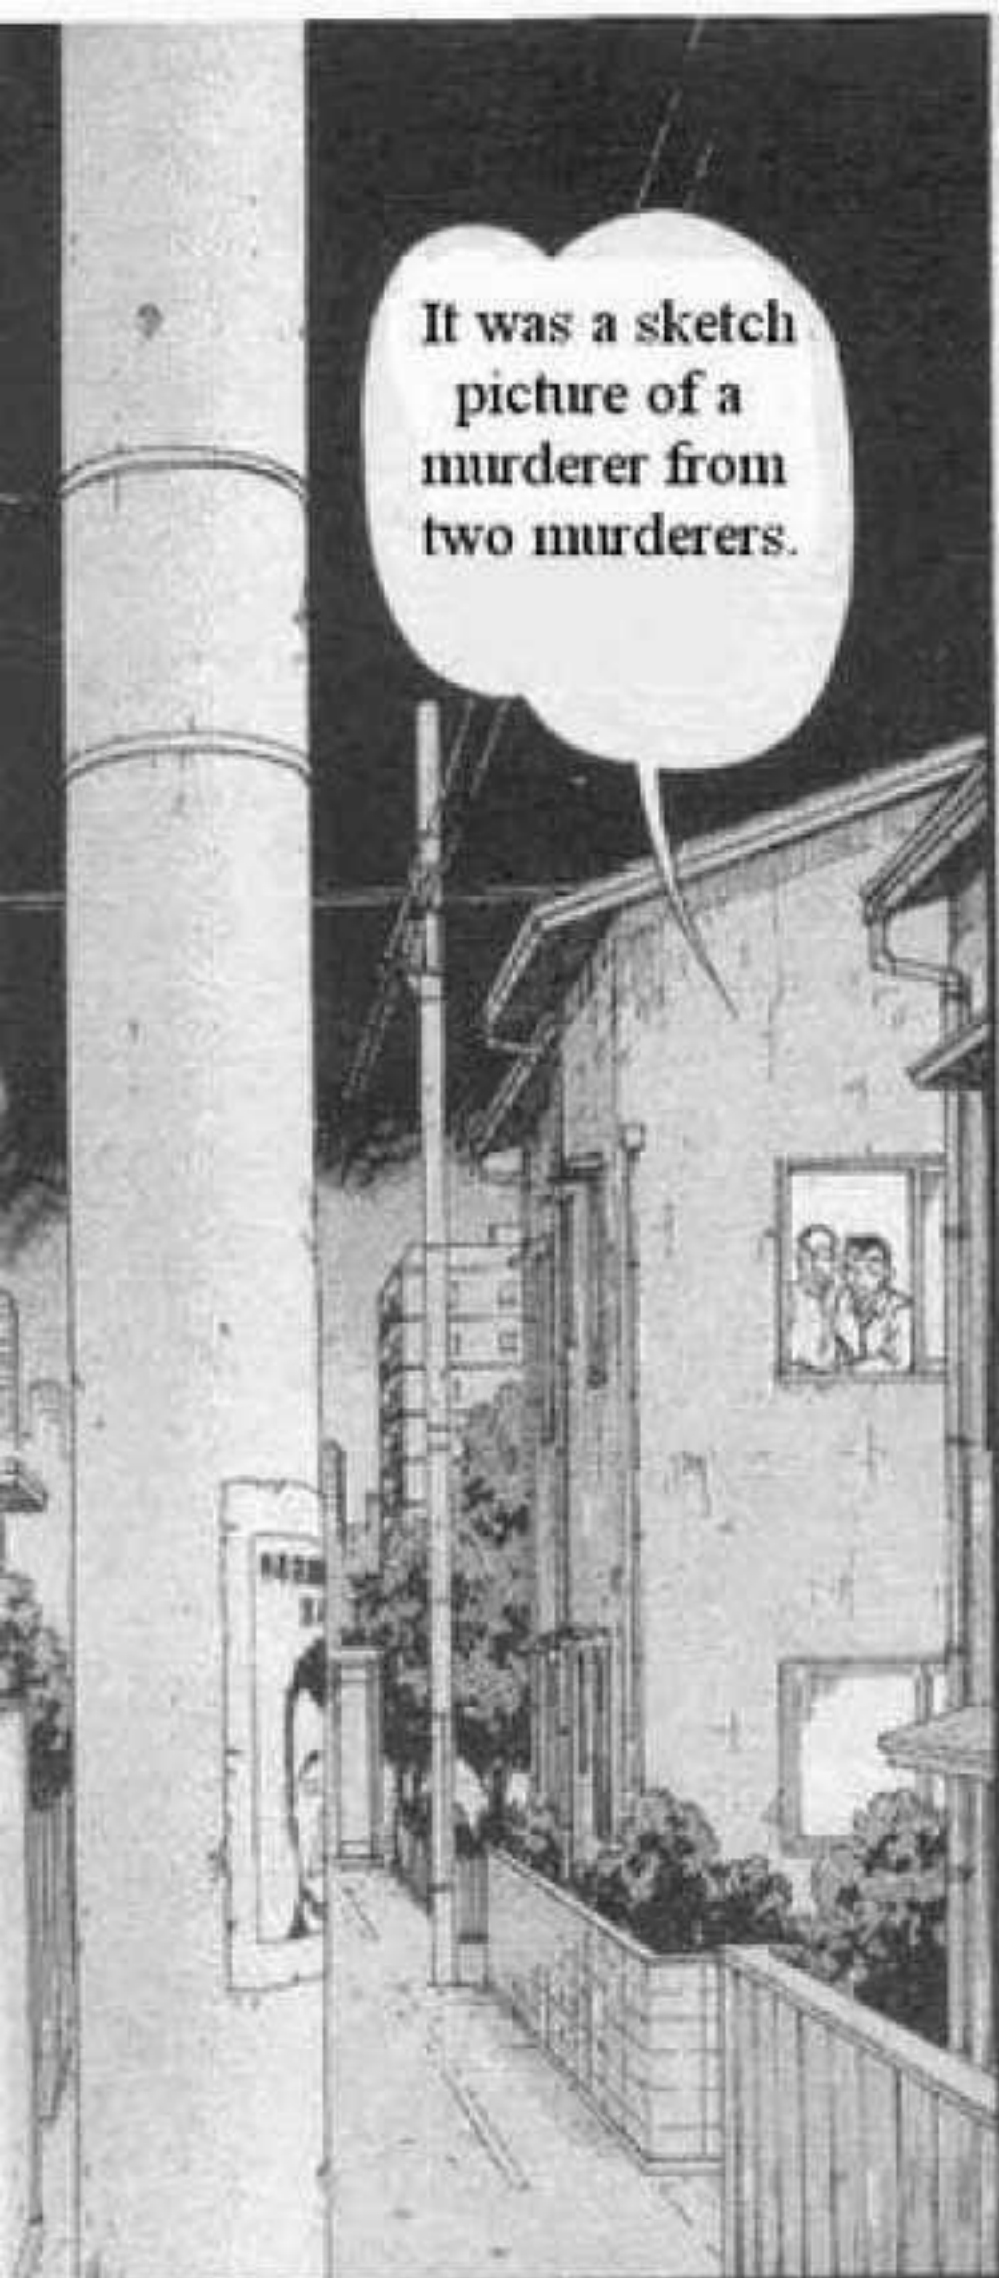

Yes... someone coincidentally walked pass the park at midnight.

He saw two guys were staring at burnt corpse.

Did you see wanted notice at that electric pillar?

It was a sketch picture of a murderer from two murderers.

A guy who looks like yagusa. He has a big scar on his cheek.

Another guy who also there can't be sketch because his face was unclear.

Only this grandpa who has been staying in this apartment before this incident occurred.

Ho!

!!

Does it appear again!?

I..insect is perching on your sleeve, Dad!

Eh?

Ah...moth! This area has lots of moth in the night-time.

They live around the park where an incident happened.

Plus that garden is in front of apartment. So they like to fly over here.

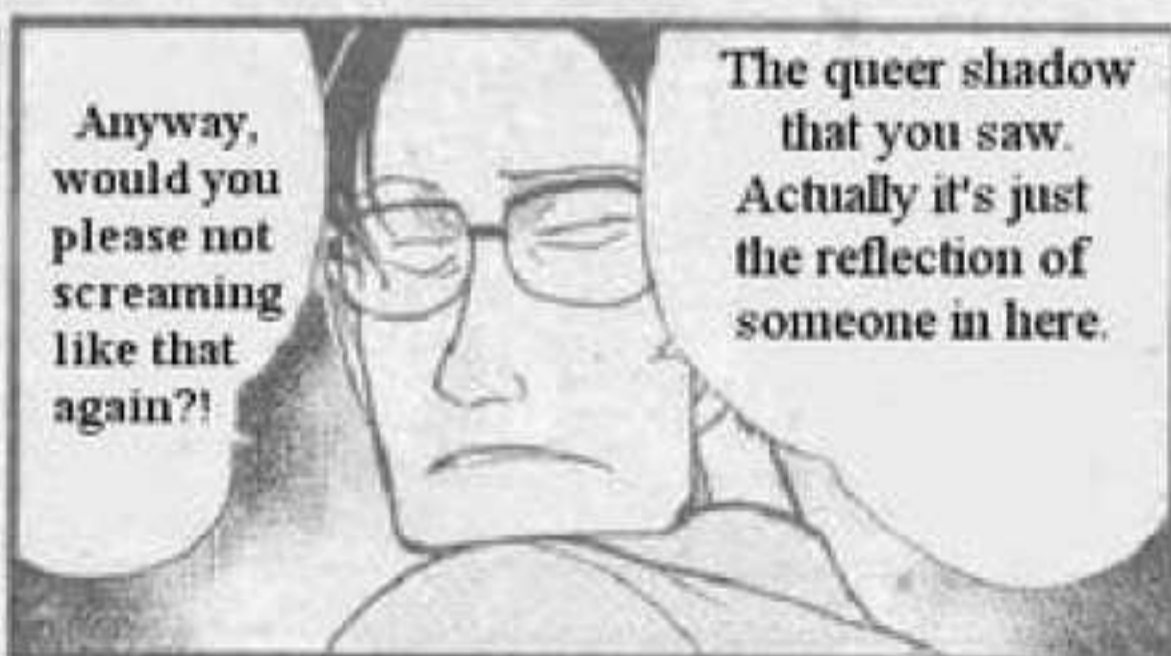

Oh my goodness!

Just only moth. You scream like hell!!!

You spoil all the gloomy atmosphere.

Yeah? But I think her scream creates more mood.

Anyway, would you please not screaming like that again?!

The queer shadow that you saw. Actually it's just the reflection of someone in here.

That's the real one, you fool!

Yeah Yeah!

Dad I told you that it's no use to stay here!

We better go now!

Hey Conan-kun stop lingering around.

What are you doing here !?

Does water in the flush is really red blood coloured?

Yeah... It's not pea's colour for sure.

It could be rust's colour from the pipe which mixed with water in the flush.

huh?

Weird... it was very strong or smell than it is now.

It might evaporate now because we leave the door open for a long time, right?

I think so

huh?

This is alcohol smell

Hey! Stop messing around!

Well I want to collect the detail thoroughly so I can share the story with my friend at the school

that the great detective Mouri Kogoro also scared of ghost to dead!!

The queer shadow at the window maybe just the shadow!

And blood coloured water in the flush just only rust in water

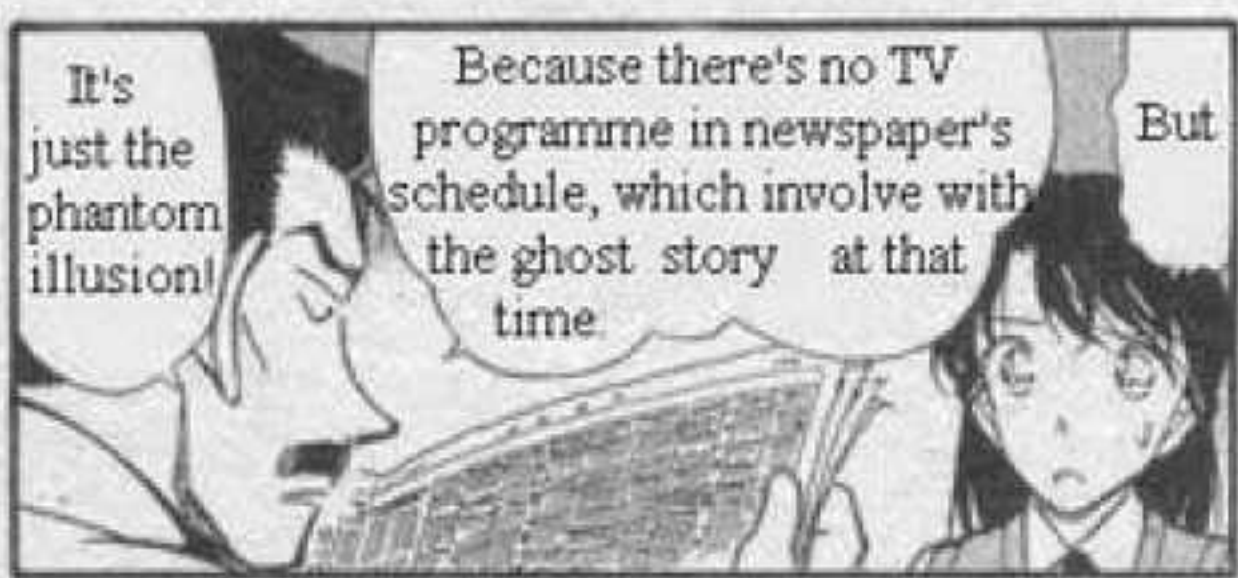

So I can conclude that, due to the spooky surrounding causes us see the phantom illusion

What about the woman that I saw on TV?

I really see her in TV!

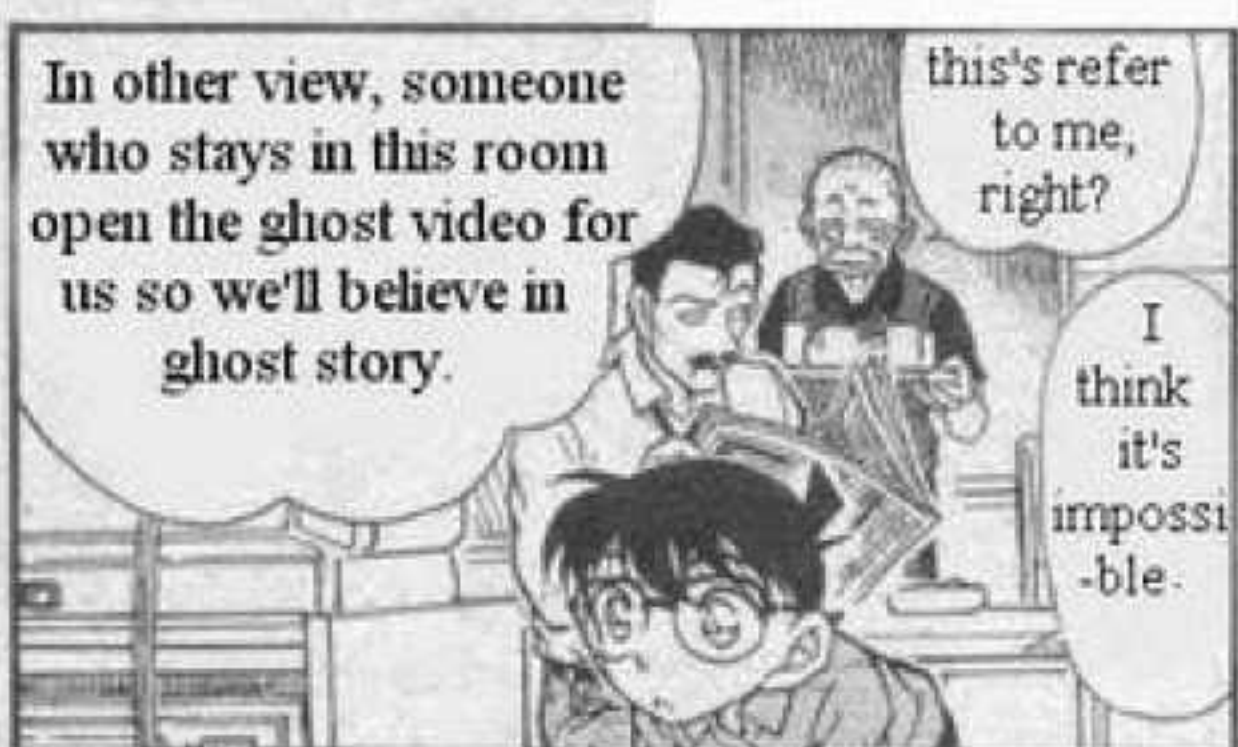

The woman who has fire burnt scar screamingly say "Get out from here".

It's just the phantom illusion!

Because there's no TV programme in newspaper's schedule, which involve with the ghost story at that time

But

In other view, someone who stays in this room open the ghost video for us so we'll believe in ghost story.

this's refer to me, right?

I think it's impossible.

At that time, there was no video tape inside the video player...

But I don't understand why we were all asleep like that.

Or would it be cursed?

Outside
Air
Condi-
tioner.

Outside
Air
Condi-
tioner.

Around
here have
high
fences
.....

The
opposite
window is
unfinished
building

What are you
looking for?
That insect'd
here again if
you leave
window open

Well.. I want to
explore that building
to see which part
that grandpa used
to see the soul of
spirit.

In that
dark area
around
center of
that
building

It was red
fire ball
wandering
around

Sometimes
it was blue
light..

If you think I'm
lied, you could ask
Mr. Yosuya, room
no. 2's owner or
Mr. Bunjo, room
no.4's owner to
ensure about
that.

They used to
tell me that they
also saw the
soul of spirit..

Yes I used to see... both red and blue.

When I sat in my senior's room.

Senior?

See!

Room no. 6, above my room, used to be my senior's room.

After that day, my senior was scared of ghost until he couldn't sleep.

and he moved out eventually.

I'm also excited until couldn't sleep!

Yeah?

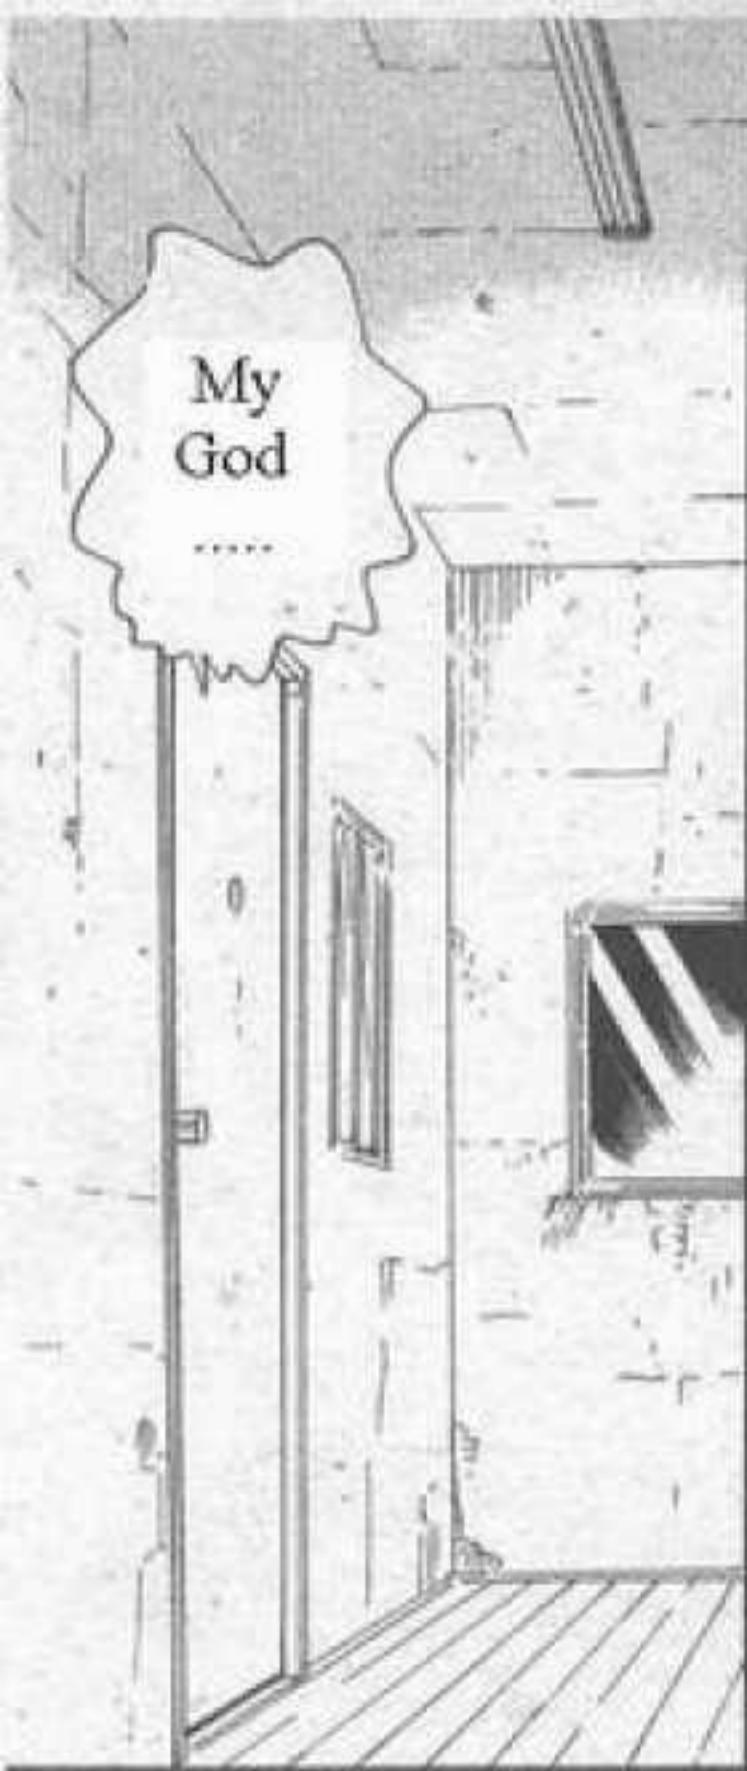

Is this 8 mm movie project -or?

Yup...I'll use it to edit the film.

Your room is extremely horrified...maga-zines,vdos, poster are all horrified stories.

Yeah...just stay here is nightmare enough.

This room will not horrified if you compare with Mr. Bunjo's room, no.4.

My God
.....

This room is really scary.

It has only ghost dolls and monsters.

This is only part of its scary.

Turn off light like this.

Jesus Christ!

M... Model
.....

glowing various colours in the dark!!

That's because of blacklight !

Blacklight's light react with special glowing substance, which paint to these models, in order to make glowing reaction like neons.

Hey! You're so clever.

Uncle, the toy's shopkeeper used to teach me!

I heard that you used to see the ghost too, right?

Yeah I used to, however, I saw it only from this window. Not on that building.

This window is set diagonally to the window where we saw the queer shadow.

Hey kid! You better close that window now.

Do it for your sister's sake.

Eh?

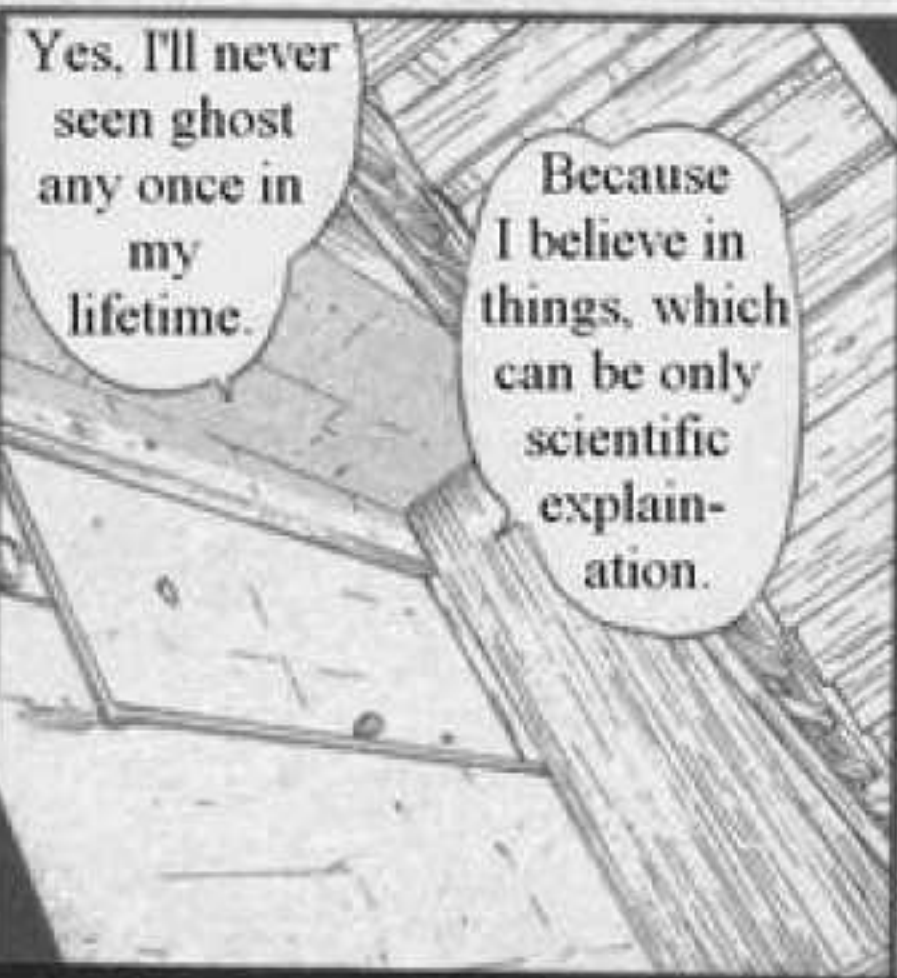

Because couple of moths entering here already.

oh No!!

Only that stubborn master degree student who never believes about the ghost!

That Mr. Botan, room no. I's owner.

Yes, I'll never seen ghost any once in my lifetime.

Because I believe in things, which can be only scientific explanation.

And what I hate is.

That stupid unfinished building...

How come?

Have a look!
That building
block the light
so the light
rarely enters
here!!

Y...
Yeah
true.

Mr. Otonashi's room
which diagonally
above is better
because he has front
window too.

Why
don't you
move
out?

Well the rental fee
is cheap. Plus my
Grandma said that the
setting for this
location is
fortunate.

*Is this what
you call
"believe in
everything
which can be
explain by
science?"*

I don't
get
it

It's true that
the reasons
cause water's
flush becomes
blood
coloured.

And the
phantom illusion,
which seen
by Ran can be
scientifically
explained

But not the
soul of spirit
and that queer
shadow at
the window

That queer
shadow is not
someone's reflection
for sure.
But it is...

Excuse me,
Can I
smoke
here?

Sure
as you
like.

Eh?

WING

Oh
I
see
.....

now
I
know
.....

why the
murderer
afraid that
the secret
will divulge
.....

So he
uses the
ghost
to
misdirec-
-tion.

The important
evidence of
kill and burn's
case
.....

which
occured
4 years
ago!!!
