He hit it! Left!

Safe.....

Out!!

Ou...

What a great catch!

That's right ...

Yeah ...

That Nagashima Sigeo is really good!

Wow ~!

Before that uncle with the white hat activates the bomb hidden in god knows where and blow this place up...

We must go to the location the code 47[3]4 is pointing to before this 2nd half of round 6 ends!

Anyway, let's solve the code first!

No, we've already got half of it!

But this time the numbers are really confusing...

So in 47[3]4, the number 3 refers to the player number while 4 refers to the 4th row, right?

96 refers to the distance from the base to the end of the field, 7 refers to the player's number hinting at the left side of the game, 13 refers to a seat in the 13th row!

Because when we tried to figure out the first code during the great catch, we solved the code 96[7]13 and found the 1st cell phone!

What?

But Heiji ...

In high school baseball, number 3 refers to the 1st baseman, right?

It should be somewhere near the 1st base...

The 47 in front must be the hint...

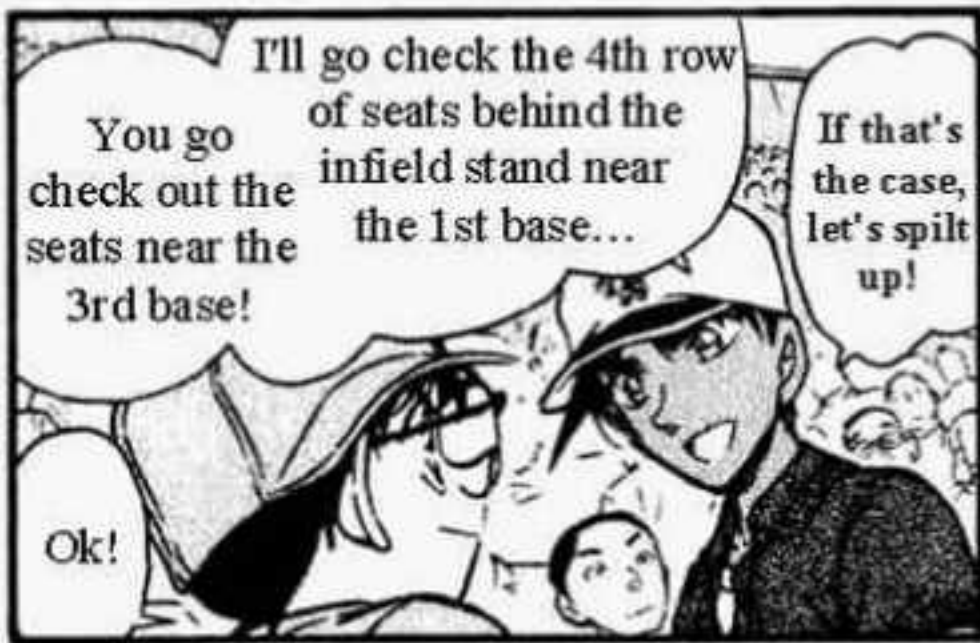

But... Which 4th row? There are many of them all around the stadium...

He's number 3!

Kohnan High's Nagashima Sigeo ...

You go check out the seats near the 3rd base!

I'll go check the 4th row of seats behind the infield stand near the 1st base...

If that's the case, let's split up!

Ok!

But if that man designed the code to fit this game ...

Ah! That guy's special, don't mind him!

Officer Otaki, please wait at the map of the stadium for us to finish checking the seats.

What about me?

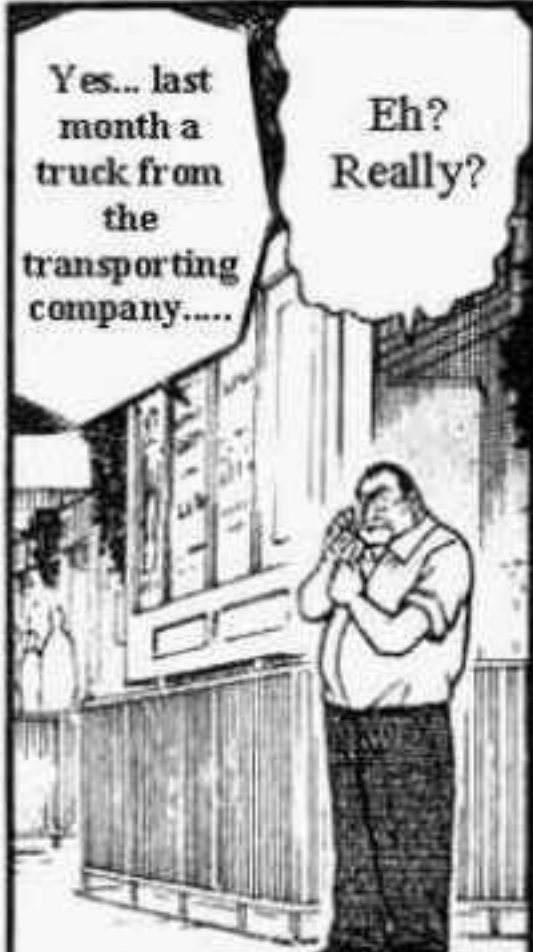

... earned someone's grudge recently...

To check if that Takano Transport company, which was on fire by the bomb of that man with a cap...

If that's the case, I'll ask the seniors in Hyogo Police Department about this.

That's the centre of the entrances of seats between the 1st base and the 3rd base, so whoever gets the phone first, we could easily meet there....

Huh?

오오오

오오오

타양

12 3

0000 0000

In the 2nd half of the 4th round Kohnan High's main player scored 1 point with his great hit!

Home... Home run!

Ah! This hit is the same as usual, what a powerful hit!

If we can't find it...

Argh~! Now is not the time to watch the race!

Met ...

471314

Furthermore, he's not using a metal bat, but a wooden one, that's what makes it shocking!

... Metal ...?

Nope... I searched the entire 4th row but I couldn't find it...

How about you?

So? Did you find it?

Ah! Kudo?

Round 6, 2nd half, Kohnan High's attack...

Yeah?

Hattori ...

Same here! If we can't figure out what the number 47 means....

Rings

Rings

Look! You should be able to see it! That big roof on top of the back net, that's the silver umbrella!

Eh? There is such a thing?

If you're talking about silver, then it must be the silver umbrella!

There's no silver in the stadium, right?

You should know, right? 47 is silver's...

Huh? What are you talking about?

That's it! The 2nd cell phone is there!

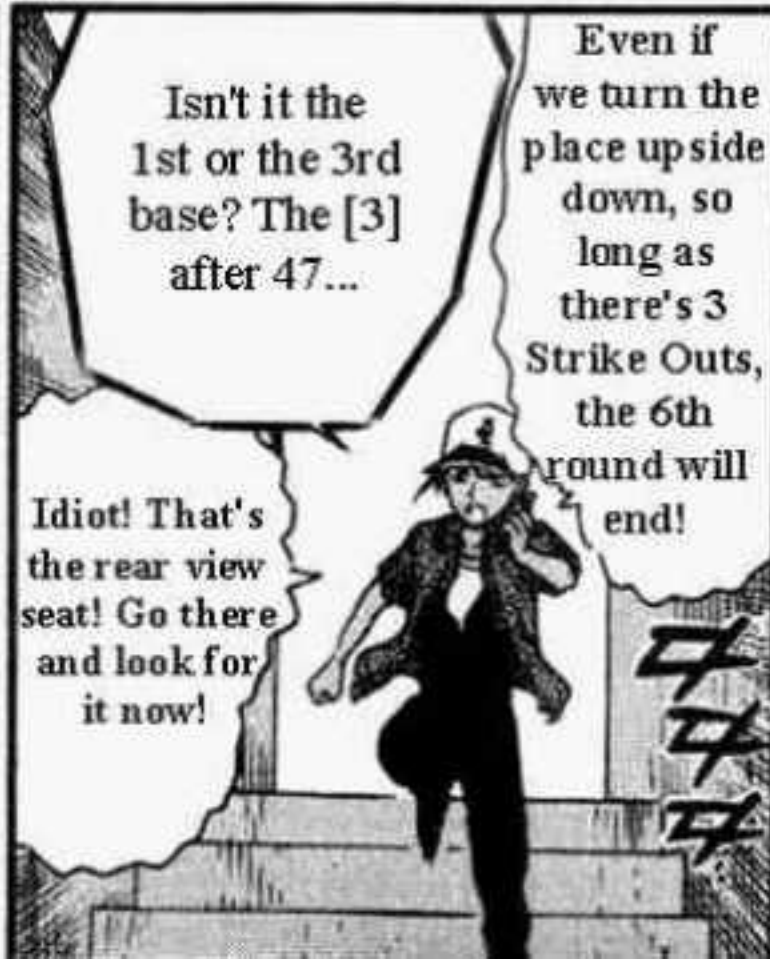

은(Ag)
원소기호
47

Yes! It's silver's atomic number!

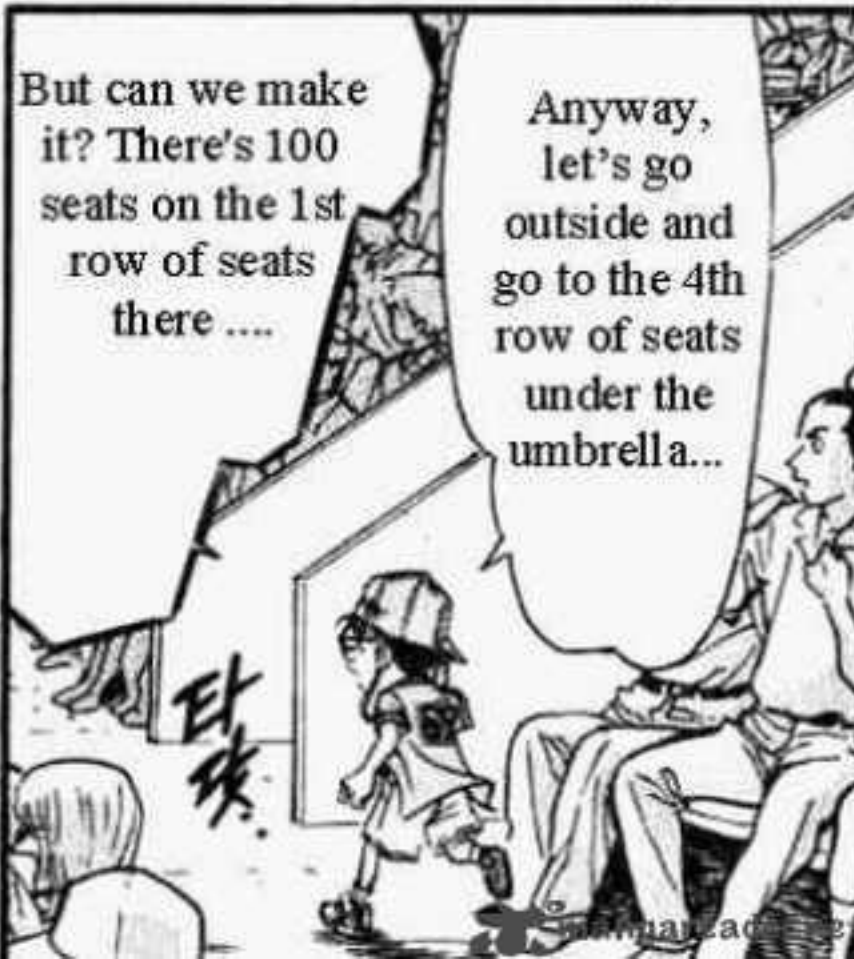

There's got to be some other meaning! He must be hinting at the player number 3 under the silver umbrella!

Isn't it the 1st or the 3rd base? The [3] after 47...

Idiot! That's the rear view seat! Go there and look for it now!

Even if we turn the place upside down, so long as there's 3 Strike Outs, the 6th round will end!

But can we make it? There's 100 seats on the 1st row of seats there

Anyway, let's go outside and go to the 4th row of seats under the umbrella...

There's another meaning to the player number 3!

What?

Got it! Kudo!

And the 3 inside the brackets...

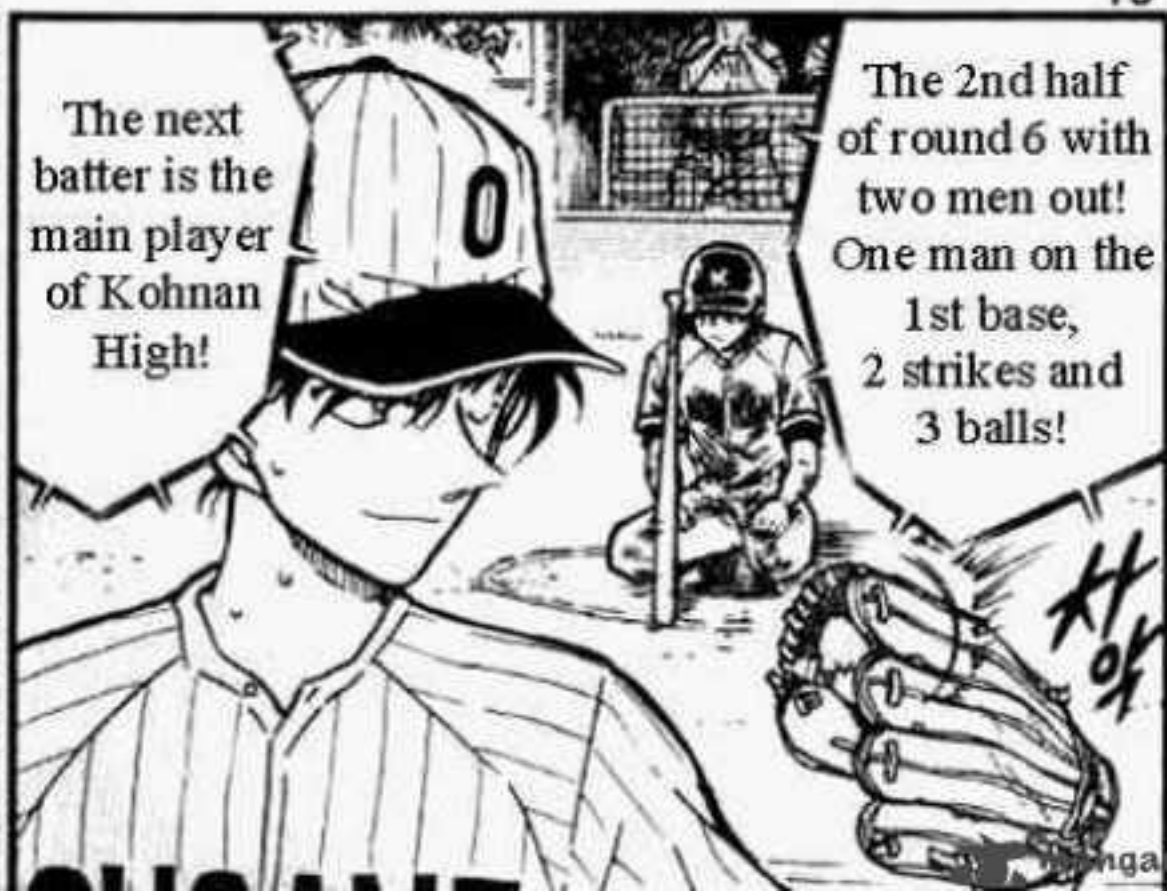

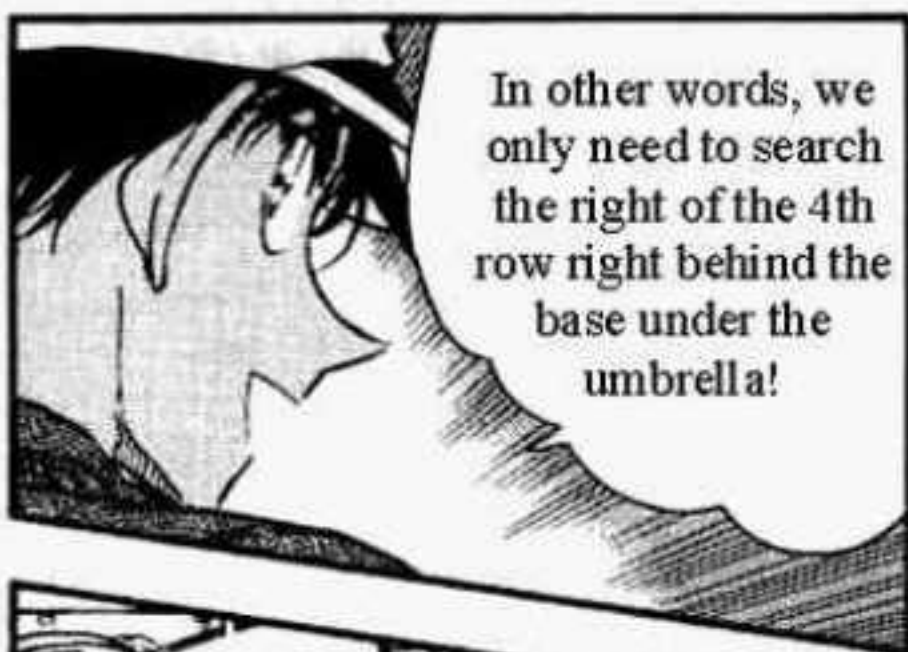

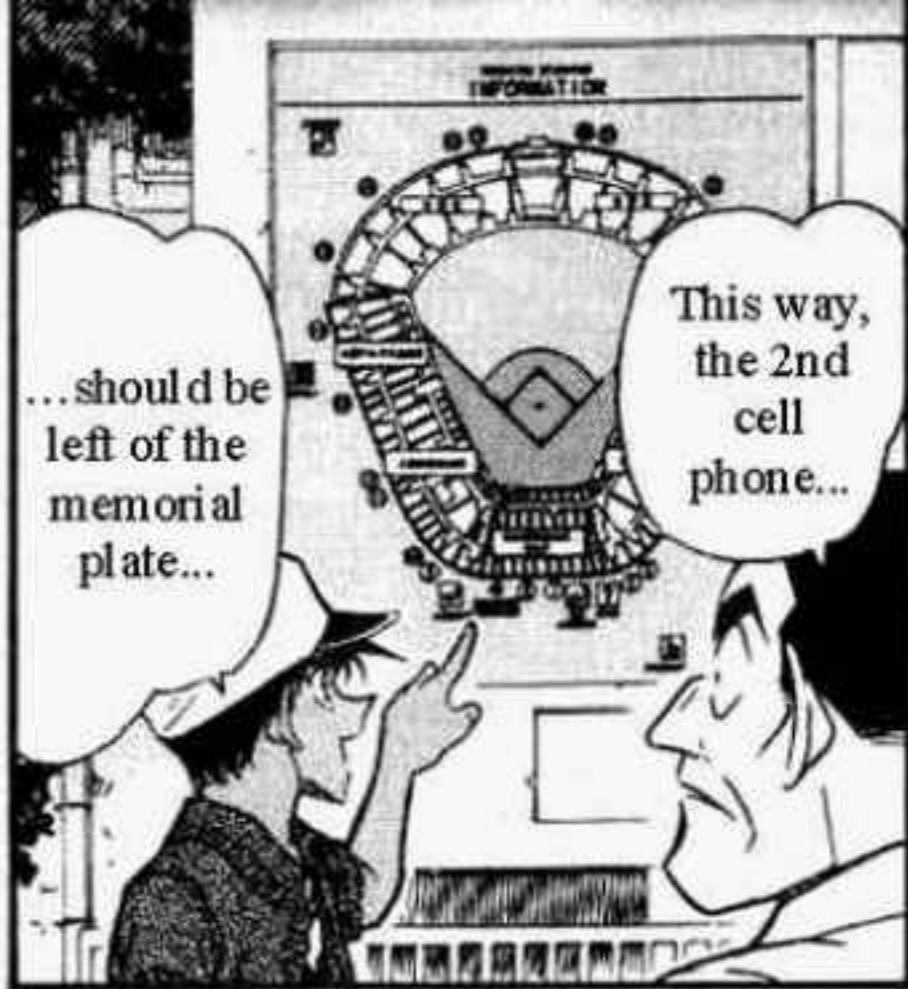

Yeah, erm... the 1st number 47 refers to the silver umbrella...

Oh! Heiji! You figured out...
...the meaning of the code?

Officer Otaki!

He hit it! It's out!

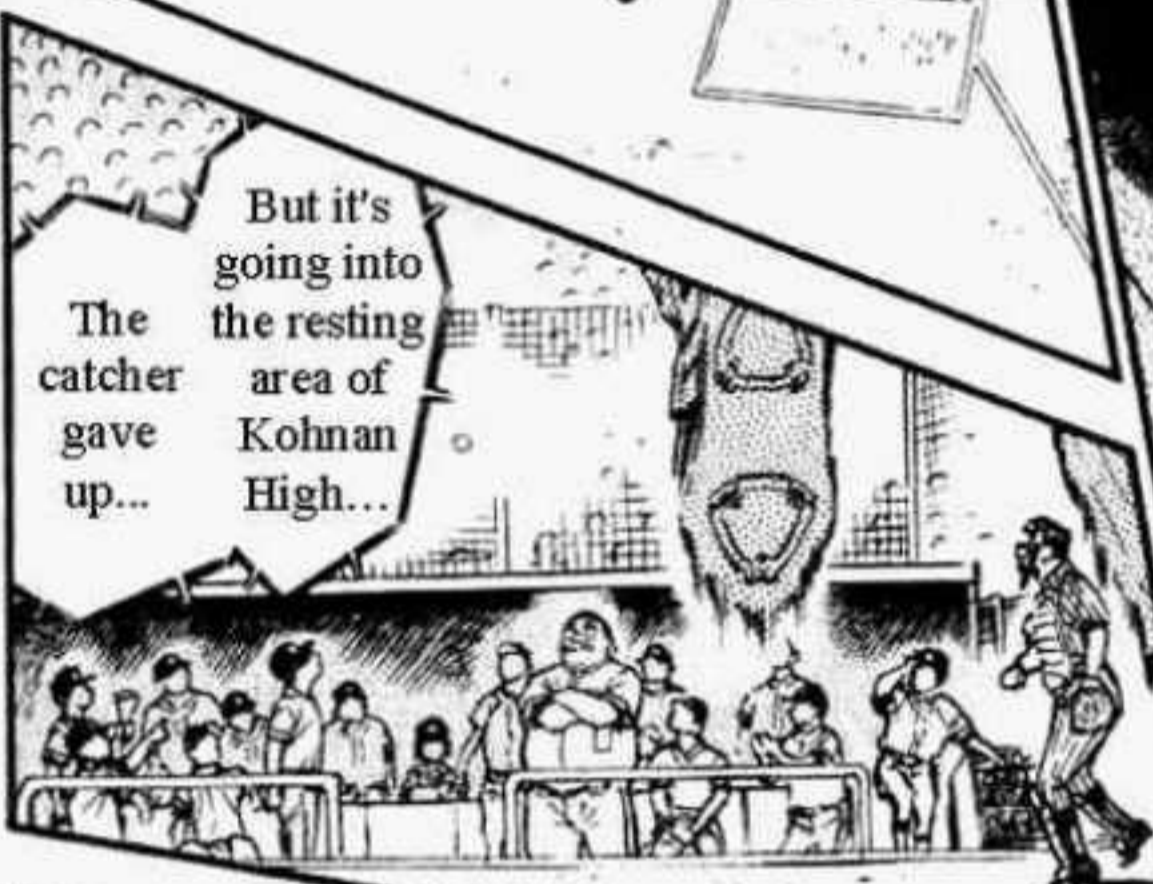

짜앙

He hits!

But it's going into the resting area of Kohnan High...
The catcher gave up...

The thrower rushed there!

Huh?

17

Is he ok...?

3 outs!
Change
sides!

Caught
it!
Caught
it!

Ca...

He's
too
reckless
...

He...
He's
good...

Eh?

I guess
boys are
all like
that...

All
worthless
things
should be
reduced to
zero...

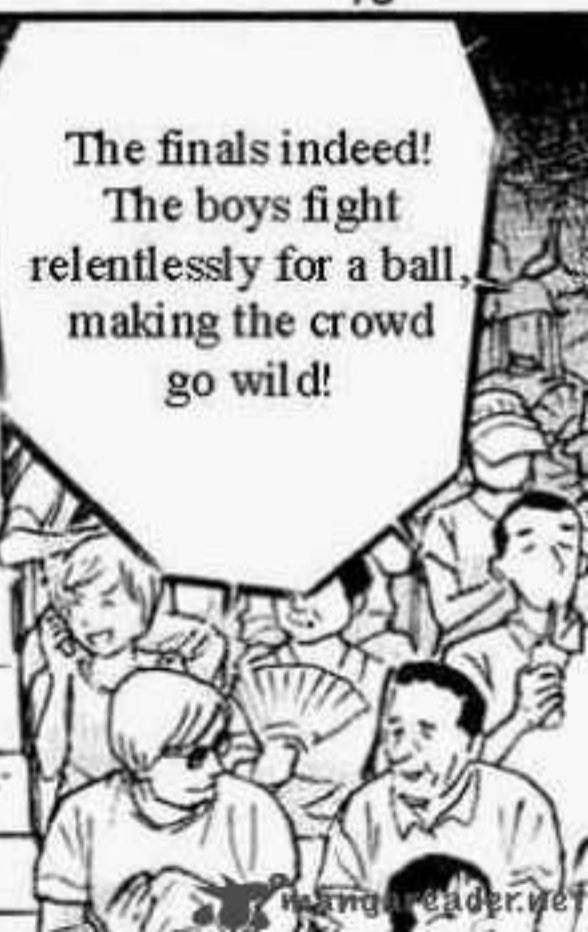

Click!

Humph...
This is not
that kind of
place of
brilliance...
This
is
worth-
less...

ringo

The finals indeed!
The boys fight
relentlessly for a ball,
making the crowd
go wild!

What's
the
meaning
of this?

W...
What?!

An
incomplete
clue!?

He's only
telling us
the row
number!
